**PERFECTION TIRE!**

With the market turned upward and this issue steadily advanced from a "low" of 90 cents to present bid \$1.50, asked \$1.62, it would be advisable for clients who sold Perfection to consider this situation.

There is diversified opinion on the outlook of the tire industry but Perfection is admittedly underpriced and a much enhanced market may occur before another recession.

Is Perfection groomed to continue upward or does the present market warrant "short" selling?  
We are fully equipped to handle your orders either way and we offer you careful executions and prompt confirmations.
