The capital of the Irish Church has been increased by £400,000 since Disestablishment.

Rev. Dr. James MacGregor conducted divine service in Balmoral castle on Sabbath week, and afterwards dined with the Queen.

The income during the past year of the Ladies' Society for Female Education in India and Africa was £10,578, besides which there had been raised on the foreign field £8,000.

Rev. Dr. Andrew Thomson says that the Secession of 1783 and the Disruption of 1843 grew out of the same spirit. The Free Church never had a childhood, but the Secession had its day of small things.

Rev. Dr. Swanson, the veteran China missionary, has been laid aside since May 12th with a severe attack of diphtheria. Happily he is now convalescent and hopes to be able to resume work in the course of a few weeks.

Speaking at the annual meeting of the Women's Association for Foreign Missions, Rev. Dr. Lang, Moderator of Assembly, cited the appearance of an Indian Maharajah with her husband at the table of the Lord High Commissioner at Holyrood as proof of the change taking place in India.

Mr. Henry Bobson has given £1,500 towards the movement inaugurated by the London Presbytery (North) for assisting Presbyterian Churches in the midst of large working-class populations. The scheme is in the hands of a strong committee, with Professor Skinner as Convener and Rev. A. Ramsay as Secretary.

The church of St. John's Perth, recently restored, is to be reopened by Rev. Dr. Marshall Lang, Moderator of Assembly. Rev. Dr. Bannerman, of Free St. Leonard's, Rev. Thomas Crawford, of the East United Presbyterian Church, and Rev. W. G. H. Carmichael, the minister of the church, will take part in the service.

A bust of the late Rev. Dr. Adolph Saphir has been placed in the New College, Edinburgh, by Mr. Stuart Gray of Kilmarnock, who at the handing over to the senate, remarked that the conversion of the distinguished family of the Saphirs, was one of the first-fruits of the Jewish Mission to Hungary. Dr. Rainy said there was a fine fidelity and nobleness in the work of the deceased.

Irish Presbyterians are greatly pleased at the handsome reference made by Sir George Bruce, when addressing the Free Assembly, to students of the Irish Presbyterian Church who have been and are attending college at Cambridge. "Irish students," Sir George said, "never desert their own Church, but keep steady to their early training and convictions."

The season of green fruits and summer drinks is the time when the worst forms of cholera morbus, diarrhoea and bowel complaints prevail. As a safeguard Dr. Fowler's Extract of Wild Strawberry should be kept in the house. For 35 years it has been the most reliable remedy.

Flooded crows in the Shetland Islands hold regular assizes at stated periods, and usually in the same place. When there is a full docket, a week or more is spent in trying the cases; at other times a single day suffices for the proceedings. The capitally condemned are killed on the spot.

A Terrible Case of Suffering.—The dreadful suffering of a man with Cholera Morbus, was painfully illustrated in New York, a few days ago, when an individual from the rural districts, who had been filling himself with all sorts of good, but undigestible things, was struck down on Broadway, and had to be carried into a hotel, where two doctors worked him for an hour before he was out of danger. A teaspoonful or two of Perry Davis' Pain Killer, and a flannel cloth saturated with the medicine, and applied to his stomach, would have relieved him almost instantly. Get 25c. New Big Bottle.

## A Gentleman

Who formerly resided in Connecticut, but who now resides in Honolulu, writes: "For

20 years past, my wife and I have used Ayer's Hair Vigor, and we attribute to it the dark hair which she and I now have, while hundreds of our acquaintances, ten or a dozen years younger than we, are either gray-headed, white, or bald. When asked how our hair has retained its color and fullness, we reply, 'By the use of Ayer's Hair Vigor—nothing else.' "In 1868, my affianced was nearly bald, and the hair kept falling out every day. I induced her to use

Ayer's Hair Vigor, and very soon, it not only checked any further loss of hair, but produced an entirely new growth, which has remained luxuriant and glossy to this day. I can recommend this preparation to all in need of a genuine hair-restorer. It is all that it is claimed to be."—Antonio Marrun, Bastrop, Tex.

## THREW AWAY HIS CRUTCHES

AFTER YEARS OF TERRIBLE  
SUFFERING.

AN INTERESTING HISTORY.

### STATEMENT OF MR. WM. MCNEER.

For eight years I was troubled with a sore on my leg which resulted from having it broken. The doctors kept me in bed five months trying to heal it up, but all to no purpose. I tried all sorts of salves, liniments, ointments, pills and blood medicines but with no benefit. In 1883 it became so bad that I had to sit on one chair and keep my foot on another for four months. I could not put my foot on the ground or the blood would rush out in a stream and my leg swelled to twice its natural size.

### ELEVEN RUNNING SORES

developed on it which reduced me to a living skeleton (I lost 70 lbs. in four months). Friends advised me to go to the Hospital; but I would not, for I knew they would take my leg off. The doctor then wanted to split it open and scrape the bone, but I was too weak to stand the operation. One old lady said it had turned to black erysipelas and could never be cured. I had never heard of Burdock Blood Bitters then, but I read of a minister, Rev. Mr. Stout, who had been cured of a severe abscess on the neck by B.B.B., after medical aid had failed, and I thought I would try it. I washed the leg with the Bitters and took them according to directions. After using one bottle I could walk on crutches, after taking three, I threw away the crutches, took a scythe and went to work in the field. At the end of the sixth bottle my leg was entirely healed up; pieces of loose bone had worked out of it and the cords came back to their natural places again. That was nine years ago and it has never broken out since. I can walk five miles to-day as fast as anyone, and all this I owe to B. B. B., which certainly saved my leg, if not my life. I cheerfully recommend it to all sufferers. Give B. B. B. a trial, it will cure you as it did me.

Yours truly,

Wm. McNeer, St. Ives P.O., Ont.
