ARBOR DAY.

The Ceremony, This Morning. How the Inaugural Day was Kent-The Lorne' Sand "Louise" Trees-The Hon W. Wallynch-Synopsis of the Speeches-Every Prospect of the Day Becoming One of the Institutions of the Future.

When our reporter reached Fletcher's Field When our reporter reached Fletcher's Field on Monday the only thing which could be distinguished to denote that the innugural ceremony of Arbor Day was about to take place there, was knots of gentlemen gathered on a place of rising ground near the entrance to the Park. On approaching the spot His Worship the Mayor and Ald. Holland, surgicted the author of the park. rounded by a number of aldermen and others, were found standing in wait for several other functionaries to arrive and assist in the planting of the Princess Louise and Marquis of Lorne trees Marquis of Lorne trees to te situated immediately opposite the Golf House. After a wait of one or two minutes the crowd began to swell by fresh arrivals, and at a few minutes after eleven

o'clock the following gentlemen were noticed present : Hon. W. W Lynch, Hon H. J. Joly, Hon, L. Beaubien, U.S. Consul Steams, Ald. Beaubien, Brown, Stevenson, Bulmer, Jeanotte, Beausoleil, Beauchamp, Genereaux, J.K. Ward, James Little, William Little, Andrew Robertson, Mr. Wolff, Swedish and Danish Consul; B. C. Stevenson, Hon. L. O. Taillon, Mr. Benoit, M.P.

The trees to be planted were maple saplings, and gave every indication of being good specimene. Park Banger McGibbon marked off the ground and at the suggestion of Ald. Rolland the site for the trees were chosen.

"Well, here goes for the first shovelfull," said the Meyor, as he dug a bran new spede into the earth and brought out a good sized sod. Ald Holland followed his example, after which the Hon. Mr. Joly took out a big Aid. Brown showed himself to be quite handy with the shovel, as well as Mr. J. E. Ward and Mr. Wm. Little, the Secretary of the Forestry Association, and Mr. J. Lec'aire, the Secretary of the Council of Agriculture, who came next. The Hon. L. Beautien, Ald. Besusoleil, Henry Bulmer, Ald. Beanchamp, Jeannotte and Andrew Robertson and others came in the r turn, until quite a respectable hole was dug. The Hon, Mr. Lynch, who came a little later, was halled cordially, and immediately handled the shovel. Canon Ellegood, Mr. Wolff, Ald. Generaux and many others had a fling et it, and the tree was then raised. The Major started the filling in with a dezen shovelfulls, until Ald. Holland told him to give come one else a chance. When Ald. Stevenson greaped the spade one of his aldermanic friends exclaimed: "Take off your cost, Sandy," but Sandy did not, and showed he could work with it on. The Hon H. Stearns, the U. S. Consul, assisted also in the ceren only.

Mayor Beaudry then made a speech. He said that they had just planted a maple tree in honor of Her Royal Highness the Princess Louise, upon which her initials were engraved. He said the maple tree was the finest of trees. producing the best euger in the world (Applause). In the spring, when the sauda appeared on the branches, they were exceedingly sweet, but were very nourishing, and, in case of necessity, would save a man from dying of bunger.

The Hon. W. W. Lynch then was requested to plant a tree in honor of His Excellency the Marquis of Lorne, Governor Goneral of Canada. He took out the first shovel full, followed by the Mayor, Ald. Brown and Hon. Mr. Joly, Ald. Stevenson, Miss Louise Gregory, Mrs. Gregory and several others, the job being eventually finished by the workmen.

Hon. Mr. Lynch, in a nest speech, then said that as long as the trees they had just planted would live and flourizh he hoped that the illustrious persons in whose honor they: had been raised would live in happiness and prosperity, and that they would remain as mementices of two noble individuals who had stook 64; 100 Gas 1751; 100 do 1753; 100 do per M., \$10 to \$13; hemlock, per M., \$9 to spent a portion of their lives amongst ut.

Alc. Stevenson said admiringly that it took "an Irishman to make a spotch, snynow," (hear, hear).

Mr. Bulmer moved that his Worship the Mayor take the "obair," as a number of resolutions for adoption were about to ba offered. As there were no cheir to be had anywhere around at the moment, some one suggested that Mr. Beaudry should take the wheelbarrow. (Laughter).

The whole party, however, moved to the steps of the Golf House, which were accended by His Worship. He said he was happy to a means of promoting in anyway in bis power be such a good cause as the planting of trees. He thought the day was propitions for their growth, and said be hoped that the example they were setting would be followed by the inhabitants throughout the Province. He was of the opinion that trees were ben ficial to the health of the city as well as usual in in stopping the flow of dust.

Mr. Andrew Bobertson then offered a reserlation recommending the City Council to assist to every way in their power the work just begun. He hoped that the avenue upon which the trees were planted would be called " Lorne and Louise."

Hon. Mr. Tallion seconded the resolution and said a few words in favor of it.

Mr. Bulmer proposed that each tree planted in the various streets of the city where they were required, would not exceed in cost 75 cents, stunted 30 feet apart, and he paid for by the person opposite whose house it was planted. He thought this a cheaper way than individual effort.

Mr. Widto heartily congratulated the Mincredit was due for the movement they were

strain. The Ron. Mr. Lynch followed in an eloquent speech, listened to with great attention. He asked especially the co-operation of the press in farthering the movement, and wanted them to publish as far as possible an approximate statement of the number of trees planted throughout the Province during the week. His speech was a splendid appeal to "draw a lesson from nature itself" and retrace the steps of destruction our forefathers took in this perticular case. Want of space p coludes a report of his speech. In concluding he ore-sented the Mayor with a copy of the Official Gazette containing the proclamation of the Lieut -Governor and the by-laws governing the growth of trees elegantly printed on satin, with the following words:—"As a souvenir, with best wishes from yours sincerely, W. BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DB. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most un-principled means of selling them by getting a name as near as possible to Eclectric. We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of Northbor & Lyman, the proprietors for Canada on the back.

WEEKLY REVIEW - WHOLESALE MARKETS.

With the opening of ravigation, reduced summer freight rates bave come into force all over the country with beneficial results. Once more large occun eteamships lie at our wharver, and there is every reason to anticipute a great expansion of trade this season. Immigration has nover been on such a large socie, and advices from Winnipeg state that from present appearances tally 100,000 people will go into the Canadian Northwest this We have every reason to anticipate vear. good crops, for farmers state that the great snow falls and the heavy May roins will have a wonderfully good effect and particularly on the hay crop. Τn dry goods this week the leading feature is the ister of Orown Lands, to whom the grentest reduction in the price of Canadian white and grey cottons at the mills of from 120 to 15 per cent. This was not unexpected, as for dian pulled, supers, 30c to 331c. rome time past the large accumulation of eto as rendered a decline sooner or later inevitable. On the whole the spring trade in dry goods up to the present compares unfavorably with that of the corresponding period of 1882, and the cold, backward season is greatly to blame.

GROCERISS .- Several large transactions are reported in yellow sugars, which are quoted at 6he to 8c, as to quality. Granulated is firm at 8%e for round lots and de to de more for smaller parcels. In raw augur there is nothing doing on spot, the latest sales reported being of Porto Rico at 74c. For a lot at Halifex 78c is sesed. Molasses are duil, one or two lots of 20 to 30 puncheons Barbsdoes having changed hands at 4710, and we quote 47}o to 49c. Trinidad is quiet at 42c to 44c. Syrups meet with slow sale at 42c to 60c per gailon. The tea market is duil, the only sales report d being of a jobbing character, at 17c to 20c for low grade Japans and at 30c to 32c for fine. In coffee we hear of Hon. Mr. Joly, in a brilliant speech, highly some large transactions in Jamaica at 84c to complimented Mr. Lynch on his efforts in the | 84:. the quoted rate on spot; that figure has been shaded for inture delivery. Hoops are quiet at 210 to 250. In tin plates, the market is a little more active, transactions being reported of I. O. Charcoal at \$5.00 to \$5.15 to arrive, and small spot parcels at \$5 25, The sales are also mentioned of two lots of Grafton cokes amounting to 1,000 boxes on p.t., but we find they are old sales. Regular quotations are \$4 30 to \$4.40 for round lots, about 3,000 boxes having changed hands recently. In Canada plates further business is reported, a lot of 200 boxes Penn selling at \$3.00 and sales of Thistle brand have taken place at \$3.00 to \$3.10 as to quality. Ingot tin is firmer 1 London, latest cable quotations being £97, which shows an advance of 10s on the week. In this market business remains quiet at 3340 to 240 as to brand and quality. Ingot copper is unchanged in London at £69 10s, and quiet here at 18% to 19c. An

outside lot was sold on p.t. Speiter is quoted at 42c, lead at 4c to 42c, and antimony at 14c. BAW FURS.—A few lots of spring muskrats, are offering at 150 to 18c, but more liberal recelpts are looked for next week. A good demand has spring up for bear at \$8 00 to \$12 00 for large, \$4 00 to \$7 00 for small, and \$2 00 to \$5 00 for cubs. Holders, therefore, would do well in this market at present. A tew red fox are offering at \$1 25, but the market is weak for this class of akins, as well as for marten and mink. We quote:-Mink, \$1 00; red fox, \$1 00 to \$1 30; marten, 75c to \$1 00; otter, \$8 00 to \$10 00; beaver, \$2 00 to \$2 50 per lb; skunk, 60c; bear, \$8 00 to \$12 00 for large, \$4 00 to \$7 00 for small, and \$200 to \$500 for cab; lynx, \$200 to \$250; spring rats, 15c to 18c.

LEATHER.-The leather market has had a quiet record during the week, transactions being mainly confined to small parcels. The only round lot of No. 1 Spanish sole reported was on p.t., but known to pe dc lower than it could have been bought for last week. In black leather there is no stir, a few sales of waxed upper splits, buff and pebbled, at about last week's figures, being the principal trading in this line. Stocks generally are not large nor increasing, and the feeling is that as soon as the least signs of activity appear prices connot stay iong at their present low level. The English markets are quiet but steady l'rices here are quoted as follows: - Spanish sole, No 1, B A, 242 to 262; do No. 2, B A, 22c to 24c; China, No. 1, 22c to 23c; do No 2, 19c to 21c; Buffalo, No 1, 21c to 22c; do No 2, 19c to 20c; slaughter, No 1, 25c to 27 c; rough (light), 25c to 26c; harness, 20c to 32c; waxed upper, light, 36c to 38c; do do medium and heavy, 33c to 35c; grained upper, long, 37c to 38c; Scotch grained upper, 38c to 40c; buff, 14c to 16c; pebbled cow, 124c to 15c; splits, medium, 26c to 27c; do, juniors, 19o to 22c; calletin, light, 60c to 75c; do, heavy, 75c to 850 French calfekin, \$1 05 to 1 35; English kid, 60c to 70c; patent cow, 15c to 16c.

LUMBER.— Under a good local and American demand for both soft and hard woods, the Gas stock was stronger and in good prospects of the coming season are exceedingly promising. To all present appearances the large output in the lumber regions will here is quite firm, and values generally have an advancing tendency. We understand arrangements are being made for extensive gether dealers bete look for an active season's business. Prices here are quoted as follows log culls out. Afternoon Stock Siles—35 Montreal 203 \$25; bass, do do, per M., \$16 to \$20; osk, 6 do 2033; 6 do 2033; 50 ex div 1983; 3 Mer. per M., \$40 to \$50; welnut, per M., \$70 to \$100; chante 227, 50 Toronto 195; 50 do 1943; 50 cherry, per M., \$60 to 80; butternut, per M., \$35 per M, \$30 to \$35; lath, per M., \$2 50; shingles, 1st, per M., \$300; shingles, 2nd, per M., \$250. For large quantities the above prices would probably be chaded.

Hiprs .- Calfskins are arriving a little more freely and selling at 12c per pound. Sheepskins steady at \$1 10 to \$1 25, and lambskins at 20c to 30c each. Prices are quoted as follows:—Green hutchers' hides at 7c, 6c and 5c per lb., for Nos. 1, 2 and 3 respectively. Inspected hides are sold to tanners at ½c to lo higher rates. Western green salted-No. 1 buff at 94c; sheepskins \$1 10 to 1.25; calfekins 12c per lb.

Oils.-In seal oil there is a wide difference of opinion as to prices of new steam refined, which is quoted at 65c to 70c to arrive, but we do not hear of any transactions. In other kinds there is no particular change. We quote prices as follows: - Spirits turpentine, 750 to 771c; linesed, boiled, per imperial gallon,65c to 68c,ard raw 62c to 64c; olive, \$1 05 to 1 10; cod, Newloundland A. 624c to 65c; Halifex and Gaspe, 60c to 624c; seal, pale, 50c to 55c; do, refined 624c to 650; lard, extra, \$1 05 to 1 10; do No. 1, 950 to \$1; paim, per 1b, 9c to 910; cod liver, \$1 70 broken lots, 16c; in single barrels, 16ho to

Wood,-The market is steady at last week's prices. Stocks of foreign are light, and some power to determine the increased rent-parties are waiting for fresh arrivals. No large ing value of the land made by the lots were reported during the week. We quote prices as follows :- Greasy Cape, 183c to 20c; Australian,22c to 3lc, as to quality; Cana

SALT .- Nothing new oan be reported in coarse salt in this market, a few small lots changing hands for immediate requirements at 70c to 75c for elevens. Factory-filled is quiet and unchanged at \$1 40 to 145, and Eureka at \$2 40, \$1 20 and 60c. Saveral cargoes are expected in.

Figu. -The only thing doing in fish worth mentioning is in dry cod, sales having been made during the week at \$6. We quote :-Dry cod, \$6 to 6 25; British Columbia salmon,

Pork in this market was very firm, and lully 25c per barrel higher, nothing now being obtainable under \$23 for Western mess. Sales of Canada short cut thin mess were reported at \$22 50 to 22 75 to the local trade. We notice the arrival of 275 bbls, of Western pork. Smoked meats were firm but quiet. Eggs were rather scarce, and sold readily at 15 c. Ashes were strong and higher at \$5 20 to 530 per 100 lbs. for pots. Butter-The market was slightly influenced by the increased receipts, and our outside quotation is about the extreme A fair trade progressed, but mainly for jobbing lots only. MONTREAL CATTLE MARKET.

At the Grand Trunk Yards, Point St. Charles, Mesers. C. M. Acer & Co. received since Saturday 39 carloads of cattle and 6, carloads hogs. There was quite a brisk demand for cattle on export account to-day, and all offerings were taken at from 53c to 61c per lb. live weight for good to choice steers and helfers. Ocean cattle freights were quoted 70s to 80s per head. At Viger Market there were about 250 cattle, the quality of which showed a better average than has been noticed for some time past. The demand was good, and at eleven o'clock it looked as if a clearance would be effected at about to to to per lb decline from last week's prices. A Quebec buyer was onthe market and made some purchases. The ruling prices were 5% to 60 per lb live weight for best offerings, 5c to 54c for medium to fair and 42c to 43c for the commoner kinds. About 300 calves were offered, with sales reported at \$2 to 4 for the smaller kinds, and at \$5 to 10 each for the better class. The offerings of sheep and lambs numbered about 100 head, the former selling at from \$5 to 10 each, and the latter at \$3 to 5 each. Live hogs were more plentiful, no less than six cars being received at Point St. Charles since Saturday, and prices were quoted easy at 7c to 7go per 1b, as to quality.

MONTREAL HORSE MARKET. There was a brisk demand for desirable animals, and as the supply was light, prices were very firm. Several American buyers arrived in the city with orders for both light roadsters and heavy draught horses. The shipments from this city to the last week were 106 United States herses, costing \$15,135.50, against 143 horses, costing \$16,903 50 for the corresponding period last year. A splendid pair of brood mares were shipped to Omaha. Nebraska, last week, costing \$950.00. Last week's ship-ments went to Albany, N.Y., Worcester, Mass, Manchester, N.H., Lewiston, Me., Lowell, Mess., Gardiner, Mass., and New York City. The average price paid by dealers last week on export account was \$142.88, against \$118 20 for the corresponding week last year. At Mr. James Maguire's stables sales were reported of a chestnut mare at \$140, a bay mare at \$95, a pair of horses (bay and grey) at \$250, and a pair of brown mares at \$300.

The following is a detailed statement for week ending Saturday, May 5th : - April 30th, 9 horses \$1,180, 7 mares \$882 50; May 1st, 13 horses \$2,555, 5 mares \$1,205, 1 horse \$150, 1 do \$164, 1 mare \$40, 12 horses, \$1,995, 2 do \$900, 2 brood mares \$950, 10 horses \$1,197, 7 mares \$719 50, 12 horses \$1,422 50; May 2nd, 22 horses \$1,536; May 4th, 2 horses

The SS "Concordia," of the Donaldson Line, which arrived in this port on Sunday, brought out an important snipment of pure were imported by Prof. McEachtan who has placed them in the hands of C. M. Acer & Co., of the Montreal Horse Exchange, for sale. Most of them are from the celebrated breeding farm of David Riddle, of Glasgow. 'The animals are all from the best stock in Scotland, and are very valuable for breeding purposes. The shipment consisted of eight at 1lions and three mares, being the largest number of pure bred borses ever offered for sale in this city.

COMPENSATION BILL FOR SCOTLAND THE ECOTTION TENANTS TO GET BETTER TERMS THAN THE IRISH.

London, May 8. — the agricultural laborers of Scotland have finally succeeded in forcing ministerial action in their behalf, and a Terant Farmers' Compensation B li has been prepared by the Government. This is a virtual concession to the demands made by Parnell and his associates for Ireland, with this difference, however: The Scottish tenants have caught the fever and ecured a just recognition, while their less fortunate lifsh neighbors are having their desire for a more equitable administration crashed out by oppression. The Scotch bill will guarantee to farmers compensation for whatever improvements they may make during their tenancies, and provides for abitrato 175; petroleum, refined, 15c to 151c; in tion to settle disputes between the farmers and landlords as to the proper amounts of compensation. In all cases where arbitration is resorted to, the referee will have the tenant's improvements, and use this determination to prevent unjust evictions by means of raising rents, the tenant being allowed to demand arbitration whenever he believes the increase unfair. The bill will also limit distraint for rent to one year. The bill is decidedly progressive, and indicates the Government's intention to propiliate the uneasy radical element in Eogland, which is fast growing strong, and which has, in the agricultural districts, made itself a power, and is being used scrupulously and unscrupu lously by agitators who have come to the front. The Government will make the acceptance of this bill a question of confidence, although they have already been assured that a compact conservative opposition is to be leveled against it.

THE EXTRADITION QUESTION New York, May 7 .- The Herald's Wash. ngton special says: It is understood Minister West has fully represented to the British Government the embarrassing position in which he is placed by the failure to bring forward evidence necessary for the prelimi nary hearing of Sheridan's case. It is said the reasons now alleged for delay on the part of the home Government do not decrease his mertification. Had an accusation never been made against Sheridan the information now in the British foreign office would probably postpone the demand, for the warrant issued postpone the demand, for the warrant issued by the State Department on 3rd February, in Sheridan's case. The evidence on which the Dublin Grand Jury may find indictments while it might be sufficient to convict the socnesd under epecial Court of three Judges. or eated by the Itish Crimes Act would not warrant their surrender by this Government.
