No. 1

By the Honourable Mr. Scott:—

February 25—That when the resolutions for Senate Reform come up for consideration, he will move that the following be the first, second and third Resolutions, the other Resolutions on the Order Paper being considered later:—

1. That in the opinion of the Senate the time has arrived for so amending the constitution of this branch of Parliament as to bring the modes of selection of Senators more into harmony with public opinion.
2. That the introduction of an elected element, applying it approximately to two-thirds of the number of Senators would bring the Senate more into harmony with the principles of popular government than the present system of appointing the entire body of Senators by the Crown for life.
3. That paragraph 6 of the Resolutions be taken up and considered as the third Resolution, but the term be limited to seven years instead of eight years, as therein stated.
