

CUBA---THE LAND OF SUNSHINE

CANADA-CUBA LAND AND FRUIT COMPANY, Limited

BEAR IN MIND THAT "NO INVESTMENT IS SO ABSOLUTELY SAFE, BEYOND ALL POSSIBLE CHANGE OF LOSS, AS AN INVESTMENT IN REAL ESTATE, BASED UPON ITS AGRICULTURAL VALUE."

The recent insurrection affected our Colony simply by giving assurance of safety and good government. The hurricane did much more damage in Florida than it did in Cuba, and our Colony, which lay to the west of the storm centre, only suffered the loss of some tobacco barns blown down; all our seed beds were saved and we are in a position to supply the American Tobacco Company with millions of plants.

An ideal country, which affords golden opportunities for investments—The natural advantages of Cuba far exceed those of Florida and California—Tremendous advance has been made during the last five years—Almost every tropical fruit

reaches its highest perfection in this island gem in the Southern Seas—Some opinions from writers who have visited the island—U.S. Government reports show the possibilities of development which this specially favored land possesses—Cuba will become the Orange Garden of the world—Its nearness to market, low freights are great points in its favor—No irrigation is necessary and no frosts ever visit this land of perennial June.

The permanent occupation of the island by the United States, which seems more than probable, will introduce millions of American capital and will send the selling price of our lands soaring.

We have Already Sold Over Forty Square Miles of our Estate in Small Tracts and have the Largest Number of Settlers of any Canadian Colony in Cuba.

A large number of people settled on our property during September and October, making their homes amongst numbers who are already working their plantations, and by whom the most encouraging reports are given. Purchase at once and you will be yet in time to sell your winter crop on the Northern markets, where the highest prices are paid.

This Company will undertake to have your plantation cleared, plowed and planted at the mere cost of trees and labor, thus ensuring you a permanent home for the future. No investment is more profitable or so pure as an orange plantation. Trees bear for over one hundred years. Good returns can be made by growing all kinds of vegetables and small fruits (between the rows of orange and other trees), which can be shipped to Havana, New York and Canada during winter months, when everything commands the highest prices.

Direct Shipment to and from our own Dock, which is now an established fact; good postal facilities four times per week—three by rail and one by boat, premised by the Cuban Post-master-General; and direct cable communication certain in the immediate future will all redound to the benefit of our colonists.

We undertake to locate for all our purchasers and will get them expert reports on their location and give them the privilege of exchanging the same into any part of our property so set apart and not already sold. We give you every acre free from swamp or rock. Any low lands are not charged for. You can't get any better or fairer contract than this.

The Best Practical Orange and Other Fruit Growers, Who Have Purchased From Our Company, Select the Lightest of Our Lands and Claim Them to Be the Finest Land to Be Found in Cuba for All Citrus Fruits.

FIVE INCENDIARY FIRES IN TWO NEW YORK BLOCKS

Many Lives Imperiled in Series of Early-Morn Blazes—Suspect Arrested.

New York, Nov. 9.—One woman is dead, a man is in a hospital suffering from severe burns, 2000 fled from their homes in panic and thousands more passed a sleepless night as a result of a series of incendiary fires in the two blocks bounded by Sixtieth and Sixty-first streets and Columbus and West End-avenues early to-day.

Scores of persons whose lives were endangered by flames or choking smoke were rescued by firemen. Many of the rescues were of a highly sensational character, and were witnessed by the thousands who crowded the streets around the burning buildings.

In all there were five fires, every one of them incendiary, between midnight and 3 o'clock this morning.

The woman who lost her life was Mrs. Caroline Swain, 70 years old. She lived at 107 West Sixtieth-street, adjoining one of the buildings which was fired. She died of heart failure, induced by fright. Adrian Tompkins, 40 years old, of 110 West Sixtieth-street, in a hospital with his hands and feet severely burned as a result of climbing down a red hot fire escape. He is in a serious condition.

The rapidly succeeding fires roused the people throughout the vicinity to a

THE VALUE OF CHARCOAL.

Few People Know How Useful It is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually cleans and improves the complexion; it whitens the teeth and, further, acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of exanthema.

All druggists sell charcoal in one form or another, but probably the best is Stuart's Charcoal Lozenges; they are composed of the finest powdered willow charcoal, and other harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a better complexion, a sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but 25 cents a box at drug stores, and although in some sense a patent preparation, yet I believe I can send your name and address to-day for a free trial package and see for yourself. P. A. Stuart Company, 55 Stuart Building, Marshall, Mich.

"HOME SWEET HOME" TO GO

Cottage in Which Song Was Written to Be Demolished for Church

New York, Nov. 9.—The little thatched cottage at East Hampton, Long Island, in which John Howard Payne, author of "Home, Sweet Home," lived in his early years, and which, when he was a wanderer on the face of the globe, inspired his immortal ballad, is to be destroyed.

The site on which it had stood so many years has been purchased and the structure will be torn down and a church erected in its place.

A Change of Position.

Charles O. Smith, eastern advertising representative of The Farmers' Advocate of London for two years, has resigned to become assistant advertising manager of The London Advertiser. He is succeeded on The Farmers' Advocate by Edward Leveson of Toronto, and W. Muir of Montreal, who will divide the eastern territory between them.

ADVICE TO YOUNG PEOPLE.

Should Be More Earnest in Their Spiritual Life.

"What would it mean if the young people of the Presbyterian Church were more in earnest in their relation to Christ and the church?" was the subject of the Rev. A. L. Giesse's address to the members of the Young People's Union of the Presbyterian of Toronto, at their rally, held in the College-street Presbyterian Church Thursday night.

"There would be no necessity," said the speaker, "to answer the question if it were in relation to any athletic sport in which young men or women were engaged, in a struggle for supremacy."

"In a contest every one strives to do the best he can. If such intensity was displayed in the Christian life it would mean an ennobling of character, an uplifting of the soul from the mire. The lives that live are the lives that are streaked with passion, and passion is intensity. Intensity of purpose would lead us on to victory, and then our lives would tell far more."

The question, "How can they be made more earnest in their relation to Christ and the church?" was then taken up by Rev. E. L. Logan, who summed up his answer in the two words, "earnest vision."

"There are a good many endeavor societies in the city," he said, "but held meeting after meeting where the same old story is retold."

"There is too much detail about it and the detail kills. It is like a musician playing over exercises. It is not the love of exercises that impels him on, it is the vision, the being able to play beautifully that keeps him at the instrument. Better to drop out altogether if you have not the affection, or if you cannot see the vision."

LEAD PENCILS DEARER.

New York, Nov. 9.—The wholesale rate on all lead pencils costing \$3.60 or less a gross has gone up.

The reason given for the advance is the higher cost of labor and materials.

A Dangerous Study.

St. Petersburg, Nov. 9.—James M. St. James of New York, who is studying the proposed election law, the coming Philippine assembly will consist of 81 members, representing each one a population of 90,000. The election of members of the assembly is to be held July 1, 1907, and the assembly is to convene within 90 days after election.

Noted Sculptor Dies.

New York, Nov. 9.—Samuel J. Kitson, the sculptor, died here early to-day of kidney disease. Mr. Kitson was born in England 88 years ago.

THINKS HEPBURN WRONGED

Judge Colter Says He Was Victim of Hotelkeepers' Plot.

St. Thomas, Nov. 9.—Judge Colter has given judgment in the appeal against the conviction of David Butler, the Orrell hotelkeeper, upholding the decision that the house was disorderly, but expressing the conviction that "the prosecutor and defendant did all in their power to pervert the case, and to make it an instrument of malice to cruelly injure an innocent man."

The judge held that the charge against W. F. Hepburn, that he stayed at the hotel on the night of Aug. 12 with two immoral women was not proven; because it was supported only by the evidence of Butler. The whole thing, according to the judge, was manipulated for "political" effect and the theatrical display. He believed the women were brought to the hotel by Butler for the purposes of the plot.

Since the trial Hepburn, who was Liberal candidate in East Elgin and threw up the candidacy because of the stories, has sold his farm stock and gone to the northwest.

LORD MAYOR'S INAUGURAL.

Quaint Old Ceremony Took Place in London Yesterday.

London, Nov. 9.—Sir William Trevelyan's term of office as lord mayor of London was inaugurated to-day with the time-honored pageant, but the usual symbolical acts were eliminated from the procession, which was representative of the city history of London for the past seven centuries, each century being represented by a figure of the period, surrounded by his retinue, garbed in the dress of the period.

The streets, as usual, were brilliantly decorated.

NEARLY HALF DISEASED.

Serious Condition Shown by Examination of School Children.

Montreal, Nov. 9.—The monthly report of the recently instituted city school inspection system to be presented to the civic hygiene committee at the city hall shows that out of a total of 43,341 children submitted to the inspectors, 20,222 were diseased in some way or placed in danger of infection thru home conditions.

Some of the more conspicuous troubles were 1600 cases of inflammation of the glands, 2236 cases of decayed teeth, 2100, enlarged tonsils 1097, lice 1022, defects of vision, etc.

British Steamer Ashore.

Cuxhaven, Germany, Nov. 9.—The British steamer Madawask, from Galveston, is ashore on the eastern coast of Nordmer Island. Several tugs have gone to her assistance.

By the Scenic Route.

Frequent trains, just time and fine equipment are features of the C. P. R. route to Hamilton, Welland, Niagara Falls and Buffalo. Daily connection for famous Empire State Express for New York. Through sleeper daily for New York. Chair car for smokers, elegantly furnished day coaches, cafe cars and dining cars, everything that is modern in train equipment will be found on this run. Remember to book via C.P.R. and the scenic route.

Church of Redeemer Services.

The Right Reverend the Lord Bishop of Ontario will be the special preacher to-morrow at the Church of the Redeemer, concluding a series of services in connection with the 35th anniversary of the opening of the church. The splendid choir of the church, numbering 70 voices, has rendered the musical portion of the services with the greatest taste.

Mount Clemens.

Leave Toronto, P. M., daily except Sunday, for Mount Clemens. Through Pullman sleeper daily, via Grand Trunk Railway. Make reservations, north-west corner King and Yonge streets.

STANDARD OIL RAISES WAGES

500 Employees Get Increase of From Five to Ten Per Cent.

Lima, Ohio, Nov. 9.—An advance of from five to ten per cent. in the wages of 500 employees of the refining branch of the Standard Oil Co. was announced here to-day.

No notice of like advance has been received by the pipe line department, but rumor has it that the voluntary advance will extend to every branch of the company.

Columbia Professor Dead.

New York, Nov. 9.—Edmund H. Miller, professor of chemistry at Columbia University, died yesterday at his home in West Nyack of typhoid fever. He was 38 years old.

To Hold Consistory.

Rome, Nov. 9.—The Pope has decided to hold a consistory Dec. 6.

What Sulphur Does

For the Human Body in Health and Disease.

COSTS NOTHING TO TRY.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood-purifier," tonic and cure-all, and, mind you, this old-fashioned remedy was not without merit.

The idea was good, but the remedy was crude and unpalatable. And a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate-coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver and excretory organs, and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they used sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers are undoubtedly the best and most widely used.

They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. D. M. Wilkins, while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resulting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article and sold by druggists and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles, and especially in all forms of skin diseases as this remedy."

At any rate people who are tired of pain from advanced itching silver knives, bowels and vessels of various kinds, remain at the old prices.

Send your name and address to-day for a free trial package and see for yourself.

P. A. Stuart Company, 57 Stuart Building, Marshall, Mich.

BOY SHOCKED BY WIRE.

Glover v. Toronto Electric Light Co. Before Supreme Court.

Ottawa, Nov. 9.—The case of Glover v. Toronto Electric Light Co. was taken up this morning before the supreme court.

The case was one of injury to the plaintiff by contact with electrical wires. The wires were carried across the Rosedale ravine, near the Glenora bridge, built by a private company. The bridge got out of repair, and as the company ceased to be interested in its maintenance, it was not repaired, the municipality disclaiming any obligation to do so.

As it had become important to the public, application was made to the legislature, and an act was passed authorizing repairs by the townships in making which the bridge was made wider and brought nearer to the electric wires.

The plaintiff, a lad of eight years of age, being on the bridge, put his arm thru the railings and touched the wires, by which he was badly burned. At the trial the jury found that the Toronto Electric Light Company was guilty of negligence, and a verdict was entered for plaintiff.

The court of appeal set the verdict aside, holding that the jury could not reasonably have found that the wires were a nuisance to those lawfully using the highway, also that the boy was not using ordinary care. The respondents also contended that they had no notice of the altered state of the bridge.

AND XMAS SO NEAR.

New York, Nov. 9.—Following the recent advance in sterling silver knives, forks and spoons, the manufacturers of plated silverware announced new price lists on these articles yesterday.

The International Silver Co., which comprises several affiliated concerns, put up its prices from 5 to 10 per cent on all plated ware.

Hollow ware, which includes pitchers, bowls and vessels of various kinds, remains at the old prices.

Dies From Burns.

Stratford, Nov. 9.—Minnie Smith, the domestic, who was frightfully burned last night thru falling with a lighted lamp, died at 6 o'clock this morning in the hospital.
