

random, \$13 to \$13.50; Pennsylvania, No. 1, \$16 to \$17; No. 2, \$14.50.

White pine is in fair request, with the position just as firm as previously noted. Dealers are confident that low prices are never again to be known: Uppers, 1 inch, \$72 to \$73; 2½ and 3 inch, \$77.50; 4 inch, \$82.50; selects, 1 to 1-2 inch, \$66 to \$67; 2 inch, \$68 to \$70; 2-2 to 3 inch, \$73 to \$76; 4-inch, \$75 to \$80; fine common, 1-inch, \$55; 1-1 to 1-2 inch, \$60; 2 inch, \$55; 2-2 and 3 inch, \$65 to \$67; 4 inch, \$70; barn boards, \$23 to \$32; coffin boards, \$27 to \$32.

Hardwoods are in fair movement, steady and unchanged. Quartered oak, \$56 to \$65; fancy, \$70 to \$75; plain oak, \$40 to \$47; black ash, \$40 to \$50; white ash, \$45 to \$55; cherry, \$90 to \$130; maple, \$32 to \$40.

Slungles are firm, with the supply short, but it is in the midst of the season of dull demand. Quotations are pretty well established as follows, though it is suggested that higher prices have been obtained on special orders of special shingles: Extra cedar, \$3.25 to \$3.30; clear, \$2.75 to \$2.85; second clear, \$2.25 to \$2.35; sap, \$2.10 to \$2.20; extra No. 1, \$1.75 to \$1.80;

Washington and British Columbia red cedar, 16-inch, five butts to 2 inches, \$3.45 to \$3.50; 18-inch, \$4.25 to \$4.50.

Clapboards are scarce with the demand also limited: Extra spruce, \$35 to \$36; clear, \$33 to \$34; second clear, \$29 to \$32; extra No. 1, \$20 to \$23; pine extra, \$50 to \$52; clear, \$45 to \$48; second clear, \$40 to \$42.

Laths are quoted at: One and five-eighths inch, \$2.90; 1-2 inch, \$2.50.

New Mill Erected 1901.

Capacity 100 Million a Year.

Spicer Shingle Mill Co., Limited

It is not the purpose of this advertisement to try and convince the Lumber Trade of Canada that we are the only company in British Columbia manufacturing and shipping shingles in large quantities, or that we "know it all." We recognize that "there are others" and that we are not the only "pebble on the beach." To try and make you believe that we are the only people who can supply you promptly and in large quantities with a high-grade shingle would not only be a fish and a bear story combined, but it would be gall of the bitterest kind.

Our competitors in the shingle business in B. C. are nice people, and we presume that they know their business; but we are nice people too, and as we have been in the trade as long as any of them, and a great deal longer than the most of them, we know that we know our business, and that our competitors are not in the possession of any points of value regarding the manufacture of shingles which has not come to our knowledge.

Our old mill was burned down in May last, and in its place we have built what is at the present time the **Largest Shingle Mill in B. C.**

Our new mill has 7 of the latest improved type of Dunbar machine, which we run night and day—giving us a capacity of about 100 Million a year.

Competent judges who have seen our new mill, tell us that it is one of the most substantial, carefully constructed and best planned mills in this province. We ourselves think it is the very best shingle mill in B. C.; and we know that it is equipped with all the very latest improved Shingle Machinery.

Will the trade please note that our contract with the Pacific Coast Lumber Co. closed on December 31, 1901. D. Ferguson, of London, Ont., is our representative for that province. Orders sent to him, or to us direct, shall have prompt attention.

We want our share of your shingle business, and can guarantee you satisfaction in every particular.
