CHARGED WITH MANSLAUGHTER.

Robert Foshburgh on Trial for the Killing of His Sister

Pittsford, Mass., July 18.—The trial of Robert Foshburgh, charged with killing his sister, May L. Foshburgh, last August, began here to-day.

The trial has attracted much interest in New England. The authorities have been the first to disclose the story of the members of the family that robbers who entered the house attacked Mr. Foshburgh, and in attempting to shoot Robert, who came to his father's assistance, killed May.

The officers declare that the affair was the result of a family quarrel which young Foshburgh, using his own revolver, shot his sister, almost intending the bullet for some one else.

Foshburgh is charged with manslaughter. The District Attorney, in his opening address, said if the girl was killed through carelessness on the part of her brother or during the excitement of a family quarrel, he is guilty. The State will show that there were no intruders in the house, and that many articles of furniture in young Foshburgh's house were broken and misplaced. The prisoner had told a different story daily, and the robbery story was full of inconsistencies.

INQUIRY ON LAKE SMUGGLING.

United States Government Planning Raids on Dishonest Sailors.

Milwaukee, July 18.—Smuggling from Canadian ports by lake captains and sailors is to be rigidly investigated by secret service officials of the United States Treasury Department.

The State will show that there were no intruders in the house, and that many articles of furniture in young Foshburgh's house were broken and misplaced. The prisoner had told a different story daily, and the robbery story was full of inconsistencies.

AUTHORITY NOT YET GIVEN

To Spend Any of That \$1500 Voted By Reception Committee for the Trained Choir.

REQUEST OF THE METROPOLITAN

They Ask for Permission to Join Their Tracks With C.P.R.'s at North Toronto.

The Reception Committee on Wednesday afternoon voted \$1500 to pay the expense of Joseph Irving, the choir of the Metropolitan.

Before this sum or any portion of it can be legally spent, it has to be passed upon by the Board of Control, and finally the City Council. This has not been done yet, in a morning paper yesterday an advertisement appeared inviting members of choirs of all denominations and also competent musicians to take part.

No authority has been given to spend any money whatever, and, as one alderman put it yesterday, "We must have most of this sort of work. No money must be paid out without proper authority, and, as for advertising, which will be a considerable item, perhaps that should all be done by the City Clerk, who looks after all the city's work. We might as well put our foot down first as last. All expenditures must be authorized, and they will get into all sorts of trouble."

Metropolitan's Request.

An application has been made by the Metropolitan Railway Company to the city to connect their tracks with those of the C.P.R. at North Toronto. The company desires this privilege, so that they can convey their rails and other material for use in constructing the Schomberg extension of their line. They are willing to abide by an agreement that the city may draw up.

Mr. Wood, chairman of the Board of Works, approves of granting the desired permission. It would only be a temporary arrangement, he said, having, perhaps, about a couple of months, and nothing whatever, excepting constructing material, would be required.

Metropolitan's Request.

An application has been made by the Metropolitan Railway Company to the city to connect their tracks with those of the C.P.R. at North Toronto. THE ROYAL MUSKOKA

New Hotel on Lake Muskoka Will Be Opened July 23.

Canada boasts with pride of many beauty spots within her borders, but it is admitted that the most noted of these is the Muskoka district in the highlands of Ontario. The one drawback has been the lack of proper hotel accommodation, but now the Royal Muskoka will be the remedy.

The Muskoka Navigation Co. erected this modern hotel, which will be opened on July 23, and which is complete in its appointments and in every particular. The site chosen is Wrenshall's Point on Lake Muskoka, which is judged to be the most suitable and picturesque in the whole Muskoka district. It is 28 miles from Gravenhurst and is reached from that town by the company's boats.

The hotel contains 200 bedrooms, with an unobstructed view of the lake from each. There are 36 private bathrooms, and each bedroom is supplied with hot and cold water, electric lights and electric bells. The hotel is built on sturdy modern lines to ensure comfort to the guests. The cuisine is one of the leading features of the hotel and is in charge of a noted chef. There are ample facilities for all kinds of outdoor games, including golf, croquet, tennis, and lawn tennis. The hotel grounds are extensive and well kept. There is splendid fishing, the lakes having been recently stocked with thousands of parrish trout. The Royal Muskoka is a place of access from all points, and it is one of the most desirable places at which to spend the summer.

NOT ANXIOUS TO MEET M'LEAN.

Board of Trade Council Shunned the Matter.

Mr. Ames presided at a well-attended meeting of the Board of Trade Council yesterday afternoon.

The correspondence relative to the visit of Prof. J. S. McLean, Special Commissioner on Railways and Transportation, was considered.

On motion of A. E. Kemp, M.P., it was decided to furnish Prof. McLean with the statements prepared at various times by the Board, specifying disabilities placed on shippers by transportation companies.

The question of living grievances verbally before the Special Commissioner was referred to the Committee on Railways and Transportation, to report to the Council in September.

The Council decided to meet again next Thursday to consider the question of improved trade relations between Canada and Germany.

ADVOCATES A COMMISSION.

President Wilson Appeals for Civilized Methods for the Strike.

President John T. Wilson of the Brotherhood of Railroad Trainmen of America has issued a manifesto to the public, in which he reviews the negotiations to avert a strike, and says:

"I maintain that the public are entitled to safe, speedy and unobstructed transportation of goods and passengers. The railway companies, on the other hand, are entitled to fair treatment, and if employer and employee cannot or will not adjust their differences, a commission appointed by the government should be called upon to settle them. For the people should determine what is right and proper in the way of a settlement, and leave the two parties to the controversy to submit to the decision of the commission so appointed."

The manifesto complains of mis-statements said to have been made by various newspapers calculated to mislead the public.

The manifesto refers to the shooting of an Italian by a C.P.R. detective, and calls for civilized methods for the settlement of differences between employer and employee.

LUCKY FELLOWS THESE.

Passengers From Dawson Blocked By Ice.

Seattle, Wash., July 18.—The steamship Portland arrived in port to-day, bringing news of awful ice fields at the mouth of the Yukon. The Portland took two weeks to reach St. Michael from Nome. She plowed thru vast ice fields, and on June 24 was within sight of St. Michael. She was then held up by ice, and it took her three weeks to get to the city. Fifteen hundred people have lain at St. Michael three weeks in the prison of the ice. The ice was so bad that the people were living on one meal a day. The river steamer City of Paris was carried out from the mouth of the Yukon by the ice and was lost for a time in Behring Sea. The Portland got out after her, but she was unable to return under her own steam.

MILLIONS SUBMERGED.

London, July 18.—A Shanghai despatch to The Globe, dated July 17, contains reports of the rising of the Yangtze River, and says millions of acres of land are under water, and that the city of Hankow is threatened with submersion.

NEARLY A MILLION.

Washington, July 18.—A bulletin, issued by the census office to-day, says that there has been a decrease in the Chinese population in the United States since 1890 of 17,075, the number now being 89,000. The Chinese increased during the past 10 years from 20,000 to 24,000.

AN EIGHT-HOUR DAY.

Boston, July 18.—The union carpenters of Boston and vicinity have been granted an eight-hour day in every section where a local union exists.

BOTTLE BLOWERS TAKEN IN.

Milwaukee, July 18.—The glass blowers closed their convention here last night, deciding to take in the 1200 prescription bottle blowers.

Why He Fell Down.

From The Indianapolis Star.

Only one boy remained standing in the "spelling down" contest.

"Paedoperiperal," said the teacher languidly.

"P-a-e-d-o-p-e-r-i-p-e-r-a-l," spelled the bright scholar.

"Bad," said the teacher.

"B-p-e-d-d," said the bright scholar.

"Wrong," said the teacher. "How did you happen to fall down on such a simple word as bed?"

"Because," said the bright scholar, "I am tired, and I am sure there is nothing to fall down on."

And he rolled over and went to sleep.

A LINTMENT FOR THE LOGS—Loggers need a life which exposes them to many perils. Wounds, cuts and bruises are common, and it is important to have a remedy for them. The following is a recipe for a linctment for the logs, which is said to be of great value.

Take one pound of lard, and melt it in a double boiler. Add one pound of tallow, and melt it. Add one pound of beeswax, and melt it. Add one pound of turpentine, and melt it. Add one pound of linseed oil, and melt it. Add one pound of castor oil, and melt it. Add one pound of olive oil, and melt it. Add one pound of almond oil, and melt it. Add one pound of sweet almond oil, and melt it. Add one pound of rose oil, and melt it. Add one pound of lavender oil, and melt it. Add one pound of bergamot oil, and melt it. Add one pound of lemon oil, and melt it. Add one pound of orange oil, and melt it. Add one pound of cinnamon oil, and melt it. Add one pound of clove oil, and melt it. Add one pound of nutmeg oil, and melt it. Add one pound of mace oil, and melt it. Add one pound of allspice oil, and melt it. Add one pound of vanilla oil, and melt it. Add one pound of vanilla extract, and melt it. Add one pound of vanilla essence, and melt it. Add one pound of vanilla flavoring, and melt it. Add one pound of vanilla sugar, and melt it. Add one pound of vanilla cream, and melt it. Add one pound of vanilla ice cream, and melt it. Add one pound of vanilla cake, and melt it. Add one pound of vanilla bread, and melt it. Add one pound of vanilla butter, and melt it. Add one pound of vanilla margarine, and melt it. Add one pound of vanilla shortening, and melt it. Add one pound of vanilla lard, and melt it. Add one pound of vanilla tallow, and melt it. Add one pound of vanilla beeswax, and melt it. Add one pound of vanilla turpentine, and melt it. Add one pound of vanilla linseed oil, and melt it. Add one pound of vanilla castor oil, and melt it. Add one pound of vanilla olive oil, and melt it. Add one pound of vanilla almond oil, and melt it. Add one pound of vanilla sweet almond oil, and melt it. Add one pound of vanilla rose oil, and melt it. Add one pound of vanilla lavender oil, and melt it. Add one pound of vanilla bergamot oil, and melt it. Add one pound of vanilla lemon oil, and melt it. Add one pound of vanilla orange oil, and melt it. Add one pound of vanilla cinnamon oil, and melt it. Add one pound of vanilla clove oil, and melt it. Add one pound of vanilla nutmeg oil, and melt it. Add one pound of vanilla mace oil, and melt it. Add one pound of vanilla allspice oil, and melt it. Add one pound of vanilla vanilla oil, and melt it. Add one pound of vanilla vanilla extract, and melt it
