

members were well satisfied, financially and otherwise, and wished we could have a jubilee every year.

At exhibition time members of all the Unions were faithful in their attendance, the utmost harmony prevailed throughout, and although the strain of work was heavy, there seemed but one aim. Everyone realizes more and more what a great benefit our Fair building is to us. We added some necessary improvements, viz., the furnishing of the dining hall upstairs, a place to store our milk on ice and also a place to keep our ice cream. There are still some additions necessary, which we hope to put in this summer, such as a soda water fountain; a place to store our bread, which we hope to have in readiness when work begins again. This year we were obliged to hire considerable more help, sandwich makers and a few waiters, as the committee were unanimous in their desire if possible to lighten the work. This we found to be a step in the right direction. The success of our efforts, although not quite what your Superintendents had hoped for, was fair, when we take into account so much service given free, representing so much money. Your Superintendents feel it a great responsibility to know how to use such to the best advantage. We gratefully remember the valuable service rendered by Mr. Walker, Honorary Member of the Gordon Union, and also the kind friends outside the Union. We feel we cannot close this report without giving thanks and praise to our Heavenly Father for His many mercies during that busy season.

A. CARLYLE, } *Superintendents.*

BOUNDARIES.

The boundaries decided upon for Creighton Union are Wards 4 and 5; west, Clinton St.; south, Harbord St.; east, Avenue Rd. to Bloor St.; Spadina Road to city limits on the north.

Dovercourt takes all west of Clinton St.

Northern takes east of Spadina Road, north to Bloor St.

Western has consented to take part of the territory given us by Dovercourt, being that portion bounded by Clinton, Harbord, College and Bathurst Sts.

We would like very much if Willard would take Huron St. and St. George St. between Bloor St. and Harbord St., but do not wish to delay the directory for us. We hope to see them about this.
