

FACULTY OF ARTS Curve showing "Totals" of students in Arts in the years 1856 to 1889

The curve exhibits the total number of students (matriculated and non-matriculated) each year, attending the lectures of the undergraduate course of the Faculty of Arts, omitting those who, at the same time, belonged to other Faculties. The years and the "Totals" for each year are below the diagram. The points on the curve show the height to which the "total" had in arrived in each year.
