Cambridge attacked on the right, and Lowe caused Ward Clarke, Oxford's right wing came back very persistently, but the Cantabs defended finely. Both sides showed weakness in front of goal. Wilkinson accomplished a fine piece of work when he stopped Barnard close in. Fraser, Oxford's right, got away with the ball and sent in a lovely center, but Mustell intervened cleverly. Duthwaite gave Ward Clarke a handful, but the Dark Blue goalkeeper saved high up. Later, with the Cantab goalie, Bell, on the ground, Phillips missed an open goal. Oxford missed another splendid chance to score when Lewis headed over from four yards' range, with Bell again on the ground. The halftime whistle blew with neither side having scored.

In the second half Cambridge began to get more of the play. Sorensen hit the upright with one shot. The Cambridge left wing after heing.

President Tillsonourg, Dec. 13 .- There is a big difference of opinion among local fans Frazee stated that Chance's salary as to the hockey schedule drafted in London for the intermediate series, and the schedule certainly crowds the Pan Drieds on their home games, having to play three home games in seven days, which probably will not help the financial end of the team, and, again, Till-sonburg fans will not have an opportunity to see their home team in action here until Jan. 19, and it appears it would have been much better to have wedged one home game in between the three out-of-town games. It is likely some action will be taken with Convener J. A. Greer of London to remedy the schedule drafted.

If the present weather continues, the intermediate crew will take the ice this avening for the first time and cheuld would compare favorably with those of the highest paid managers in baseball. The Boston owner also said that the engagement of Chance marked the first step in the reconstruction of the Red Sox. Chance will have full authority and control in rebuilding the club, and may appear in playing uniform on the coaching lines. He will not, however, engage in actual play.

#### AMERICAN LEAGUE STRIKES AT HOMER

DISABLED FUND

\$10,000 To Be Set Aside Each Year From World's Series Receipts.

New York, Dec. 13 .- The American League at its annual meeting today took action to check what is regarded as two detriments to the national game-home-run hitting and pop-bottle

throwing.

The club-owners recommended to the joint rules committee, representing both the American and National Leagues, that home-run zones be estab-lished in all big league parks to curb the abnormal growth of circuit hitting and urged that steps be taken to regulate the sale of soft drinks so that late the sale of soft drinks so that I fans no longer would be tempted to use the bottles as missiles.

The league, which closed its 1923 session late today, also voted to open the season on Wednesday, April 18, and decided to establish a fund of \$50,000 to aid disabled ball players or their families by setting aside \$10,000 annually for five years, beginning in 1923, from the American League's share of the world's series receipts.

annually for five years, beginning in 1923, from the American League's share of the world's series receipts.

Homer Detriment.

The action designed to curb homerun hitting was the result of a decision of the majority of the club-owners that the increased heavy botting was a detriment to the popularity of the game. While details of the zoning plan will be left to the rules committee, members of which will be appointed later by the presidents of the two leagues, it was the general opinion among the magnates that a minimum distance of 300 feet be established outside of which home runs would be allowed in parks where short fences or stands abutting on the playing field afford easy marks for heavy hitters.

An important announcement was the purchase by the St. Louis Browns for \$15,000 of Hollis Thurston, right-hand pitcher of the Salt Lake City club of the Pacific Coast League.

Frank J. Navin, president of the Detroit club, was re-elected vice-president of the American League. President B. B. Johnson retains office under a twenty-year term, to which he was elected in 1910.

A new waiver rule was adopted by the league, providing that if a releasing club does not withdraw its offer within 43 hours, a club filing a claim for the player or players involved must make the purchase at the waiver of \$4,000 per player. Under the present rule the releasing club has five days in which to withdraw its waiver request.

#### Play 12 Minutes In Rugby Game

BY WALTER CAMP. Special to The Advertiser, Copyright.

New York, Dec. 13.—Perhaps the most interesting basis for intensive study of the trend of the game of football was presented by the analysis of the Boston College-Holy Cross contest, made by Fred Burleigh, an official. His figures show that in the entire game the ball actually was in play less than twelve minutes, although the game lasted over two hours, including the intermissions. Of this time, Burleigh estimated that 48 minutes and 37 seconds were consumed in giving signals for the 132 plays which were run off, 35 of which took place in each of the first and fourth quarter and 31 each in the second and third periods.

Many students of the game now are figuring on some method of reducing these delays.

#### TEX MAY USE NEW YANK BALL PARK

Rickard Said To Have Option From Ruppert, Now Sole Owner.

LOOKING FOR CONTENDER

Rickard Has Brennan, Johnson and Firpo Series in Mind.

New York, Dec. 13.—Change in the control of the New York York Yankees not only remains the big talk of baseball, but it began to be looked upon as a big factor in New York boxing today.

With Colonel Jacob Ruppert as sole owner of the club and its properties it means practically that Tex Rickard will conduct whatever boxing is staged in the new million dollar Yankee Stadium.

Rickard as much as said today that Ruppert had given him to understand some time ago that if the club decided to permit the use of the Stadium for boxing, that he was to be in charge.

Colonel Huston, retiring half owner of the club, was said to be in favor of granting the permit to a syndicate composed of several of his personal friends.

Pickard at least is proceeding along composed of several of his personal friends.

ing exhibitions would be conducted on the grounds Only a few of the biggest bouts—possibly two and no more—will be arranged.

Not Considering Wills.

Rickard said he is figuring on another Leonard-Tendler fight, and one in which Jack Dempsey will be one of the principals. He let it be known that he is not considering Harry Wills as the opponent for the champion.

"I don't believe Dempsey and Wills ever will meet," Rickard said, "I do not know of any state that will permit the bout, and when such a huge amount of money is involved New York and New Jersey are about the only states available."

Rickard wants to develop a contender for the heavyweight title, and has his eyes on Luis Firpo, the giant South American champion. He already has Bill Brennan and Floyd Johnson, one of the new sensations, matched. He then wants to sign the winner with Firpo and send the winner of that bout against Dempsey.

He denied that he has any kind of a contract or agreement with Dempsey, but he has no doubt that he can come

to terms easily with the champion when he gets a good proposition for him. The bally-hoo is already out for the Leonard-Tender bout. Billy Gibson, the manager of the little lightweight champion, was mingling around the baseball meeting yesterday and telling the boys how much the champion hated and detested the Philadelphia south-

paw. "Fight him again? Never. Benny won't let that Tendler make another big purse of him. He doesn't like him," Gibson said.

"Les Brooks, business manager of the Hamilton M.-O. League club was reappointed yesterday at a meeting of the club owners. "He announced this morning that his first move will be to secure a new manager. While Ernie Calbert led the Hams home in front this year, Brooks feels that a change would be for the better and he will leave on Friday morning for Columbus, Ohio, to talk matters ever with 'Buzz' Wetzel, who piloted the London Cockneys last summer. As announced exclusively in the Herald in September, Wetzel has resigned his position in London. The salary list this year was altogether too heavy to make ends meet, and the owners think they can do just as well with a sprinkling of the older fellows and the injection of new blood. Two new outfielders will be sought, which practically means that Ernie Calbert will not be brought back. There will also be a shift or two in the infield.

"Last year 'Buzz' Wetzel had a cheap team in London and chased the Hams to the wire. He ought to be able to provide Hamilton with a strong crew, and his ability to get smart ballplayers for reasonable salaries should more than atone for him sitting on the bench throughout. Bench managers are not usually desirable in Class B ball, but Wetzel's case is different from the ordinary run."

The foregoing is interesting in view of the fact that Judge Arthur Clement, owner of the Saginaw Aces, has already announced that he has signed "Buzz" for the coming season. The judge apparently slipped up by not announcing it "exclusively" in the Herald.
