CITIZENS GIVE VIEWS ON SUNDAY BATHING

SUNDAY SWIM QUESTION ANSWERED BY CITIZENS FROM VARIOUS ANGLES

Many Inclined To Agree With Mayor That the Thames Park Swimming Pool Should Be Thrown Open-"Opposition Nonsensical," Says Swimming Instructor.

Sunday bathing, with particular | the week. Without detracting from reference to the throwing open of anyone's enjoyment, I should say that the Thames Park swimming pool on Sunday, is regarded by prominent London citizens in a great many view of the issue.

The standpoint of what they believe to be common sense is chosen by a great many people who prefer to discuss the question from this angle rather than that of the moral idea of prohibiting swimming issue, "Does Sunday bathing comply Sunday is about as sensible as with a Christian observance of the

That part of the citizen body may entertain different ideas on the subject may be gathered from the opinion expressed by Miss Isabel Armstrong, the Liberal candidate in recent provincial election.

At the risk of being considered

what is known as 'Puritanical,' I shall say at the outset that I consider six days of the week sufficient for bathing. I appreciate everything that Mayor Wenige has said in support of his claim, but in allowing Sunday bathing would the community breaking away from the tranot be breaking away in the ditional British regard of Sunday observance and adopting the European and American policy of making the seventh day one of recreation and seventh day of the seventh day of municipalities condone breaking of the Sabbath, can we ex-pect citizens themselves to live up to Christian principles and observances

After all, aren't we told that restlessness is one of the problems of the age? It is apparent everywhere about us. Would not the opening of public swimming pools on the Sab-bath tend to preserve this continual restlessness and craving after amusement which is doing so much harm to the moral fibre of the race?"

Mayor formed The Advertiser yesterday of their intentions, enlarged today upon 7 000 of them should be their scheme, going as far, in fact, as to submit their tentative slate. It is proposed to have two candidates in each ward, and from the following will be the chosen few (if they are agreeable): Ald, Edmund Hayden, George Burdick, Ernest Shaw, John Greer, Frank McKay, Ernest William A. Wilson, Gordon Drake, and Albert Judd. Others who are suggested include Thomas Terry as a ward two candidate, Allan Towe and Chris. Hawkins in ward three. The list is but temporary, of course, it is explained, and is sub-

ject to additions or retractions. As instances, it is a question whether either Ald. Judd, chairman of the finance committee, or Ald. George Burdick will seek re-election. If not, their places will be filled by others. The Advertiser has been informed that the movement is strictly nonpolitical and non-sectarian, and it was pointed out that one of the two present Labor representatives in the present Labor representatives in the council, Ald. McKay, is included, with ment for the benefit of the few, and three who are considered to be Liberals: Aldermen Hayden, Shaw and majority.
