

FAR AHEAD OF ALL COMPETITORS

The IMPROVED 1908

UNITED STATES CREAM SEPARATOR

Is surely in a
CLASS BY ITSELF

The Improved 1908 U. S. Separator has met with such favor everywhere it has been used that people who have purchased other makes not uncommonly say, "Had I seen your separator first, I would not have purchased the separator I did."

Now, be sure (all you who are anticipating purchasing separators), you do not have this to regret when it is too late and you have parted with your good dollars.

Read below what Ex-Governor C. J. Bell of Vermont says about one of our new style machines he uses.

The new pattern of U. S. Separator I have been using the past few months is a complete machine. It is low down, runs very easy, skims clean, wears well, no repairs or changes to be made, cleans easy, in fact it runs like a top. All the farmer must do is milk the cows and take care of the cream, which is in elegant condition for any purpose.

I forgot to say it is the stillest running machine I have ever used.
