ROMAN CATHOLIC CHURCHES ALL CROWDED

Mid-Winter Demonstration of Holy Name Society Was Participated in by Thousands of Young Men Who Heard Inspiring Sermons From Archbishop McNeill and Others.

Four of the largest Roman Catholic churches in the city were crowded yesterday at the mid-winter demonstrations of the Holy Name Society appointed by Archbishop McNeill at St. Paul's, St. Mary's, St. Patrick's and St. Helen's.

Sixteen hundred members thronged St. Paul's church. His Grace, Archbishop McNeill delivered an impressive sermon. The attending clergy included Rev. Dean Hand, diocesan director of the Holy Name Society; Rev. Fathers Lamarche, Canning, Williams and Morrissey.

The boys' choir sang Cardinal O'Connell's hymn of the Holy Name, the congregation joining in the Benediction hymns. His grace gave Benediction of the Blessed Sacrament. Rev. Father Coyne being deacon and Rev. Father Finnegan sub-deacon.

Archbishop McNeill expressed his great pleasure at meeting the largest representation of the Holy Name Society present. It was of course impossible for the membership which he had the gratification to address at the open air demonstration last summer to gather under one roof, but the large representation of the five branches of the district afforded impressive evidence of the vitality of the association. When he addressed the open air demonstration, he had asked them to use their influence to stop the use of certain expressions in regard to foreigners, such as "dagos" in relation to Italians. He was pleased to learn that his advice had been followed by the members of the Holy Name Society. Surrounded by Catholics of Toronto were by those who hailed from Ireland, Italy, Scotland and other countries, it was their duty and privilege to observe in their conduct Christian courtesy and brotherly love.

Reverence is taught. The reverence which the holy name should be regarded was taught in many portions of the gospel, and this was especially the case in reference to the miracles performed in the name of Jesus. This was exemplified in the Acts of the Apostles when St. Peter and St. John cured the lame man lying at the entrance to the temple by calling upon the name of Jesus.

The archbishop pronounced the Benediction of the Blessed Sacrament. The congregational singing of the hymns in English and Latin brought to a close the services.

SIR JAMES WHITNEY IS BROUGHT HOME IN GOVERNMENT CAR FROM NEW YORK

NO IMMEDIATE IMPROVEMENT EXPECTED

Strathcona Unchanged

His Lordship, However, Had Some Sleep During the Day.

LONDON, Jan. 18.—(C. A. P.)—The following bulletin was issued tonight from 28 Grosvenor square, regarding the condition of Lord Strathcona:

KRAFCHENKO IS AGAIN ARRESTED

Man Who Made Mysterious Escape From Winnipeg Jail, Caught in City.

WINNIPEG, Jan. 18.—(Can. Press)—John Krafchenko was arrested in Winnipeg tonight.

Condition Was Encouraging

Sir James Whitney, who has been ill of heart disease at the Manhattan Hotel since Dec. 14, left for Toronto tonight on a special car leaving the New York Central train leaving the Grand Central station at 8.05 p.m.

Another Relapse Feared

The decided improvement in the Ontario premier was apparent yesterday when the physicians made their usual morning examination. They found the heart in such condition that for a moment they had some doubts of the result of their own work and went over the patient again. The result was an optimistic bulletin, but at the same time Dr. Pyne was careful not to commit himself to any statement of probable action based on the improvement of his patient, as he had been disappointed just a week ago, when conditions seemed almost as favorable.

Has Reserve Strength

While he has lost a great deal of his splendid vitality, he has still reserve strength for a good fight against the enemy that threatened to cut short his career, and he has justified the hope expressed all along by Dr. Pyne, that he would still be possible to take him home.

Strict Secrecy Observed

The examination by the physicians today showing that the patient's conditions were greatly improved, it was determined therefore to remove the premier without further delay. Plans for the removal were prepared quietly. The day was propitious for secrecy for on Sunday the crowds about the hotel and station are smaller than at any other time. Even the people in the office of the Hotel Manhattan were not aware until about an hour before train time of the intention to take away their distinguished guest. At 6 o'clock, an enquiry at the office, when it proved impossible to get into touch with either Dr. Pyne or Mr. Wallis, brought the reply that so far as was known at the hotel there was no change in the condition of the patient. No mid-day bulletin had been issued, and no adverse reports had come from the sick room.

Removed Without Mishap

Some time after 6 o'clock came the first indication to the hotel office that the Whitney party was about to leave. A short time later an ambulance, with which tentative arrangements had been made a couple of weeks ago, arrived and the stricken premier was carried down from his suite and driven slowly to the two blocks to the special car which had been waiting in the New York Central yards for the day for the trip.

POSSIBLE CHANCE OF ULTIMATE RECOVERY MIGHT NOW BE IMPROVED

The World last evening received the following telegram from Hon. Dr. Pyne, who has been in constant attendance upon Sir James Whitney since he was taken ill:

NEW YORK, Jan. 18.—Sir James Whitney's condition remains practically unchanged, although he is somewhat stronger than he was a few days ago. As the outlook for any material improvement in the immediate future is most uncertain, and as he has been most anxious to be at home among his own people, his physicians decided today that it was advisable to remove him tonight to Toronto. They believed that this could be accomplished without any dangerous risk or serious fatigue, and that if at home the possible change for ultimate recovery might be improved. Sir James was conveyed to the Ontario Government car, and will make the trip to Toronto in it, accompanied by his wife, his colleague, Dr. Pyne; his secretary, and his trained nurses.

CANADA'S "LURE" IS NOT FALSE

Ottawa Denies Charge Made at Washington, Apparently at U. S. Railway's Instigation.

OTTAWA, Jan. 18.—(Special.)—When asked if he had anything to say regarding the accusation made before a congressional commission on Saturday, that the Canadian Government was spending \$100,000 a year thru a western newspaper union, for the publication in country newspapers of false agricultural information in the form of news stories to lure American farmers to Canada, Blake Robertson, assistant superintendent of immigration, said, "absolutely nothing was published unless it was fact. The department advertised largely in American newspapers and nothing was stated that they could not substantiate." He added that the department would be glad to go before the congressional committee at Washington and give evidence.

Body Is Held FOR AN INQUEST

The police last evening did not know from what ailment the woman had been suffering, but believed the case was that of a nervous breakdown.

REPAIRS ARE STILL NEEDED IN 24 TORONTO SCHOOLS

Inspectors' Report Will Be Considered Clause by Clause to Ascertain Where Conditions Have Been Remedied.

Twenty-four schools are now officially admitted to be in the condition complained of in the reports made by four members of the board of public school inspectors to the management committee of the board of education on Thursday and made public exclusively by The World on Friday morning.

The schools in which nothing has been done with respect to the complaints and recommendations of the inspectors are: King Edward, George street, Hester How, Jesse Ketchum, John Fisher, Victoria street, Lee, Alexander Muir,

HENRY FACES MANSLAUGHTER

Alexander McPherson, 19 Mount Stephen avenue, the Toronto Railway employee, who was injured in the King street car barn accident, just before midnight on the night of the 14th, died of his injuries at St. Michael's Hospital, at 12 o'clock last night.

His death puts the two men being held by the police on criminal negligence charges, in a much more serious position. Conductor Henry, who was refused bail, will in all probability face a manslaughter charge, and Henry Gilbert, who was allowed out on \$500 bail, possibly that of criminal negligence.

EXAGGERATION IN UNEMPLOYMENT STORIES

Social Service Commission Will Issue a Statement Today Showing That Newspaper Reports Are Misleading and That Outside Men Are Being Sent to Toronto.

Certain circumstances which have become apparent during the past week in connection with the unemployed situation give ground for the belief that the present condition of things is being exaggerated and exploited by Liberal newspapers for political reasons. It is understood that the numbers of men who are applying for aid at the civic bureau has been considerably augmented by applicants from points outside of Toronto, who have come here seeking work on the strength of efforts which are being made to find jobs for local men.

The situation is such that the Social Service Commission, which meets today, is to investigate the matter fully and issue a statement.

On Saturday, Jan. 10, The Globe, in a front page article, stated that "Toronto is now feeling the effects of the trade depression. Fifteen thousand men, according to conservative estimates, are walking the city streets in search of employment, and this number is being augmented by hundreds as the weeks go by. It is also estimated that 2500 men lost their jobs between Dec. 20 and Jan. 2."

It was this story and others of a like import which hastened the establishment of the civic bureau. Since then the number of applications from men seeking employment totals less than 1500, not all of an alarming or unusual condition in a city the size of Toronto. Nine hundred of the 1600 have been provided with work during the two days of the bureau's existence, so that any distressful conditions which may have existed have been materially bettered.

Subscription Started

The unusually active interest which The Star is taking in the unemployed is evidenced by the fact that that newspaper has started a subscription list, and that The Star's managing director, J. E. Atkinson, talked the situation over personally with those in charge of the movement to start the bureau.

Edwin Dickie, secretary of the Social Reform Commission, told The World last night that he could give a rough estimate of the percentage of non-residents registered on the books of the bureau. He stated, however, that several of such cases had come under his notice.

It is understood from other sources that among the transients who are being cared for at the House of Industry there are many men from outside points, and that a majority of them have their names registered as seeking work.

The examination by the physicians today showing that the patient's conditions were greatly improved, it was determined therefore to remove the premier without further delay.
