Out we may rest assured that the all inspired power which impelled Dr. Brown to accept the wider field of endeavor, will also bring to us a good man in his place."

A Helpful Influence. Dr. Brown in quiet, forceful words stated that if there was any measure of truth in the encomiums accorded his labors, the influence behind his work and inspiration could readily be traced back to its real scource, the "Y" itself, the most sacred and help-ful influence which had entwined it-self into his ideals. He stated that he had aged during the past four years than would have been the case normally, but had gained many more years' wisdom and inspiration during the same four years. I was, he said, no insignificant thing that the "Y"
