WASHINGTON, Aug. 4.—Germany is unyielding in her refusal to concede that the sinking of the American sailing ship Wm. P. Frye by the auxiliary cruiser Prinz Eitel Friedrich in the South Atlantic last January was a violation of American rights under the Prussian-American treaty or international law. In reply to the last representations of the United States, the German Foreign Office, in a note made public here tonight by the state department, reiterates a previous declaration of Germany's course, declares again her willingness to pay for the ship, and accepts a proposal first advanced by the United States, that the amount of damages be fixed by two experts, one to be selected by each country. Such a sum the German Government pledges itself to pay promptly, with the stipulation, however, that the payment shall not be viewed as a satisfaction for violation of American rights. Should that method be unsatisfactory, Germany invites the United States to arbitration at The Hague. Many Accept Reparation. The unofficial view here is that reparation by a commission of experts probably will be satisfactory to the U. S., with the express provision, however, that it is not a waiver of treaty rights for which the American Government contends, but applies only to the matter of damages. It is practically certain that if the U. S. allows the dispute to go to The Hague for interpretation of the treaty. (Continued on Page 7, Column 1)

ST. JOHN'S, Nfld., Aug. 4.—The anniversary of the outbreak of the war was observed here as a public holiday, with services in all the churches and various patriotic functions to raise money for machine guns, naval hospital and other funds. Enough money has been subscribed to present three airships and twenty machine guns to the Imperial authorities, while the fund will probably be continued to secure a still larger number later. High-Grade Felt Hats at Greatly Reduced Prices. The compelling values offered at Dineen's, 140 Yonge street, continue to attract a surprisingly big section of Toronto's men and young men. Of course, it is most unusual to see stylish hats by the foremost English and American makers selling at cut prices. For instance, Stetson's hats are now offered as low as \$2.75, and hats worth \$4 by such famous makers as Henry Heath and Hillgate, London, Eng., and Borsalino & Co., Italy, are clearing at \$2.95. Also, any soft or stiff hat in the store by other makers and worth \$2.50, \$2.00, \$2.50, now \$1.95. Some saving surely? Borsalino, motor dusts and outing caps are reduced one-third. Decide to see these different articles before this great sale closes.
