It is as Easy to Love

Your neighbor as yourself when your neighbor is a pretty girl. It is just as easy to cure yourself of Catarrh, Bronchitis or Asthma, as you use Catarrhoxone, the new medicated air treatment for all diseases of the nasal and respiratory passages caused by germ life. Catarrhoxone cures by inhalation without danger or risk to the sufferer. It goes wherever air can go and never fails to reach the affected parts. This is why it excels treatments requiring the use of sprays, douches, powders, etc., which cannot reach the seat of the disease and are therefore useless. SALVATIONISTS WED.

The Salvation Army Barracks last evening was the scene of a happy event—an "old time" Salvationist wedding. The groom was Capt. Dowell, of Blenheim, and the bride, Capt. Clark, of London. Major Southall tied the nuptial knot. Miss Southall was bridesmaid and Capt. Smith groomsmen. The wedding breakfast following was attended by a large number of people, including immediate friends of the happy couple. Capt. and Mrs. Dowell will be stationed at Blenheim. Both came recently from Newfoundland, and Capt. Clark, during her eight months' stay here, has made many friends.

HELD IN HIGH ESTEEM.

The employees of the G. T. R. southern division and the Buffalo division of the Wabash have purchased a sterling silver cabinet, costing \$500, and will present it to Mr. Jones, superintendent of the middle division of the G. T. R., and formerly of the southern division. The cabinet is a magnificent one, and contains knives, forks, spoons, etc. On the top of the case is the following inscription: "From the employees of the southern division of the G. T. R., and the Buffalo division of the Wabash, to Geo. C. Jones, upon his advancement to the superintendency of the southern division of the G. T. R." There are 149 pieces of solid silver in the set.

THE PARIS WORLD'S FAIR.

Mr. J. G. Jardine, one of the Canadian commissioners, is again in the city today. He states that out of the more than 500 exhibitors not one of them has even hinted at a boycott because of Dreyfus. He is here to invite the Bennett Publishing Company to prepare the school furnishings exhibit, especially for the educational group at Paris. This company and the Strathroy Furniture Industry will occupy prominent positions also in the furniture group. The McCarty London Machine and Tool, Carling and Labatt companies are all expected at the Paris Exposition.

A QUESTION OF RESPONSIBILITY

Has Long Delayed the Work of "Filling In" at the Cove.

Harding & Leathorne Object to Other Contractors Doing the Work—Sewer Committee Disposed to Give the Lowest Tenderer the Contract.

The sewer committee last evening instructed Chairman McPhillips and Engineer Graydon to consult the city solicitor regarding tenders for covering the sewer pipe at the cove. Messrs. Harding & Leathorne are the contractors for section "B," and in the spring were asked their price for "filling in" at the cove—work not in the original specifications. A figure of \$46 was given and the committee thought it too high. Recently tenders were called, and the following received: McMurray, Pratt & Walsh, \$72; M. Cox, \$77; Harding & Leathorne, \$90; C. Barritt, \$1,059. Some of the work was done by Harding & Leathorne since spring, and they were paid for it, so that their present figure was practically the same as the former one. They have intimated that if any other contractor does the work they will not consider themselves responsible for the maintenance and repairs of section "B," and there's the rub.

Contractor Wade urged the committee to pay him the \$400 due for 200 feet of sewer east of Maitland on South street, constructed shortly after the death of his partner, the late Crawford Beckett. He was prepared, he said, to prove that the sewer was not defective.

Mr. Wade was requested to present his claim to the council, so that it might come in the regular way to the committee.

John Hayman & Sons were awarded the contract for building the proposed valve house on Evergreen avenue. Their tender, at \$1,011, was the lowest. The other tenders being: John Nutkins, \$1,155; Moran & Ridge, \$1,160; and Simpson & Murray, \$1,200.

Ald. McPhillips (chairman), Reed, Wilkey, Garratt, Douglass, Carrothers and Parnell, the engineer and secretary were present.

WANTS NO MORE MOSAIC WALKS

A Decided Stand Taken by City Engineer Graydon.

Board of Works Considers Several Important Matters.

Council Will Again Be Asked to Pay Contractor Howie \$500—Breakwater Fund Exhausted—Accounts Go to the Council.

City Engineer Graydon is opposed to mosaic tile walks. He told the board of works last night that he would not advise the laying of any more such walks. The board asked Mr. Graydon to report on the matter to the council, and he will do so Monday night. The situation is an interesting one for the rival contractors. A number of important matters came before the board.

Ex-Ald. Geo. Shaw asked the committee to give instructions that a cement walk, now in front of his property, on Craig street, be not replaced by a new walk advertised, but be laid between Ridout street south and the Wortley road. His present walk would be good for ten or fifteen years, he thought.

It was decided to lay the new walk to meet Mr. Shaw's walk only. Mr. R. K. Cowan, on behalf of the Canadian Packing Company, urged the committee to allow the company to build a sewer to connect their premises with the Dundas street sewer. Mr. Cowan said the company would give a permanent guarantee that in case the connection caused any damage to the system they would make it good.

The question of vital importance for the committee to decide was whether or not the sewage would be injurious, several of the aldermen said, and on motion of Ald. Parnell it was decided to lay the matter over until a report can be obtained by a sub-committee. The sub-committee named was Ald. Douglass, McPhillips and Garratt.

Mr. Cowan stated the company was willing to pay the cost of a six-inch drain, and to put down whatever sized pipe the committee decided upon. The council will again be asked to refund John Labatt and others half the cost of a private drain, and lay a new sewer on Adelaide street, between Dundas and Lorne avenue.

A petition for a mosaic tile walk on Simcoe street, between Maitland and William streets, was discussed. The petition was originally for a cement walk but of this representation of some of the petitioners it was changed. Ald. Reed moved that a cement walk be laid, if satisfactory to the city engineer. Carried.

When questioned by Ald. Parnell, the engineer said he would not advise the laying of any more mosaic tile walks. The engineer's recommendation to this effect will be submitted to the council and Lorne avenue.

Wm. Howie, jun., lumber dealer, again appeared before the committee in connection with his claim for damages through the council's decision not to lay any plank walks after giving him the contract.

A motion reaffirming the former action of the committee in recommending that Mr. Howie be paid \$500 failed. Ald. Parnell and Ald. Wilkey voted nay.

Mr. Howie was asked to submit to the council a statement of his loss to date. He believed it would be about \$900.

City Clerk Kingston called the committee's attention to the fact that the C. P. R. Company had appealed from

WARM HANDS, WARM HEARTS

Charles W. Campbell's Friends Give Him the Mitten.

Farwell Dinner to a Popular Young Londoner Who Goes to Winnipeg.

A farewell dinner was tendered last night to Mr. Charles W. Campbell, the popular young manager of the north end store of Cairncross & Lawrence, druggists. Mr. Campbell leaves tomorrow for Winnipeg to take a position there. The dinner was given at the London House, and there were present about 40 young men, all warm personal friends of Mr. Campbell. Mr. Jared Vining, B.A., presided. On his right sat Mr. Campbell, the guest of honor, and Dr. S. J. Campbell; on his left Dr. Holmes and Mr. R. A. Brown. The table was prettily decorated with palms.

After the menu, which was most elaborate, had been thoroughly discussed, a number of toasts were drunk with enthusiasm and responded to with eloquence and feeling. The toasts to "The Queen" and "Our Country" were responded to by Dr. Charles F. Neu. Then followed the toast to "Our Guest," in connection with which Dr. Holmes read the following address, presented by Mr. Campbell with a handsome pair of Persian lamb gauntlets: "To Charles W. Campbell—Learning at your intended departure from the city, your friends here present wish to avail themselves of the pleasure of

presenting you with this small token of friendship. We do not wish you to estimate our opinion of you according to its value, but merely to accept it as an expression of our sincere regard for one whom we have at all times valued as a warm and true friend, and whom we regret must now leave us. We hope you will remember that in London are not a few who will cherish a fond remembrance of the days when we had your valued companionship, and will ever watch with kindly interest your future progress and prosperity. We all join in wishing you God's blessing in your new sphere, and hope to hear many times that you are attaining all that your well-wishers desire. Believe us, most sincerely yours, The address was signed by R. Albert Brown, S. J. Campbell, Charles A. Bridgman, R. Kirkpatrick, G. A. Bentley, R. S. McPherson and some thirty others.

Mr. Campbell replied gracefully, and as fluently as his surcharged feelings would permit.

Other toasts were responded to as follows: "The Ladies," Dr. Bentley; "Ourselves," S. J. Campbell; "The Learned Professions," Dr. Silk; "Our Next Meeting," R. Kirkpatrick.

Music was furnished by the Harpers, and the toast list was interspersed with songs, dances and instrumental music. Features of the programme were an instrumental duet by Messrs. Elliott and Clarke; violin solo, J. Elliott; jig, by Dr. Bentley and R. McPherson; songs by R. A. Brown, "Nanny Goat Talk" by Ed. Cook, and "Experiences in New York" by Arthur Gunn. The company broke up at 1 a.m., after singing "Auld Lang Syne."

THREE BOYS BURNED TO DEATH.

Evansville, Ind., Sept. 28.—Three boys were burned to death yesterday in a fire which destroyed the dwelling of Michael Wiltze, a wealthy farmer, living near Bucksburg. Mr. and Mrs. Wiltze escaped, but their two sons, aged 8 and 11 years, and John Grieco, a 17-year-old farm hand, perished.

FATAL GAS EXPLOSION.

New York, Sept. 28.—A terrific gas explosion, followed by a succession of minor explosions, wrecked the three-story brown stone dwelling of F. W. Frischen, a wealthy tobaccoist, at 121 East Fifty-sixth street, today. Charles Schaak, a decorator, is supposed to have been killed. Several houses in the vicinity were damaged. Mr. Frischen and his family are on the ocean on their way home from Europe. Escaping gas was the cause of the disaster.

Rheumatism Can't Resist

When the kidneys are kept healthy and vigorous by the use of Dr. A. W. Chase's Kidney-Liver Pills, it is uric acid left in the blood by defective kidneys that causes rheumatism. Dr. A. W.
