MOTIONS FOR PAPERS

HARVEY LUNAM

Mr. Diefenbaker:

For a copy of all letters, telegrams or other correspondence, since the first day of February, 1952 and to date, which have passed between the Department of Public Works and representatives of any department of the federal government in the city of Regina or elsewhere in the province of Saskatchewan and the replies thereto, in connection with efforts to locate Mr. Harvey Lunam of the Lunam Construction Company Limited.

Mr. Fournier (Hull): I have no objection to this motion passing but I am informed by my officials that there are no letters, telegrams or correspondence covering the subject matter of the resolution.

Mr. Speaker: Is it the wish of the house that the motion pass?

Mr. Green: Perhaps it had better stand until the hon. member returns.

Motion stands.

THE KREUTZWEISER CASE

Mr. Wright:

For a copy of the decision of the board of grain commissioners in connection with the Kreutzweiser case, along with a copy of any correspondence, findings or rulings given by the Department of Justice to the board of grain commissioners relating to this case.

Mr. McIlraith: Mr. Speaker, on March 18 of this year, as appears at page 3054 of *Hansard*, there was a motion similar in nature to this one. In accordance with the order made on that occasion the Kreutzweiser judgment or order was tabled. It is sessional paper 121A. The other part of the motion is for a copy of any correspondence, findings or rulings given by the Department of Justice to the board of grain commissioners relating to the case. As it has never been the practice to table opinions or memoranda going from one branch of the government service to another, I must ask that the second part be dropped. The first part has already been complied with.

Mr. Speaker: Shall the motion be dropped?

Some hon. Members: Agreed.

Motion dropped.
