

In making this harbour from the westward, steer for the mid-channel, between the Ducks and Galloo Island, thence E. by N. direct into the bay, midway between the light on Horse Island and Point Peninsula.

From Oswego, N. $\frac{1}{2}$ E. for Galloo Light, and when well to the north of the Island, E. by N. as before.

From Kingston, after passing Nine Mile Point on Simecoe Island, two courses may be taken: 1st S. by W. for about ten miles, until south of Charity Shoal, thence E. S. E. 15 miles, till abreast of Point Peninsula, thence E. into the harbour; or, 2nd, if the wind be favourable, after passing Nine Mile Point, steer S. E. 23 miles till off Point Peninsula, thence E. as before. This course will leave Pigeon Island and Charity Shoal well to the westward.

There are other channels by which this harbour may be made in fine weather, or under the guidance of a good pilot, but they are more intricate and dangerous than those laid down.

Black River Bay is clear of shoals or rocks, with depth of water sufficient for vessels of the largest size.
