The late Bishop of Chester.—I know it to have been highly commended.
An Incumbent. I know nothing equal to it, and never take anything else.
A Wesleyan Minister.—The Tamarind has been quite a boon to me. The hoarseness, which was becoming chronic, has disappeared as if by magic.
A Birmingham Agent.—I have already reported some highly satisfactory cases. A gentleman, competent to judge, told me that he knew nothing equal to it for severe and distressing coughs.

Testimonial from Rev. J. STONEHOUSE, St. Saviour's Vicarage, Nottingham, August, 1874.
"Dear Sir,—I can strongly recommend your Pectorine as an invaluable Cough Remedy. I have given it a fair trial in my own family, and have also supplied it to persons suffering from cough in my parish, and in every instance it has given immediate relief. In some cases, after passing sleepless nights, one or two doses of the Pectorine have had such a good effect that persons have got a good night's rest, and the cough has speedily disappeared."
