FATAL ACCIDENT

George A. Terry Caught in a Tractor at Nictaux

Middleton, N. S., May 9—George A. Terry, sales manager of the Motor Sales Company, Halifax, who had one of his legs amputated at the Valley Hospital, owing to an accident in a tractor demonstration at Nictaux, Wednesday evening, died here at 7 o'clock last night.

The accident was a peculiar one, and no one is to blame, nor was the tractor itself defective. The facts are that the late Mr. Terry and a Mr. Rogers were standing near a tractor, which was giving a demonstration of hauling power. A trailer was attached on which was a heavy load. The strain on the chain caused the nose of the tractor to lift. Mr. Terry jumped on the frame to give it weight. The chain suddenly snapped. When it snapped the tractor jumped forward two or three feet, throwing Mr. Terry off his balance, so that his foot entered the passage between the frame and the track. The caterpillar track pulled the leg down to the ground to a depth of eighteen inches, and as the tractor was moving, crushed the leg from the foot to the knee before the power could be shut off. For twenty minutes, which time was spent in getting the wheel and gear apart so as to remove the man's limb, Mr. Terry retained his consciousness and directed the work. But as soon as the work was completed, he fainted. When taken to the hospital, which was eight miles distant, he was put under the care of Dr. Messenger, but the latter thought it too great a risk to attempt amputation. A message was sent to Dr. H. K. MacDonald, Halifax, to come to Middleton for the operation. He and a nurse arrived at 8 o'clock Thursday morning. Dr. MacDonald, however, feeling that Mr. Terry's vitality was too far sapped to stand the further demand on his constitution, but hoped that there might be a chance of his patient getting through. But Mr. Terry passed away at 7 o'clock without gaining consciousness.

The case is particularly sad, and much sympathy is felt for Mrs. Terry who arrived from Halifax to be at the hospital during the operation. I. C. Archibald, of the Cleveland Tractor Co., and a personal friend of the late Mr. Terry, and Dr. Messenger made the arrangements for the funeral. The body was taken to Halifax Friday morning on the 9.40 train, D.A.R., and was transferred to the train for Shediac, N. B., Mr. Terry's former home. Mr. Terry was thirty-three years old and is survived by his widow, formerly Miss Cutler, of Shediac. His father is George Terry, for many years with the C. G. R. at Point du Chene. The deceased was formerly a commercial traveller for a St. John firm and well known here.
