If Johnson's Anodyne Liniment is half as valuable as people say it is, no family should be without it. Certainly no person, be he hawyer, doctor, minister, or a journey without it. No Sailor, disherm on, or woodsman should be without it. In fact, it is needed, wherever there is an ache. Sprain; out, bruise, cough or cold.

Francis and "Horse Men" are con-tinually inquiring wint we know of the utility of Sheridan's Cacalry Condition Ponders, and in reply, we would say, through the columns of the Meacury, that we heard from hundreds who have used them with gratifying results, that is also our experience.

ANOTHER CASE OF BRONGHTIS UTREE.—
Bridgewater, N. S., March 2nd, 1869.
Mr. James I. Fellows. Dear Sir.—While in Windsor on a visit in December last, I fell in with an old friend—Capt. H. Coffill—and finding him looking so hearty and robust, was led to enquire what had produced the great change, for when I last saw him two years previous he was a mre skeleton. He informed me that your valuable Syrap of Hypophosphites had effected a perfect cure. He persuaded me to try the Syrap for Bronchitis, from which I had suffered much during several years. I purchased one dozen of this Syrap, and have used only three bottles, and my health is now better than it has been years. Not requiring the bottles, and myhealth is now bottler than it has been years. Not requiring the balance of the dozen, I sold it to different parties, and there is a general domain for it from all parts. Respectfully yours, W. J. Nelson. Capt. H. Collill is the person who was circle of Consumption in 1856 by Fellows' Compound Syrup of Hypophosphites, whose letter was published some time ago.
