To Grow Hair On a Bald Head

BY A SPECIALIST

Thousands of people suffer from baldness because their hair, having turned nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. (Yet their case is not hopeless, the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping gray hair from falling out, and removing the dandruff germ. It will not put the hair greasy, and can be put up by any druggist: Buy 2 oz. of Castor Oil; Lavona de Compose, 2 oz.; Menthol Crystals, one-half drachm. If you wish it perfumed, add 1/2 oz. of perfume. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.

County Secretary.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water, and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxins, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is the best remedy for rheumatism. Here you have a pleasant, effervescent lemon juice, combined with lithia and used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid to eliminate uric acid by stimulation.

Canadian Art Exhibit Closed

Several good bids have been received for the Canadian Artists' picture display for patriotic purposes given at the St. John Art Club this week. Yesterday was thus far the best day for the exhibit here. The amount of the subscriptions promised for the outright purchase of one of the pictures is satisfactory and the list is still open. The attendance here has not been so good as in other cities.

During the day the tea table was under the care of the ladies of the New Brunswick Chapter of the Daughters of the Empire, those attending being Mrs. W. E. Earle, Mrs. J. H. Allingham, Mrs. J. E. Travers, Mrs. George Dawes, Mrs. Fred Lewis, Mrs. Herbert Mayes and Miss Val Penton.

An Open Letter
(About Bronchitis).

TO THE PUBLIC:

August 2, 1914.

In March, 1914, I became afflicted with an attack of Bronchitis which forced me to remain in bed for two months. The doctor in attendance changed the medicine several times, and instead of improvement, I seemed to grow worse. For awhile I was despondent, until my wife read a little pamphlet advertising the "Essence Mentho-Laxene." Discouraged with what I had been using without effect, I was willing to try almost anything that sounded like a cure. The Mentho-Laxene was bought, the syrup prepared according to directions, and before half of the quantity was consumed the cough had abated and I was able to get up and get around the house. To make a long story short, I was at work four days after, and have never felt any symptoms of the dread disease since. All who are acquainted with Bronchitis will understand how hard it is to subdue the cough, but today I am willing to take an oath, or make an affidavit to the effect that my case of Bronchitis was as severe as ever afflicted man, and that I was positively cured of it in less than four days, all due to the wonderful curative powers of the "Essence Mentho-Laxene." Since then I have recommended it to all sufferers as I was, or to those who were subject to colds of any kind. In each case the medicine sustained the reputation I had given it, and all were loud in their praises of this truly valuable prescription.

All who may be skeptical in its use can write me, and I will cheerfully give them all the information they desire about my personal signature.

Very respectfully,
A. CAMPBELL,
