HALF OF ESTATE TO PUBLIC USE

More Than Half a Million Dollars for Public Institutions.

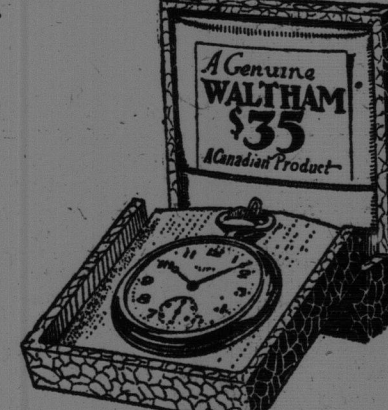

(New York Tribune.)
Public institutions will receive about one-half of the estate of Mrs. Florence V. C. Parsons, of New York and Lenox, Mass., whose will has been filed for probate. The estate is said to have a value of more than \$1,000,000. Mrs. Parsons was the widow of Daniel Wolf Bishop when she became the second wife of John E. Parsons, noted lawyer, in 1901. Mr. Parsons died in 1918. Mrs. Parsons executed her will in 1912, and in it she mentioned that at the request of Mr. Parsons she made no provision for him. She left all of Mr. Parsons' personal gifts to her to the children of his first marriage, one of whom is former Representative Herbert Parsons. In his will John E. Parsons had mentioned that his wife requested that he make no provision for her because of her own ample income. However, Mrs. Parsons left her \$200,000 for purchase of a house.

Mrs. Parsons left \$400,000 to her son, Cortlandt Field Bishop, and Mrs. Margaret A. Delany as a fund to be used to carry on the mission work of the testatrix, of which she said, "I have been much interested in mission work carried on by me in the premises 22 and 24 Catharine street and 200 and 502 South street. Should it be carried on at the time of my death, it is my wish it shall be continued as far as heretofore provided." Mrs. Parsons also devised to her son and Mrs. Delany the premises mentioned by her for the purposes she sets forth in the will.

To the Metropolitan Museum of Art Mrs. Parsons left such pictures as her son, Mr. Bishop, and Miss Beatrice R. Bishop, a granddaughter, do not wish to keep and also a collection of snuff boxes and watches which belonged to her deceased son, David W. Bishop. The testatrix added to this bequest \$100,000 in cash for the care of the collection. The Home for Incapables, in Fordham, and Grace Church receive \$100,000 each.

HAS EASTER ISLAND GONE INTO THE DEEP?

Santiago, Nov. 16.—The local newspaper yesterday published a rumor concerning the possibility of the disappearance of Easter Island, lying far out in the Pacific Ocean west of the Coast of the Province of Atacama, during the recent earthquake. The island has been reported to have been cut off from the mainland by a great wall of water. The island, which is 2,500 miles off the coast, belongs to Chile.

BOSTON NEWSBOY WINS HARVARD SCHOLARSHIP

Cambridge, Mass., Nov. 16.—Carl Stearns of Boston, for many years a newsboy, who now is paying his way through the freshman class at Harvard by selling papers in his spare hours, has been awarded the Boston newsboy scholarship by the Harvard Corporation.

Stearns, who is twenty years old, is one of five children of Louis Stearns, a Boston musician. He prepared for Harvard at Boston English High School. During the war he served with the American army in Siberia. He is also an assistant scoutmaster of the Boy Scouts. Stearns intended to earn his entire expenses at college by selling papers before he heard of the Boston newsboy's scholarship, founded in 1903 by the Boston Newsboy's Protective Union, "to be awarded for the student's first year only, to that one of the newsboys eligible to compete who passes the Harvard admission examinations with the highest percentage." The scholarship covers the cost of the year's tuition.

CHARGE WAS DISMISSED.

Hamilton Boys Were Playing Baseball on Sunday.

Hamilton, Nov. 16.—Magistrate Jelfs expressed himself on the matter of Sunday baseball playing by boys on vacant lots. He sees no wrong in it, and dismissed a disorderly charge against half a dozen boys who were caught at a game.

"They'd better be playing ball than shooting craps," said His Worship. "I don't see the harm in it. They go on to the golf links on Sunday."

To the constable who laid the charge, bringing into court as witnesses citizens who complain of this practice.

Mr. and Mrs. Elmer W. Peterson, of Colorado Springs, Colorado, have announced the engagement of their daughter, Lucy W., to Joseph E. Welford, formerly of St. John, but now of Colorado Springs. The wedding is to take place during the holidays.

NOTED INDIAN CHIEF IS HERE

White Elk on Mission for the Better Education of His People.

Chief White Elk of Vancouver, a medical doctor and surgeon, a linguist, a traveler and man of very interesting personality is at the Royal Hotel here in connection with his efforts on behalf of his people and will be in the city for some days. Seen by a Times reporter he said that his mission was to urge more and better education for the Indians. He thought a policy of less charity and more justice would greatly improve the condition of his people if the Government could be made to see things in that light.

A man of very youthful appearance, the chief is really in his fifty-sixth year. He is tall and very dark and speaks perfect English besides twenty-one other languages and fourteen dialects. He has been around the world four times and during the war served with the United States navy. He is a member of the Kiwanis Club of Vancouver and the Rotary Club of Vancouver and is also a member of the Elks. In one gold tooth is set a diamond made from a chip of the rock given by the Prince of Wales on the occasion of his Canadian tour when he was one of the five Indian chiefs to escort the Prince from Edmonton to the coast. He will speak before the local Rotary Club and will go from here to Newfoundland, sailing for England in January.

He has with him a film in which the cast is composed entirely of Indians. 1,200 in number. The picture was filmed in Yellowstone National Park, and Chief White Elk played the lead as villain. The picture was shown at the Vancouver Hotel. He is helping the Indians in general, no tribe in particular.

He has with him some very interesting war souvenirs some of which had been sent him from Belgium. There are two scarves which Belgian children sent him during the war. One was killed in the war with him. The "Strongheart" which was given to him by the Indians, Chief White Elk played the part of Black Eagle, the messenger. He led the order parade of the Convention of the Convention of Nations in Toronto. He has with him a certificate from the Mayor of Nanaimo, B. C., conferring upon him the freedom of the city.

He is making a plea for more efficient schools for the Indians. He gives it as his experience that the guardianship of the Government is a bad thing for some of the Indians, that so long as they know that they will get some money from the Government if they need it, however small, they are robbed of their initiative and many of them become undesirable citizens.

Chief White Elk was shown about the General Public Hospital and the St. John Infirmary by Dr. G. B. Peat and evidenced great interest in what he saw there.

AUTOMATIC RADIO SENDER IS PERFECTED ON MAJESTIC

First Message With New Device Received; Speed Increased 2 1/2 Times.

(New York Times.)

A radio message received here yesterday from the White Star liner Majestic, due to dock early this morning, told of the successful employment of the new automatic sender for messages, which will increase the sending speed of the ship's radio.

The message inaugurates use of automatic transmitter on merchant ships for commercial purposes and opens up a new era in ship-to-shore communications which will permit more expeditious handling of messages.

The device, which has been perfected for use with the Marconi wireless system, after experiments extending over twelve months, increases the speed of sending messages from twenty words to fifty words a minute. The message is cut on a tape and is then fed into the automatic sender, eliminating sending by hand with the key.

The case of Robert Stafford was taken up by Judge Armstrong, under the Speedy Trials Act yesterday afternoon.

Higher court by Magistrate Ritchie on a charge of indecent assault. The case was tried and Stafford was acquitted and released. J. M. Trueman appeared for the defense.

WIFE'S BODY IN TRUNK

French Workman Makes Grosseste Suicide Discovery.

Paris, Nov. 16.—M. Brunier of Riom went to work as usual, leaving his wife at home. When he returned he was

unable to find his wife anywhere, until after a long search the smell of charcoal fumes guided him to an old trunk. Opening the latter, Brunier found the dead body of his wife. Having placed a charcoal brazier in the trunk, she slumped shut the lid. The cause of the extraordinary suicide is unknown.
