WINNIPEG GRAIN MARKET.

The general tone of the news was bullish, but the political news offset that news, and the sentiment swung hard to the bear side. The conservative men still remain out of the market, and it has no support from the strong interests.

The cash demand was fair and appeared better, owing to the high offers. The premiums were from unchanged to 1/4c better. Only occasional cars from the farmers are being traded in. Oats were firm. Barley was dull, and flax was very poor.

It was asserted that some of the vessels that have been lying at Baltimore have been ordered to other ports for quick loading, and there were claims that the Belgian relief committee and the Dutch Government would soon be in the market for supplies. Cables from Livempool said that freight rates were showing an easier tendency and that it was believed that the situation was being strengthened quictly. Corn held quite well with the buying excellent. Country offerings were lighter and shorts covered. It was estimated that the crop of Argentine would not exceed 25 per cent., cwing to the protracted drouth. Private advices from Liverpool reported the tone there firm. Oats ended a little lower. The market at Liverpool was dull, but firm. Consumption abroad is heavier and France and Italy are absorbing freely. Sales for export were estimated at 200,000 bushels of wheat; 200,000 bushels of corn, and 500,000 bushels of oats.

IRON AND STEEL TRADE.

Cleveland. Jan. 23.—The Daily Iron Trade today says; Pittsburg steel mill managers are bending all their energies toward securing tripment of their products while maintaining production as high as traffic sharls permit. France seeks to buy here 50,000 tons of steel rails, and export demand for all products continues to increase. Connelisville furnace coke market faffs to maintain the expected strength, as the furnaces refuse to pay premium prices. Eastern billet producers pay little attention to heavy export inquiry, but seek to satisfy domestic users.
