### ON THE WINTER TRACKS.

**Polydora Runs Second to Black Hawk at St. Asaph on a Heavy Track—A Sweep for Saturday.**

St. Asaph, Nov. 21.—It rained hard this morning, and in consequence the track was very heavy. Scratches were light in all races except one, the third, in which they were so heavy the race was declared off and a new one substituted, which was run as the sixth race. The weather in the afternoon delighted and a good crowd was present. An effort is being made to get up a \$2500 sweepstakes for next Saturday or Thanksgiving Day, between Ed Kearney, Prince George, Galles and Derfingill, weights to be 10 pounds below the scale and the distance to be 6 furlongs. The owners of the first three named horses have agreed on the race. Pittsburgh Phil, owner of Derfingill, has not yet consented, but it is likely that he will. Twenty bookmakers did business today. statement of Mr. Shields, and it is said that a gentleman connected with one of the most powerful newspapers in the United States had much to do in forming the action of the Jockey Club. It is said that this gentleman has promised the support of the editorial columns of his newspaper to the Jockey Club. Other influences from Canada helped along the reinstatement of Mr. Shields. Every body now expects to see W. C. Daly and his stable reinstated, as his offence in respect to the running of Lisle was certainly no worse than that of Mr. Shields in the matter of Logan.

**FOR THE CALIFORNIA CUP.**

**The Association Football Match To-Day Between Toronto and the West.**  
The Association football match for the Caledonia Cup, between representative teams of the Toronto League and West-ern Association takes place on Thursday in the Baseball grounds. The Western team is a strong aggregation, especially in the forward line, the halves are fairly so, the other players are an unknown quality, and the strong opposition they will meet from the team selected by the Toronto Football League will ensure a first-class match. All arrangements have been made for the comfort of the public, who are expected in large numbers. The teams will be:  
Western Association: Goal, Heller, Havin Rangers' backs, J. Brown, Galt, W. Heyd, Rangers' halves, A. Snyder, Rangers' T. Stevens, Hindmarsh, Jackson, Seaford, centre, Hindmarsh, Galt; left wing, A. Atkins and L. Steep; right wing, Jackson, Galt, and D. Brown, Rangers.

**Toronto League:** Goal, Sims, Varsity; backs, Jackson, Anderson, Gore Vale; halves, Burnett, Varsity; Robinson, Riverside; Jackson, Varsity; forwards, right, Duncan, Varsity; Singer, Gore Vale; centre, Buckinghan, Varsity; left, Hume, Varsity; Humphrey, Gore Vale; spare man, Little, Scott.

**Football Kicks.**  
The protested Athletic-Gordon Mackay football match will be played over on Thanksgiving morning at 10 o'clock on Varsity Lawn.  
The Knox College eleven play in Norwood today. Knox and '95 are tied for the class association championship of Varsity.  
Georgie Hall Rugby men left for Montreal last night, where they will play their return match with Montreal today. Smallie will play quarter, while Richardson replaces McLaughlin at full-back.  
Princeton defeated Orange yesterday, but the second-class team scored against the Tigers, which does not augur well for their game Dec. 1 with Yale. The score was 16 to 0.  
The Hamilton fossils had a successful practice on Tuesday. The old-timers wound the links over the reinstatement of Alexander Shields. The Jockey Club stewards have no explanation to offer to the public. Rumors in relation to the case are as thick as raindrops in a thunderstorm, but it is impossible to get the facts. It is known that strong pressure has been brought to bear on certain stewards of the Jockey Club for the reinstatement of Mr. Shields.

New York, Nov. 22.—There is immense surprise expressed over the reinstatement of Alexander Shields. The Jockey Club stewards have no explanation to offer to the public. Rumors in relation to the case are as thick as raindrops in a thunderstorm, but it is impossible to get the facts. It is known that strong pressure has been brought to bear on certain stewards of the Jockey Club for the reinstatement of Mr. Shields.

tween the New York and St. Michael's College yesterday, which resulted in a victory for the college team by 1 to 0. Brady, McCarron and Hayes showed a star game for the college, while Wilson and Dodsworth held up the New York's end of the game. Referee, O. Boyle; goal umpires, LeVigay and Clark.

The Crawford Football Club go to Orangeville today to play the local team there. The following will likely be the Crawford team: Goal, Marshall; backs, Bush and Mann; halves, McCuaig, Gregg and Orr; forwards, Dunlop and Dickson; wings, Bietter, Christie and Woodward; spare men, Lane and Walker.

The Gore Vale-Varsity tie of last Saturday will be played off next Saturday at 8 p.m., on the Baseball grounds. The teams will in all probability be composed of the same players who represented these clubs in their last match.

The semi-final Varsity class Rugby match was played on the lawn yesterday between '95 and '97. The seniors were too strong for the Sophs and won by 15 points to 5. Burwell, '95, made an admirable referee. The Sophs and '95 will now play the championship.

**ARE THE DARDANELLES OPEN?**  
Humors of An Understanding Between Russia and England.  
London, Nov. 21.—The St. James' Gazette this afternoon gives prominence to an article in which it is said that it is rumored that a rapprochement has taken place between Russia and England, and that it is possible that the Straits of the Dardanelles, which have been closed to Russian and other merchant ships since the signing of the treaty of 1841, which was confirmed by the Paris treaty of 1856, will shortly be opened to the merchant ships of all nations.

According to The St. James' Gazette, this matter is the talk in the diplomatic circles of several of the capitals of Europe, and it is said that, in fact, very little else is talked about. The St. James' Gazette points out that the opening of the Dardanelles to foreign warships would have a disastrous effect upon England, and that it would necessitate a great increase in the British Mediterranean fleet.

**Dr. Langtry's Explanation.**  
Editor World: Allow me to thank you for your friendly criticism of what you call my five-acre scheme. I tried to be as explicit as possible, but yet all the reporters, including The World, have altogether misapprehended what I said in one important particular. The scheme does not, as you assume in your editorial, contemplate turning mechanics or laborers or clerks into small farmers or market gardeners. It would simply be a great loss of power to put seed in the soil of patient effort. What is proposed is that the five acres of their products shall be an addition to their present or possible earnings of these several vocations, and not a substitute for them.

**Baseball Briefs.**  
It is most probable that several prominent Toronto players will be given a trial in the new Toronto club.  
Manager Mils of the new Toronto club will likely be organized at a special meeting to be held to-morrow.  
The directors of the Western Baseball League yesterday in Chicago completed the circuit for next year as follows: Indianapolis, Kansas City, Milwaukee, Minneapolis, Detroit, Toledo, Grand Rapids and St. Paul. Comiskey will be captain and manager of the new St. Paul team and will play first base.

It is estimated that the total running expenses of the Toronto club next season will be \$12,000. With an aggregate attendance of 40,000 this expenditure will be met. There will likely be 50 home games.

**Athletic and General Notes.**  
A special meeting of the Toronto Hunt will be held today at Grove's Hotel, Kingston-Road, at 1:30 p.m.  
George Sutton's Incoquois billiard parlors were re-opened last night with a new set of tables. Mr. Sutton will be at home to his friends on Thanksgiving Day.

**Rambling Bicycle Club members** will wheel to the Halfway House this afternoon, where sides will be chosen for a football match.

**Toronto Checker Club members** will meet for a number of friendly games in the Arcade rooms this afternoon. A match will likely be played between Messrs. Disette and Wylie.

**Fergus curlers** have re-organized with these officers: Betron, M. Anderson; Paterson, Mrs. Anderson; president, James Beattie; vice-president, Thomas Hughes; chaplain, Rev. James Morton; secretary, treasurer, H. S. Michie; representatives, T. J. Hamilton and P. Hughes.

**There promises to be a big turnout** at McDowall's Thanksgiving shoot, on his grounds, Queen east, formerly McDowall's grounds, on Thanksgiving Day. The list of three prizes to each shoot of good value. The entrance money is very small compared with prize values. Every shooter, both old and young, is welcome.

spring and late fall, he or they could prepare the acre of ground, which would be all he would need to cultivate to supply his family with everything except flour. Or if he had work all the year around he could pay for its being sown, and either in the over hours or half holidays, or by his family, he could get the seed planted and the fruit trees pruned. With such care as could thus be given they would grow themselves. The rest of the land would be for the support of the cow and poultry and pigs. And in this way the comfort and even luxury of life would, for every industrious and intelligent man, be vastly improved. If he could get no work, as is the case with so many now, as for a greater or less period of almost every year, then he would have something to do on his land, an interest in life, a stake in the country, and the power of saving himself from the absolute poverty that falls so heavily upon so many other, honest industrious families now. It is proposed to employ the men who would live in the houses, in their immediate erection, and to pay them for their work, instead of doing out charity, as will have to be done as things are now. And the result is that what is given would be saved and increased and the men would be made independent citizens, instead of paupers, and would be saved from the peril of ever recurring pauper.

**Manual Training in the Schools.**  
A conference on the proposed course of manual training in the Public schools was held last night between representatives of the National Council of Women and the Trades and Labor Council. Among the numerous ladies present were the president of the National Council, Mrs. Macdonnell, Mrs. Seales, Mrs. Dignan and Mrs. Wood, Messrs. Harry Parr, A.D.G. Hazle, Charlie March, and D. J. O'Donoghue represented the labor bodies. The conference was merely a conversational exchange of ideas; the ladies advocating their original proposal of a fundamental training in manual pursuits in all schools, whereas the labor men pointed out that the need was not for the general introduction of a manual course, but for a widening of the technical school system, to enable all apprentices to acquire a scientific knowledge of their craft, while daily engaged in manual pursuits. One lady went so far as to say that she would sooner see her son a good carpenter than a poor lawyer.
