POOR DOCUMENT

In the World of Sport.

THE SOCIETY LEAGUE TANGLE

Matters in the Society League are at present rather tied up on account of circumstances over which the league executive has no control. The league is in its final stages and the championship clearly rests between St. Joseph's, last year's winners, and the St. Peter's, the latter at present being one game to the good.

The St. Peter's have yet five games to play—two with St. Joseph's, two with the F. M. A's. and one with St. Rose's. The last game and one of the F. M. A. games are, according to the schedule, nine running contests to be played on Saturday afternoons.

The St. Joseph's have four more games to play—two with St. Peter's one with the F. M. A's. and one with St. Rose's, the last to be a inning contest.

Altogether St. Peter's and St. Joseph's have played their scheduled number of nine inning games it was planned to have them meet again this afternoon, as such a contest would naturally be of much interest on account of the closeness of the teams. Fate decided it otherwise, however, as some of the St. Joseph's team were unable to get away from their work, not having had a very long notice, while the St. Peter's are at present somewhat disorganized on account of the injury to their back stop, Rogers, who was hit in the face with a ball in the F. M. A. game last Wednesday night.

These conditions made the proposed game impossible. Rogers' injury is quite bad, a bone in his face being bruised, but his early return to the game is looked for. On account of Rogers' injury St. Peter's could not play a game tonight either.

The St. Rose's and F. M. A's. have finished their allotted number of games while the St. Joseph's have no more evening games with the St. Rose's. The only solution of the difficulty, therefore, would be to have St. Joseph's and the F. M. A's. play tonight.

A meeting of the league executive was held last night, but as no F. M. A. delegate was present this arrangement could not be perfected.

A great week of ball is planned for the next seven days, and a meeting between the two aspirants for league honors will surely take place then. The league management regret that the proposed arrangements could not be completed, but exciting future contests will make up for this.

Portlands vs. Marathons Today.

The game on the Victoria grounds this afternoon between the Portlands and Marathons will start at 2.30 o'clock sharp. The teams will be

Marathons.	P. Y. M. A.

At Jersey City—Providence, 5; Jersey City, 4.
At Toronto—Toronto, 14—Rochester, 3.

BALL PLAYERS ARE LABORERS

Ball players are classed as laborers. Justice Henderson of Vicksburg, Miss., decided against Catcher Bishop of the Vicksburg team, who asked immunity from a garnishee suit, brought by a firm of that city, against him, on the ground that he was not a laborer. In rendering his decision, Justice Henderson said that ball players were in a class with hod carriers and other laborers.

BALL GOSSIP.

Toronto has despaired of getting Oberlin, the American League pitcher, on whom Washington refused to waive claim, and has bought Pitcher Jacobson from the Boston Americans. He won seven and lost eight games. He gave 35 bases on balls, allowed 153 hits and his percentage was .467.

DYSPEPTICS

AND ALL WHO SUFFER FROM DISORDERS OF THE

STOMACH AND LIVER!

Mother Seigel's Syrup will quickly set you right. It is a purely vegetable compound, having specific action on the stomach, liver and kidneys. It promotes healthy digestion and excretion, cleanses and enriches the blood, and gives health and tone to every part of the body.

Pitcher Kitson of the New York American League team has been sold outright to the Kansas City club, where he will play in the outfield.

BURLINE, DON A. AND MARGUERITE WERE WINNERS

Fredericton, N. B., July 26—(Special)—Although the weather was anything but agreeable at the track this afternoon, the horse races attracted a crowd of about 600 people and proved very interesting. The track was heavy as a result of a downpour in the forenoon, and slow time was made. Burline, a three to one favorite, was the "named race" hands down in straight heats, defeating Lady Patton and Shamrock.

Don. A., a little pacer, owned by John McCoy of this city, won the 2.35 class, in straight heats, beating out the favorite.

The 2.24 trot, the most exciting race of the day, was won by Marguerite, a Woodstock horse, after one heat had been taken by Axbell, who was a favorite in the betting.

Named Race, Trot and Pace, Purse $200.

Burline, b. g., A. B. Kitchen, Fredericton (Holmes)	1	1	1
Lady Patton, g. m., Springhill Stables, (Warren)	2	2	2
Shamrock, b. m., H. A. McCoy, Fort Fairfield, (McCoy)	3	3	3

Time—2.22½, 2.21¾, 2.24.

2.35 Class, Trot and Pace, Purse $200.

Don A., b. g., John McCoy, Fredericton, (McCoy)	1	1	1
Red Rose, b. m., C. L. Jackson, Newport, Maine, (Ireland)	2	2	3
Domestic, b. g., M. L. Brayson, West Newton, Mass., (Cox)	4	3	2
Little Don, b. h., Fredericton Driving Club (Stewart)	ds		
Fleetfoot, b. m., Springhill Stables, (Warren)	3	4	ds

Time—2.28¼, 2.27, 2.32.

2.40 Class, Trot, Purse $300.

Marguerite, g. m., Gallagher Bros., Woodstock, (Gallagher)	1	2	1
Axbell, br. s. h., H. C. Jewett, Fredericton (Holmes)	2	1	3
John Ball, b. g., Hugh O'Neill, Fredericton (Cox)	3	3	2
Blomidon, br. h., Springhill Stables, (Warren)	4	4	4

Time—2.26½, 2.26½, 2.33.

Great Racing at Detroit.

Detroit, Mich., July 26—Five thousand people at the Grosse Pointe track this afternoon saw the fastest mile race of the year in the first heat of the free-for-all pace, when Baron Grattan came from behind in the stretch and, after one of the famous Geers' drives, beat Angus Pointer a head at the finish.

HORSE NOTES

The stallion Kalol, owned in Charlottetown passed through Pictou on Friday last, says the Advocate, going to Peter Carrol, Halifax. Peter will have the best string of trotters in his stable this year that has been in any one barn for years. He now has Kalol, 2.26; Brazilian S, Israel Tarte and Border, and will have Achille, 2.15 1-4, and Miss Minto after August 1. These are all trotters. He also has three pacers. With this string he ought to be near the top of the list of winners at the provincial exhibition meet this year.

Showers prevented the carrying out of the programme of trotting races organized by a Quebec syndicate, which was to commence Wednesday at the ancient city and conclude on Friday. Several hundred spectators were present, and three heats in the 2.40 and two heats in the named class were run off, but in the last race all bets were declared off in the first heat, as the judges did not consider that some of the horses had done their best.

In the 2.40 class seven horses started, and when the afternoon programme had closed owing to rain.

GETTING READY FOR CUP RACES

From present indications a race for the America's cup next summer can almost be looked upon as a certainty with Lipton as the challenger. A New York despatch is to the effect that preparations are already under way, for the defence of the famous trophy. Three yachts are to be designed by three of the foremost naval architects. They will be turned out from the yards of the renowned Nat Herreshoff, Henry J. Gielon and Wm. Gardner. The presence in the country of Wm. Fife, the great English designer, is also noted. It is understood that as a result of Sir Thomas Lipton's recent visit the rules governing the designing of the challenger have been modified so that the latter is put on a much more even footing. The following from The Toronto Mail and Empire regarding these contests is of especial interest therefore at this time. It follows:

Were it not for a change in the rules of the New York Yacht Club, it is unlikely that there would ever be another challenge for the America's cup, unless from some gentleman who regarded the contest as of purely advertising advantages. Even landsmen understand that according to the old rules, one of which insisted that the challenger should cross the ocean under her own canvas, the race was practically decided before the challenger put to sea. The reason is that the challenging yacht had to be built stoutly enough to withstand a three weeks' voyage on the Atlantic, whereas the defender could be designed without any consideration but speed alone. She might not be stoutly enough built to sail a hundred miles from the shore, and yet have the speed to defeat any challenger. If the successful defender fell to pieces next day, there would be no surprise.

THE RELIANCE FRAUD.

Sir Thomas Lipton was in New York last fall conferring with leading members of the New York Yacht Club, and he told them al lthis and a great deal more, which they all knew. He pointed out that the British rules, under which the British designers worked, were intended to discourage freak yachts, and were in the interest of wholesome, useful types. He intimated that he would challenge for the cup in 1908 if the members would assure him of a change in the American rules that would give him even a sporting chance of success. Whether he freshened the memory of his hearers on the Reliance fraud is not known, but it is worth while recalling this craft to understand the kind of "shell game" America's Cup races have become. Reliance was so constructed that when she stood up in calm water her water line was 90 feet, and on this measurement is based the whole calculation as to time allowance; but as soon as a breeze struck her, she heeled over so that a large portion of her overhanging was in the water, making her actual racing length 125 feet. She cheated the rule by 35 feet! Even had the challenger desired to play at the same game, it would have been impossible, as a week's voyage would have sent Reliance to the bottom.

A SQUARE DEAL.

As a result of Sir Thomas' plea, and also in deference to the American spirit of fair play, the New York Yacht Club altered its rules, so as to place a challenger on a more even footing with a defender, and it is to study the American yachts that have been built in conformity with the new rules that Mr. Fife will stay for a few days in New York. That Sir Thomas will challenge once more has not been announced formally, but it is considered extremely likely that for the fourth time he will come cup hunting next summer.

CHANGES IN CRUSADER.

William Fife and Vice-Commodore Nicholls, owner of Crusader, realize that the prospects of that boat becoming the Canada's Cup challenger depend entirely upon the changes made in her to enable her to point higher in her trials to windward with Adele and Aileen II.

Mr. Fife, Crusader's designer, has ordered her inside ballast taken out and added to her keel, which is expected to stiffen her up and make her a better windward performer. Other minor changes will be made in the Fife boat, and the trial races will be resumed as soon as she can be put back in the water. The work is being rushed.

ATHLETIC

COPS AT SPORT.

There was a large attendance at the Montreal Police A. A. A. games held yesterday afternoon on the M. A. A. A. grounds. Competition was of the keenest and each event was closely contested. The individual championship medal went to H. Latremouille, of the Toronto force with five firsts and a total of eighteen points.

THE UNION AND FEDERATION.

The C.A.A.U. having intimated it would suspend any of their athletes who compete against Federation men at their Ottawa meet next Monday, T. C. Flannagan, of the Irish-Canadians, Wednesday, wired Wm. Foran, of the Ottawa sports committee, that his men would not go down unless every athlete who competed was under registration in the C. A. A. U. He also wired that Longboat, the Indian runner, would not go for the same reason.

The Gordon Harriers, of Montreal, have notified the Ottawa people to the same effect.

St. John Men to Run.

Stubbs, Sterling, Bovand (Hampton) and Giggey will go to Chatham to take part in the sports there.

SWIMMING

C. M. Daniels of the New York Athletic Club, swimming in the 50-yard race in the Larchmont Yacht Club's water sports Wednesday, made a new record for the distance of 25 4-5 seconds. The former record for this distance was 27 2-5 seconds, and was made by T. E. Kitching.

LACROSSE

There are probabilties of the Minto Cup series being played in the east during the month of September. Joseph Clark, of Vancouver, is at Ottawa an announces the New Westminster team is practically sure of winning the British Columbia lacrosse championship this year, and will immediately send in a challenge for the cup.

CRICKET

THE ALL-CANADA TEAM.

H. B. McGiverin and M. G. Bristowe of Ottawa have refused to play on the representative All-Canada cricket team, which has been chosen to play the United States. The Canadian Association properly refused to have the match played at Ottawa during the old boys' reunion, and politely said so in an official letter to Ottawa. The places of these players will be filled by Sheather of the Toronto Club and Hamilton of St. Albans.

THE RIFLE

Match This Afternoon.

The St. John City Rifle Club will hold their weekly match on the local rifle range this afternoon. The match will be shot over the 500, 600 and 800 yard ranges. It will start at the 500 yard mound at 1.30 sharp. All members of the club are requested to be present.

MIKE "TWIN" TO BOX JOE THOMAS

Joe Thomas, the fast welter weight boxer of 'Frisco, will doubtless be the next proposition of Mike "Twin" Sullivan. The wires were kept pretty warm yesterday between here and the earthquake city. The only sticker seemed to be in the weight, Sullivan holding out for 142 and Thomas for 150 pounds. The former, however, has about decided to take on the Californinan at the 150 mark. These men were to have fought at Denver some months ago, but as a tent was the place of meeting, the management declined to accede to Sullivan's request for a guarantee. Consequently the contest was declared off. Thomas has since claimed that Mike "Twin" wanted none of him, of this Mike says: "I am ready to put up $500 for the Sept. date, and if Thomas means business let him cover it."

The Cambridge boxer goes to Boston this evening on the Eastern liner Yale. He will be accompanied by "Charlie" Olive of the Evening Times. "Twin" says that he enjoyed his stay here immensely, the boys giving him a royal time. He will return in probably two weeks to give an exhibition providing a permit can be obtained.

BOXING TALK.

Jim Jeffries has long since retired from the ring and now his nephew, Frank, has quit. The latter reached his decision in the third round of a fight at Philadelphia Wednesday evening.

Reno, Nev., wants to give a big fight. The Reno Chamber of Commerce felt that something ought to be done to advertise the town and tossed a coin to see whether it should buy advertising space or pull off a fight.

Squires says he intends to take a long rest before thinking of fighting again. Evidently the rest of ten seconds given to him by Tommy Burns was too brief to suit him.

Bob Fitzsimmons claims that his hands are as good as ever, but there is something wrong with his jaw plate.

There will be plenty of sport for the followers of fistiana at Ottawa next week. Billy Allen will try the measure of no less a scrapper than Tommy Feltz. The two meet next week on the Little Farm grounds, Hull, at five o'clock in the afternoon, in a fifteen-round bout for a purse. Feltz is coming up from Philadelphia.

Rothesay College for Boys.

So many students from Rothesay College for Boys have obtained the very best positions offered to young men, and been so successful that those who are looking for capable assistance, for bright coming young men to do engineering, banking, railway or other work keep in touch with the principal of this institution, knowing that he probably has the material that will suit them. It is a great thing for both school and its students when it succeeds in obtaining such a reputation. To find the best positions open after graduation from such a school is about all the opportunity a brainy young fellow wants.

Parents of sons will do well to think of this when the time arrived to send the young fellows away for their educational training. Rothesay College will open this year September 10, and is adapted better than ever to the needs of the boys who are ready to receive the best training lads can get in this country.

The boy who goes to Rothesay College mingles with bigger and perhaps more manly chaps. Without knowing it he himself acquires those traits of character which will in future days make him a promising man. Under the eyes of discriminating teachers these boys pursue their preparatory course, trying to be good schoolars, learning how to be active and vigorous, and realizing better all the time what is the meaning of a sound mind in a sound body.

It is a tribute to the worth of Rothesay College for Boys, that its boys come from all over the maritime provinces and that now in the seventeenth year of its work its reputation is better than ever.

OBITUARY

Mrs. Jennie Hallett

Mrs. Jennie Hallett, wife of John E. Hallett, of Malden (Mass.), died Saturday after a two months' illness of heart trouble, The funeral was held Tuesday.

Mrs. Hallett was formerly Miss Jennie Van Wart, eldest daughter of the late Robert G. and Jennie Van Wart, and sister of C. M. Van Wart, of this city. She was a frequent visitor to St. John and has many friends here. Besides her husband she is survived by a daughter, Gladys.

George E. Morton

George E. Morton, one of the oldest and most respected residents of Penobsquis, died at the home of his son, John E. Morton, on Friday, the 19th inst. Mr. Morton was one of the best known farmers in the community of which he was a life long resident. He was a constant member of the Baptist church and was well liked by all who came in contact with him. He was 85 years of age. Deceased had been unwell for two months. He was afflicted with cancer of the stomach and this with old age proved too much for his constitution, vigorous though it was. His wife, who was a Miss McLeod, of Portage, predeceased him some 18 years He leaves two sons, John E., Penobsquis, and Willis E., Washington State, and one daughter, Mrs. Joshua Hicks, Moncton. The funeral took place on Saturday, Rev. Mr. Steeves conducted the services and interment was at Penobsquis cemetery. The last rites were attended by a large number. The surviving relatives will have the sympathy of a wide circle of friends.—Sussex Record.

Beautiful and cultured Ethel Bates of Shelbyville, Ind, is driving a binding machine on her father's farm.

Give the Babies

Nestle's Food

It is suitable for the youngest infants and the safest food for the baby in the hot weather—easily digested by the most delicate stomach. The doctors recommend the use of Nestle's Food because it is nourishing and keeps the infant's bowels in perfect order, avoiding all risks at this season from impure milk.

Nestle's Food requires only water to prepare.

THE QUESTION OF DREDGING

Hon. Dr. Pugsley Sees Sir Wilfrid in Reference to Dredging St. John Harbor.

Ottawa, July 26—Hon. William Pugsley of St. John, was in the city today. He came to press upon the public works department certain changes to expedite the dredging now carried on in St. John harbor, so as to meet the pressing requirements of the shipping interests.

In the absence of Hon. A. B. Aylesworth, the acting minister of public works who is now in his constituency, Dr. Pugsley had an interview with the premier. Sir Wilfrid said that he would have the matter attended to when Mr. Aylesworth returned.

Dr. Pugsley also saw Mr. Butler, the deputy minister of railways, in regard to some necessary improvements in the Intercolonial yard at St. John, and Mr. Butler said that the matter would be attended to at once.

The presence of Dr. Pugsley gave rise to the report that the question of the vacant portfolio in New Brunswick was under discussion, his name being prominently mentioned for the same. It is not unlikely that the political situation in the province was touched upon between the premier and ex-premier, seeing the latter is the government candidate in St. John city.

Seen by your correspondent, Dr. Pugsley said that his visit to Ottawa was on purely departmental business. His position was well understood in New Brunswick. He had decided to enter the dominion field before there was any vacancy in the cabinet. The premier ought to have a free hand in selecting his colleagues, and his visit to Ottawa had nothing to do with that matter.

PILES CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P. 71, Windsor, Ont.

GET TICKETS EARLY

Expect There Will Be a Big Rush for Tickets for Canadian Club Luncheon.

Members of the Canadian Club are asked to secure their tickets at Scammell's for the next luncheon in Keith's Assembly rooms not later than 9 o'clock Tuesday morning. Rev. Dr. Falconer will be the speaker on Tuesday evening. The names of all persons to be proposed for membership at that meeting have been placed on the list at Scammell's, so that if they wish they may secure tickets for this luncheon. In fairness alike to the caterer and those in attendance all tickets should be asked for early, either personally or by telephone.

THIS WAS GOOD SPORT

American Sportsmen Among the Salmon on the Restigouche.

John Porteous, of Norwich (Conn.), and two friends, who passed through the city on July 15, on a salmon fishing expedition, are now at Dawsonville, six miles above Metapedia, on the Restigouche, fishing the Mitchell and Ayer waters. A sensational report has been received from them by friends in the city, telling of their luck up to noon July 25. At that time the score stood—Mr. Porteous, thirty-three fish, with an aggregate weight of 286 pounds; one of his friends, thirty-two fish, aggregating 280 pounds; and the third member of the party, twenty-seven fish with an aggregate of 276 pounds. They were naturally enthusiastic over the sport which was coming their way.

It may be of interest to mention that Baillie's No. 6 Jack Scott was the killing fly.

A. E. G. McKenzie, who recently received his degree from King's College, Windsor, will leave this evening for Campbellton (N. B.), to enter on practice of the law there.

The Newest and Best

The old Ayer's Hair Vigor was good, no question about that. But your own doctor, the one you have great confidence in, will tell you that Ayer's Hair Vigor, new improved formula, is far better. The one great specific for falling hair and dandruff.
