

# Fall Circular, 1877.

**T. WHITEHEAD,**

Wholesale & Retail Hardware,

Paint, Oil, Coal and Seed Merchant,

**Walkerton, - - - Ontario.**

I gladly accept this opportunity of laying before my numerous Customers and the Public in general, a few facts worthy of note, hoping they may be read with interest and profit to all.

**FIRST.**—I have the only full stock in the County that has all been bought for cash since the wonderful fall in the price of Hardware, &c.

**SECONDLY.**—I have just secured the services of a manager, who has carried hardware samples over Western Canada for many years, and who is thoroughly acquainted with the wholesale trade of Hardware.

**THIRDLY.**—I am determined to offer such inducements to Blacksmiths, Carriage Makers and Mechanics of every trade, as well as Farmers and Grangers, as will encourage them to buy their goods at home, leave their money at home, help to build up home enterprise and save money themselves, whilst doing good to their neighbours.

My motto is now and ever shall be: Small profits and quick returns, a nimble sixpence better than a slow shilling.
