

RUSHING MEN TO THE TROUBLE ZONE

SCHOLARSHIP AT JOHNS HOPKINS UNIVERSITY

Dr. S. S. King Leaves for Baltimore for a Public Health Course Under the Rockefeller Foundation.

As a result of the efforts of Hon. Dr. W. F. Roberts, minister of health, a scholarship covering two years in the Johns Hopkins University at Baltimore, Md., in public health work has been awarded to New Brunswick by the Rockefeller Foundation and this morning Dr. S. Stanley King left with his wife and child for Baltimore to take up the work. In addition to the public health work Dr. King will specialize in psychiatry and mental hygiene. The fortunate recipient of this honor had an enviable record overseas. During the war he was with the Imperial army in Gallipoli, Mesopotamia and Egypt and spent one and one half years in France. Since his return he has been neurologist with the D. S. C. R. at Lancaster hospital. The best wishes of many friends will go with Dr. and Mrs. King, who formerly made their home in Hampton.

Mr. and Mrs. Harry Magnusson returned to the city on Monday evening from their wedding trip, during which they visited Montreal, Toronto, Niagara Falls and Buffalo. Their friends are cordially greeting them. They will take up their residence in St. John, Mr. Magnusson being associated with his father, Charles Magnusson, in business here.

Turks in Feverish Concentration Near the Straits

British Also Strengthening and Scene Rivals That of Fateful Days of Gallipoli Campaign—Fear for Refugees in Smyrna After Sept. 30—Pope Calls for Peace Prayer.

(Canadian Press Cable)
Constantinople, Sept. 27.—While the Anatolian cabinet sitting at Smyrna is completing its reply to the allied note, the Nationalist army continues its feverish concentration of troops on the Ismid and Chanak lines. Mustapha Kemal Pasha now has 1,100 men in Kum Kaleh, at the mouth of the Dardanelles; 5,000 at Adramytti, fifty miles southeast of Chanak; 10,000 in the intervening Sanjak of Karesi, and considerable forces in the other areas. The Nationalist leader expects these concentrations to be completed by September 30, which date co-incides with the time set for the final evacuation of refugees from Smyrna. It is considered significant here that Gen. Nueudin Pasha, military governor in Smyrna, has declared he cannot guarantee the lives of the Christians in Smyrna, after that date. This is taken to mean that the Kemalists want to

clear the decks for action in the event the allies reject their reply. The British are no less busy strengthening their lines and checkmating every move made by the Kemalists. Further arrivals of military and naval units are daily augmenting their forces and inversely impairing Kemal's chances of successfully attacking the straits.

The Sea of Marmora and the Bosphorus are dotted with the most modern warcraft, the concentration rivaling that of the fateful days of the Gallipoli campaign. The British fleet now includes six dreadnaughts, seven battle cruisers, twenty destroyers and several submarines and giant aircraft carriers. The assembly of this great armada and the increase in the British land forces to upward of 80,000 men have quieted the frayed nerves of the anxious Christian population of the capital.

The Sultan's cabinet met in special session yesterday and decided not to retire unless so ordered by the Kemal government.

Pope Calls for Peace Prayers. An encyclical from Pope Pius was received yesterday in the Catholic churches, calling on the congregations to pray for peace. On Sunday solemn high mass will be celebrated, followed by the late Pope Benedict's peace litany.

An independent Greek division, comprising 8,000 men, has been landed at Rodosto after a remarkable escape from the Turkish army in the Smyrna region. At the fall of Eski-Shehr the division was cut off from the main body of Greek troops. After wandering in a furnished condition through the bleak mountains in Anatolia, the men managed to reach the Aegean Sea before the Turkish army entered Smyrna. Then they pushed northward to Dikeli, where they were taken off by two Greek transports.

Arrival of these troops at Rodosto places the third army corps once at full strength.

FINDS BODY IN HALL AFTER CATCHING MAN

New York Policeman Does a Good Piece of Work on Hearing Shots.

New York, Sept. 27.—Policeman Thomas Dowling of the Hamilton Avenue station, Brooklyn, was in Van Brunt street when he heard two shots from the vicinity of President street. Running thither, he saw Vincenzo Pisano, proprietor of a coffee house at 15 Bergen street, run out of the house at 22 President street. Dowling grabbed Pisano and notwithstanding his struggles took him back into the hall-way. There the policeman found a dead man, later identified as Francesco Sommi of that address.

Dowling started to leave the house with Pisano as a prisoner, when he encountered a mob of fifty or seventy persons, neighbors of Sommi's, who demanded that the policeman give up Pisano. Dowling was unable to scare the crowd by pointing his revolver, and backed into the hall. Several in the mob began to shoot into the air.

In the hallway, Dowling shut the door and commanded a resident to telephone to the Hamilton Avenue station. A few minutes later reserves under Detective Carl McCarthy came up and scattered the throng. They helped Dowling take Pisano to the station.

Questioned by Assistant District Attorney Reuben Wilson, Pisano denied that he had killed Sommi. He admitted, however, that he had quarrelled with the latter about the breaking of an electric light globe at his coffee house. He was held on a charge of homicide.
