AN ELECTION FORECAST.

J. K. Munroe writing in MacLean's Magazine on the probable result of the Dominion election makes this interesting comment:

"But come to think of it that patch work cabinet is not causing toy hats to fill the air. It bears the trade mark of its maker. It is meant to please everybody. It is composed of protectionists and low tariff men, Grits and Tories, Catholics and Protestants, Frenchmen and French latters. And if there is outstanding ability in its make-up will somebody please point it out?"

Hon. Arthur has the election for which he yearns and a cabinet of his own selection to fight it with. What odds do I hear on his chances of winning?"

"Truth to tell, even among the closest friends and greatest admirers of the little lawyer from the Portage, there has been little of what might be called optimism. As the fight gets warm and the blood gets hot you may see the wish fathering the thought that the members of the old party of Sir John Macdonald may be gathered together and formed into a flame that will start a conflagration. But sitting down in cold blood and with a nicely sharpened lead pencil you can't figure Hon. Arthur as anything except the west from the lakes to the mountains will go farther. Everybody knows that Quebec is going to vote Liberal, whether it feels that way or not. This starts both King and Crear with leads that Meighen cannot hope to overcome. The maritimes will only lengthen the King lead. British Columbia may help Meighen a little but its power is limited. Only in Ontario can the premier look for the seats he needs so badly. And there despite the sins of omission and commission of the Drury government, the Farmers are still strong—so strong that they are confident that they can carry a plurality of the seats. At the least (fifteen sends only 80 members to the federal house. To cut a real figure in the next parliament would have to carry practically them all. It can't be done. There are the French seats that will go to King and one or two others besides. The Farmers have lost little, if any, of their strength and it must be remembered that they were strong enough at the provincial elections to get control of the government.

How many seats will Meighen get in this broad Dominion? That question was asked of a political reporter by a former Unionist cabinet minister who keeps pretty closely in touch with the political situation. "Whisper" answered the reporter, "about forty." That's what I have been figuring," the minister whispered back, "but I was afraid to say it to anyone but myself."

USE The Want Ad Way

Chase & Sanborn's CEYLON AND INDIA TEA

is the result of fifty years of constant study to bring to the discriminating tea drinker the very best to be found in the tea gardens of the Far East.

In the flavor, aroma and golden liquor of Chase & Sanborn's Ceylon & India Black Tea can be read all the ceaseless care with which the plants have been tended and guarded against impairment and injury. Sold in half and one pound packages, sealed against air and touch.

STRANGERS RESTORE WIDOW'S LOST MITE

Return a Purse Containing \$1,400, Life Savings of a Mother of Four, Dropped from Bus.

The life savings of Mrs. E. R. Rawsthorne, a widow with four children, just arrived in New York from Green Village, N. J., were restored to her through the solicitude of two strangers who learned of the loss of the family treasure, \$1,400, when Mrs. Rawsthorne was struggling with three of her sleepy little ones aboard a bus at Riverside Drive and 106th Street, New York, in the course of a search for an apartment. With her hands more than full caring for Gwendolyn, 2, Neomans, 9, and Ellen, 10 years old, the widow never missed the handbag when it dropped to the street.

The bag, of green silk with small red spots, contained a silver clasp, containing a brown leather purse in which Mrs. Rawsthorne had placed all her money and negotiable securities. Among the contents of the purse were a \$300 Liberty bond, \$22 in small bills, and small change and the rest in \$50 and \$100 bills.

Almost immediately the bag was picked up by A. H. B. Heppie, an auditor, of 23 Broad street, who lived with his parents at 27 St. Nicholas avenue. Heppie saw the object just as the bus started, but too late to hail the driver and restore it to its owner.

Mrs. Rawsthorne and her children alighted at 136th street and the driver to look at a vacant apartment. She missed her bag and began a search which was finally carried into the street, where a large crowd joined her.

Henry Clifton, a furniture dealer, of 206 West 106th street, came along in his motor car, stopped out of curiosity, and on learning what had befallen the widow volunteered his services as driver and use of his motor car. With Mrs. Rawsthorne he made a futile search for the lost treasure back along Riverside Drive. Clifton then took the distressed woman and her children to the home of a friend living in the same apartment house with him.

Mr. Clifton advertised her loss in the newspapers. Mr. Hipper read the advertisement only a little while before he started home from business and on his way uptown went by the home of Mrs. Clifton, changing a household of sadness into one of joy.

Mrs. Rawsthorne's \$1,400 represented the proceeds of the sale of a small business in Green Village, a community of 500 inhabitants on the Lackawanna Railroad in Morris County, N. J., and a small amount of money she had saved. Since her husband died about two years ago, she has run a small store in connection with the post office in her village. When the interest changed hands, Mrs. Rawsthorne decided to come to New York, where she hoped to support herself and four children by conducting a rooming house.

MEMORIENTOS OF WASHINGTON.

Washington, Nov. 1.—Memorients of the dedication of the Salgrave Memorial home of Washington in England, were presented to President Harding and Secretary Hughes yesterday by a delegation representing the Salgrave Institution.

The memorients included photos of the mayor and recently erected statues of Washington in London and Liverpool, and two huge scrap books, containing photographs of prominent members of the U. S. English and Canadian branches of the institution.

THREE VENETIANS.

There are three Venetians who are never separated in my mind—Titian, Veronese and Tintoret. They all have their own unequalled gifts, and Tintoret especially has imagination and depth which I think renders him indisputably the greatest man; but, equally indisputably, Titian is the greatest painter; and therefore the greatest painter; and Veronese is the greatest colorist.

GRAND JURY TO SAY IF DEMPSEY "FOUGHT"

New Jersey Body Considering Case of Reformers Who Say He did not "Box" Carpenter.

(New York Times)

The Hudson County Grand Jury began an investigation in Jersey City yesterday into the question of whether the encounter between Jack Dempsey and Georges Carpentier in Jersey City on July 2 last was a prize fight or a boxing exhibition. The witnesses were Dr. Wilber P. Crafts, superintendent of the International Reform Bureau which failed in an attempt to stop the bout; Herbert Clark Gilson, counsel to the bureau; Canon William Sheafe Chase of Brooklyn, chairman of the Board of Directors of the bureau; a private detective who interviewed the fighters and their managers before the bout as to whether it was to be a prize fight or a boxing exhibition; and several members of the Clergyman's Community Club of Jersey City, which has been co-operating with the International Reform Bureau.

The Grand Jury will be discharged next Tuesday, and if it decides to return indictments it will do so then. Jersey, who ordered the investigation, said in his instructions that it was for the jury to decide whether the bout was a boxing exhibition or a prize fight. He said that the New Jersey Boxing Law, adopted several years ago, did not change the old law against prize fighting, but that prize fighting was still prohibited.

Dr. Crafts in an interview yesterday said that the detective who appeared before the Grand Jury was an Anti-Saloon League investigator loaned for the occasion. The investigator testified at previous court proceedings that the fighters and their managers told him before the bout that it was to be a real prize fight.

Mr. Gilson announced that the New Jersey churches would begin a State-wide campaign to elect legislators who would vote for amendment or repeal of the boxing law. The conventions of churches which have been held or are to be held have appointed or are appointing members of the committee.

point members of an inter-church committee which will make an active campaign in support of candidates pledged against the Boxing Law, he said.

FOR LADIES ONLY!

Something of Extra Importance for Them at 45 Princess Street Tomorrow and Thursday.

The Rialton Co. has purchased the entire stock of waterproof garments of the St. John Branch of the Dominion Rubber Co., and are offering these to the public. All are high grade goods and the prices quoted were never before heard of in connection with coats of character. Prices are now a third of the manufacturers' cost! Rialton's Show Room, 45 Princess St. The end of this week is the end of the sale.

LOCAL NEWS

A pleasing incident occurred after the last Sunday evening service in the Ludlow street Baptist church, when George Ring, on behalf of the Men's Brotherhood, made a presentation to the pastor, Isaac Brindley, who, though taken by surprise, expressed his thanks in a few well-chosen words.

Yesterday afternoon a street car and a Ford motor truck collided in front of the C. P. R. freight offices, Mill street. The automobile was owned and driven by Murray Ferris and the street car was driven by Cecil McLean. The driver of another car, who is alleged to have been responsible for the accident, escaped up Main street. The motor truck was going toward the North End, when the other automobile cut in beside it and Ferris was forced to turn across the opposite car track. Ferris was thrown from his seat and sustained a bad cut in his forehead. The second automobile was chased but could not be caught. By-standers say that neither driver of truck nor street car were to blame.

A further reduction of ten per cent, affecting all employees of the Sydney plant and office was announced yesterday by E. F. Merrill, general manager of the British Empire Steel Corporation. The reduction became effective this morning, cutting twenty per cent, was made in January, another of ten per cent in June. The wage for a twelve hour day will now be from \$2.94 to \$3.12. The men are working three days a week.

"HIS MASTER'S VOICE" RECORDS
