

OPINIONS OF THE PRESS.

we should say that this volume will be read with pleasure by both old and young, and that it will make an excellent gift book.—*St. John's Daily Telegraph.*

. . Further, the legends have been given with great fidelity and beauty, and I wish the fascinating book a brilliant success, not only because of the great amount of study and labour required in the preparation of such a work, but also for its high merits.—*Gustav Freytag, the widely-known German author.*

. . According to MRS. LAUDER, another version of the legend makes the Wild Huntsman the god Woden of the Norse mythology. But on the introduction of Christianity he becomes the Foul Fiend, then the godless hunter, and finally the Wandering Jew. Only on Christmas night may he rest in his unending flight, and then only when he can find a plough in the field on which he may sit down. . . . A contribution to Canadian literature we will consider it, though written in Germany, published by a London house, and dedicated to Queen Margherita, of Italy. It will afford charming reading for the holidays.—*W. H. Withrow, author of "The Catacombs of Rome."*

It might truly be called an international work, seeing the *stuff* is German, the writer English, and it is dedicated to an Italian Queen.—*German Criticisms.*
