LONDON, March 9 .- In the north and south the Russians are now es-tablishing an ascendancy. They have driven the right wing of Eschhorn's army, which recently attempted to cross the Niemen above Grodno, back towards the wide marshy clearing outside the Augustowo forest, never outside the Augustowo forest, never permitting the German rearguard to halt. The Russian advance here reaches a remarkable pace, consider-ing the miserable condition of the ground. to distract attention from them takes the end of his northeastern campaign by directing sharp infantry attacks on the six-mile front above the left bank of the Pilica, in the direction of the Rawa road. The sharp hattle in this district of Central Poland has now lasted three days. It evidently aims at preventing the Russian outer line in the region southwest of Warsaw from sparing forees to go elsewhere. From our indications the Germans fear a new strong offensive on the Nieda and Dunajec rivers against the armies protecting Cracow. The German staff is still striving to avert the final collapse of the Aus-trian campaign. It has sent a fresh batch of new German conscripts, mostly aged about 18, into northern Hungary. MONTREAL LIVE STOCK. MONTREAL, March 8.—At the Mon-treal stock yards, west end market, in sympathy with the Toronto prices, coup-led with the continued small supplies coming forward of late, the tone of the market was stronger today and prices show an advance of late to 25c per cwt.
