## Let Us Tell You About Fort George

Simon Fraser established Fort George over 100 years ago. But we introduced it to the world in its true commercial and strategic importance as the natural—the inevitable—site of the metropolis of the rich agricultural and mineral country of the interior of the richest province of Canada. There will be 5,000 people there when the G. T. P. reaches Fort George. Superb climate, and the place to make money for years.

Business Lots \$250.00 to \$600.00 each. Easy payments \$10.00 to \$20.00 a month. No interest.

## DIFFERENT, BUT QUITE AS INTERESTING, IS MASSET.

Masset has a superb climate. Masset has the only fine, large agricultural area in the Pacific North Coast. Masset has coal lands that will make a great shipping point. Masset has a world-famous fishing industry. Masset has uncounted billions of feet of the finest timber tributary. Masset Inlet is a salt water river that runs alternately both ways. Masset has one of the finest harbors on the whole Pacific Coast.
