We are much gratified with the reception our new book is having. The largest choirs in the Dominion are adopting it. The Metropolitan and Broadway Tabernacle, Toronto, St. James' choir, Montreal, and other large choirs have ordered it. One choirleader writes that it is "Conspicuous for richness and harmony," another declared "The harmonies are splendid," a third affirms that "It is just the thing," a fourth opines that "It will be hailed with delight," a fifth considers it "A very choice selection of tunes," and a Toronto musician pronounces the tunes as "Chosen with excellent judgment."

TO PASTORS.

Pastors will find in this book, in each edition, a copious index of the Hymns, textual and topical, which is alone worth the price of the book. Over 1,200 texts are referred to, and suitable hymns attached. (The present index in the hymn book has only about 170 texts.) In the topical index about 1,300 topics and sub-topics are to be found, as compared with 450 in the old index.

Whatever may be the subject of discourse, suitable hymns may be selected, by the help of this new index at a moment's warning.

We would most earnestly request all pastors to help the sale of this book by bringing it to the attention of their choirs and congregations.

Journal of Proceedings

OF THE

FOURTH GENERAL CONFERENCE

OF THE

METHODIST CHURCH.

PRICE:

Paper covers, \$1.25
Cloth, 1.50

POSTPAID.

This year's Journal is larger than any of its predecessors, is printed on better paper, and has a new feature that will commend itself as exceedingly convenient—namely, marginal notes in black type throughout the part devoted to the record of proceedings in the regular sessions of the Conference. In view of these advantages, the slight increase in cost over the Journal of 1890 should not be felt. As only a few hundreds of copies have been issued, those who would possess themselves of a copy should order without delay.

This is a reproduction in book form, copiously illustrated, of Mr. Stead's character sketch of the General in the *Review of Reviews*. The opening sentence sets the style of the sketch: "General Booth is the George Fox of the Nineteenth Century." In view of the approaching visit of the General, this sketch will be of particular interest.
