

BH "ENGLISH" PAINT

SAID THE MAN WHO BUILDS.—"Yes sir, I am going to use Brandram-Henderson, Limited, 'English' Paint. You don't suppose I would put so much good money in a new house and then paint with cheap paint. That would be absolutely wasteful, wouldn't it? I am building and painting for permanence—and B-H 'English' Paint is the only paint I shall use. None but the best for mine. It wouldn't be fair to the house."

SELLARVILLE

A very sad drowning accident happened here on Saturday, June 20. Two young men Chesley Montgomery and James Chambers were working on the drive and in crossing from the mainland to Long Island their horses got beyond their depth and became tangled in their harness which prevented their reaching shore. A crew of men were working on the island side but had neither boat or canoe to go to their assistance.

The friends of the two men have the sympathy of the entire community.

James Chambers belonged to Upsalquitch, Chesley Montgomery belonged to Sellarville. The sudden taking away of this bright and promising young life has cast a gloom over this community. The funeral of James Chambers was held from Mr. Jas. Hout's last Thursday to Mattie's cemetery.

The funeral of Chesley Montgomery was held from his late home on Saturday, to Mattie's cemetery and was largely attended.

MARIA

Mr and Mrs. D. W. Mill of Quebec, have arrived to spend the summer here.

Miss M. Cullen is the guest of her sister, Mrs. Mill.

Mr. and Mrs. F. Paquette, Quebec, are visiting Mr. J. Vignone.

W. Doddridge of New Richmond passed through here en route to Carleton.

Mrs. J. Bujold of Maria East was the guest of her daughter Mrs. F. Gagne for a few days last week.

Miss Ida Cyr drove to Cascapedia on Friday, returning the same day.

We are about to lose one of our popular young ladies, Miss Maud Flynn, the teacher of the model school, she is leaving to return to her home in Percé. She will be greatly missed by her friends.

Jos. Cyr spent Sunday visiting friends at Maria Capes.

W. Humphrey of Moncton passed through here on his way to Gaspe.

Miss Lida Gauthier passed the week end in New Richmond.

Mr. and Mrs. P. Harquail were visiting in Cascapedia on Saturday.

Mrs. Albert Pit of Metapedia is the guest of her mother Mrs. Guite.

The salmon fishing has been exceedingly good since a few days.

Jack Frost visited this district on Thursday night and did considerable damage to the crops.

Wedding bells will ring in the near future.

HOPETOWN

ROSS—In loving memory of our darling, L. J. May, who was taken from us June 22nd 1910, at the early age of three years and eight months.

We had a little treasure once,
 She was our hope our joy,
 We loved her oh perhaps too well,
 For soon she slept and died,
 All is dark around our dwelling
 Lonely are our hearts to-day
 For the one we loved so dearly
 Has forever passed away.

(By her sorrowing relatives)

PRIVATE OFFICE

Some to Catch Back in ten minutes

Missed 1 Day—Ivan Hayward, Dorothy Haines, Arthur Dewar, Cyrus MacLennan, Evan Keen, Leslie Summers, Bertha Mann, Marjorie Fairley, Evelyn Gillingham.

MONCTON

The week of June 24 will be a banner week in Moncton, N. B., where an Old Home Week is to be celebrated. There will be a big carnival, for which the Colonel Francis Fennel Showa United have been secured, monster industrial and military parades, "Booting Moncton" campaigns etc.

The event will be conducted under the auspices of the mayor and city council and a the promotion committees consist of able and experienced men, who are all working enthusiastically, a successful week is anticipated.

The big amusement feature of the week will be the mammoth carnival, a new thing in this part of Canada, run on the "Old English" style with an aggregation of interesting and amusing shows ranging from a large central midway. There will be several bands and also music from the enormous military band organ, which is carried with the Fennel Showa United, together singing, dancing and all kinds of amusements. One of the biggest attractions of the carnival will be the sensational dive for life by the champion swimmer, Harry Siv, who launches himself through the air from a perch 125 feet above the ground into a shallow tank only 34 feet in depth. Other attractions will include a dog and pony circus, Coney Island diving girls, American Vaudeville, African Native village, Old plantation and many other interesting and amusing exhibitions.

An interesting program for the week has been arranged. Monday will be Military Day, with a grand military parade in the evening; Tuesday will be Civic Day, masquerade parade and ball in the evening; Wednesday and Thursday will be Merchants' Day and Manufacturers' Day respectively with auto parades and business exposition; Friday will be Commercial Travellers' Day, for which special arrangements for entertaining the travellers will be made, and Saturday will be Trades and Labor Day when there will be parades of the different organizations and sports. On both Friday and Saturday there will be horse races. Special demonstrations of natural gas will be given each day and various exhibitions boosting Moncton will be in order all the time.

Many visitors are expected from out of the city, including delegations from the Canadian Club of Boston, from Toronto and Montreal and many other places throughout Canada and the United States. Everything is being done to make "Old Home Week" in Moncton a tremendous success and the promotion committee appointed by the mayor and council under whose auspices the event is being held are working day and night to make the week a memorable one in the history of the city.

THIRD ATTEMPT TO OBTAIN THAW'S FREEDOM

White Plains, N. Y., June 17—Harry K. Thaw's own alienist, Dr. Roy L. Leak, subpoenaed by Thaw's lawyers to help him in his legal fight for freedom, aided the State this afternoon in its fight to keep the slayer of Stanford White in the State asylum at Matteawan. Dr. Leak, who is second physician at the asylum, testified before Judge Keogh in his opinion Thaw was "constitutionally inferior."

The third attempt of Harry K. Thaw, slayer of Stanford White, to obtain his freedom, opened here today. Thaw appeared to be in excellent spirits. The court room was crowded, about half of the spectators being women. Many others, unable to enter, lingered about the court house yard.

Dr. William A. White, an alienist, in charge of the United States, government hospital at Washington, was the first witness. Dr. White testified that he had examined Thaw on three occasions recently, the last being last Thursday, when he spent three hours with him. "Thaw is not insane," he said, "and it would not be unsafe to the community to liberate him now."

William A. Stone, former governor of Pennsylvania, the next witness, said he had known Thaw four years and had seen him yesterday. He described Thaw's manner and appearance as "perfectly natural."

HOW TO GATHER FISH WORMS.

A new labor-saving device for gathering fish worms is called from an exchange: "You take a broom handle three and a half feet long, drive it into the spot they are to be gathered by angle worms. Leave an end sticking up about six inches. Then take a rough board and rub it over the top of the broom handle. This rubbing will cause a vibration of the earth and the worms, angry and disturbed, will work their way out of the ground. A fellow can get a full bushel of worms in a short time."

BEAR HUNTER MET A TERRIBLE DEATH

Wounded, He Was Followed and Devoured by a Bear

Okamina, B. C., June 18.—Chris Lynch, an American trapper and veteran of the Spanish-American war, set a spring bear trap. The gun in the trap exploded, sending a bullet through his body. He was able to drag himself to his cabin, but before he could bar his door, a bear smelling the blood, followed his trail, dragged the wounded hunter from his shack and partly devoured him.

Ottawa, June 18.—Two purchases by the government are leading to trouble with the Auditor General. In one case the Postmaster General, Hon. L. P. Pelletier, ordered an automobile for departmental use. The automobile has been delivered, but the Auditor General has not yet consented to allow payment, on the ground that no funds for such a purpose were voted by Parliament.

In the second case a new government private car has been added to those already at the services of the ministers. It was built in Dayton by an American firm and is now ready for delivery. But here again the Auditor General is holding up payment on the same ground. There are no funds voted. The ministers are doing much more touring than did the members of the late government, and each naturally wants the unaccustomed luxury of a private car. The necessary money to pay for both automobile and private car will probably be provided by Governor-General's warrant.

NADRU-CO ROYAL ROSE TALCUM POWDER

ITS wonderful fineness, its soothing, healing, antiseptic qualities, and its refreshing odor of roses make Na-Dru-Co Royal Rose Talcum Powder a toilet delight. 25c. a tin, at your Druggist's—or write for free sample to the 195 NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED, MONTREAL.

WARNING TO POTATO GROWERS

In regard to the comparative values of Bordeaux mixture and lime-sulphur for the spraying of potatoes, the following, from the "Farmer's Advocate" of June 6th, is of interest.

"After a careful test, made by the New York Experiment Station in 1911, it is concluded by the experimenters that lime-sulphur solution cannot replace Bordeaux mixture as a preventive of potato diseases. The plants in rows sprayed with lime-sulphur were dwarfed by the fungicide, died early, and yielded about 40 bushels less to the acre, than plants in check-rows; while the Bordeaux-sprayed rows produced 100 bushels to the acre more than the checks. Although the conditions were probably more suitable for the Bordeaux spray, still the experiment conclusively proves it unsafe to use lime-sulphur on potatoes.

Horticultural Division, Fredericton, N. B.

SEVEN TONS OF BIBLES

Seven tons of Bibles, and none of them printed in English, was the record one day's shipment of the American Bible Society. They went from the Bible house in Astor Place, New York, and were sent to South America. There were some in Spanish and Portuguese, with others in the Indian and other dialects.

The society has now completed the translation of books of the New Testament for the 1,500,000 Quechua Indians of Peru and Bolivia.

Wireless for Signal Corps
 The Canadian Militia Department is organizing a Wireless Telegraphy Department in connection with the 8th Militia Brigade. Wireless operators are being trained and two field equipments have been purchased.

A sprained ankle may as a rule be cared for from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

A Happier To-Morrow

will be yours if to-night you will seek the beneficial aid of the famous and ideal family remedy Beecham's Pills. Nervous depression, or the "blues," is one of the symptoms of a condition quickly corrected by the reliable and quick-acting

BEECHAM'S PILLS

PRODUCTION AND EXPORT OF CANADIAN PULP WOOD

OTTAWA, June 17.—A bulletin being issued by the Forestry Department with reference to the production and export of pulp wood in Canada shows that there is an increasing tendency to sell less abroad and make more use of the raw material at home. The total exports of wood pulp in the last fiscal year were 259,514 tons, valued at \$1,022,862, as against 328,777 tons, valued at \$5,694,896, in 1910. Exports to the United States grew by 31,000 tons, while those to Great Britain practically disappeared, or 55 per cent. of the pulpwood cut went to the United States, the price averaging \$6.29 per cord. The Quebec restriction on export of pulp, however, is bearing fruit, as the quantity sent out of the country decreased last year by 142,864 cords, or 18.3 per cent.

The abolition of or reduction in duties just imposed on a number of articles entering into Canadian manufactures, when imported for that purpose, is designed by the government to furnish cheaper raw materials for the manufacturer and a cheaper finished product for the consumer. The list includes wires for hats, celluloid, parts of musical instruments, silks for neckties, components of explosives, braided fabrics, and minor items. These are not produced in Canada, yet they are essential in a number of Canadian manufactures. The tariff experts of the Manufacturers' Association have been urging the action which the government has now seen fit to take.

JUST ISSUED

The Maritime Publishing House, St. John, have just issued a handsomely illustrated and bound volume on The Wreck of the Titanic. This should be a good seller and agents are wanted in every district.

White Drug Co., Sells VIGOROL The Great French Tonic

A Medicine that Prolongs Life

Don't be a burden to yourself or others; get a bottle of VIGOROL today and start life over again. White Drug Co. drug store is the only place in Campbellton where you can buy VIGOROL. Price \$1.00 a bottle.

SUMMER SKIN TROUBLES.

Sunburn, blistering, and irritation are the commonest form of summer troubles, and Zim-Buk ends these very quickly. It works in two ways: As soon as applied, its antiseptic powers get to work and kill all the poison in a wound, a sting or a sore. This generally ends the smartness and the pain. Then Zim-Buk begins the healing process, and fresh healthy tissue is built. For sore, blistered feet, sore hands, heat rashes, baby's heat spots, sore places due to perspiration, etc., you can't equal Zim-Buk. It always cures cuts, ulcers, abscesses, piles, and all inflamed and diseased conditions of skin and subjacent tissue. Druggists and stores everywhere sell Zim-Buk. 50c. box. Use Zim-Buk Soap also, 25c. per tablet. All stores, or Zim-Buk Co., Toronto.
