GRIP VANISHES

So Do Deadly Colde

Headaches, backaches, dyspepsia, indigestion, constipation, kidney, liver and all kindred troubles, if nature's miraculous, disease-conquering, life-restoring St. Leon be used. All known mixtures in the world pale in insignificance to this creation's mystery. Safe as milk, and contains the most powerful poison absorbents known to science to purify blood and flesh; and also every element to build up frail, weakly, despairing sufferers to the highest pinnacle of perfect strength and joy.

GOVERNOR JOHN MORISON.

THE subject of the present sketch began life as a small boy, with no advantages except that of being born in Scotland. This was amply sufficient, however. The familiar legend of the kodak advertisement might be varied to read, "Get born in Scotland—and natural law will do the rest." Mr. Morison came to Canada when a youth, and in due course we find him rising gradually toward the top in a wholesale house on Front Street. As a matter of course he got there, and for some years he moved among the nabobs of the Board of Trade as the head of the grocery firm of John Morison & Co. Having achieved all the glory to be got from such a position, and a generous amount of "material profit," Mr. Morison sighed for other worlds to conquer. His precient grand-dame had years before declared that the laddie would one day be a Governor, and sure enough the prophecy was fulfilled. He retired from business and took the management of the old established British America Assurance Company, over whose extensive business he has for the past few years presided with marked ability. Mr. Morison is among the careful and regular students of GRIP. Nothing further need be said to indicate that he is a man of broad views, and up to date in his thinking.
