TWELVE PAGES—ONE CENT

WAS BIG DAY FOR PITTSBURG PLAYER

Carey Equalled Major League Fielding Record.

Some Deals in Baseball—Notables in Golf Competition in U. S.—News of Ring and Other Late Sport.

New York, July 26.—In aiding Pittsburgh to win over New York yesterday, in the only game played in the major leagues, Max Carey, centre fielder for Pittsburgh, equalled the major league fielding record by catching 11 flies hit by Giant batsmen, made two doubles, two singles, scored half of his team's six runs and called it a day.

It was Carey's spectacular playing that was a material factor in Fletcher Hube Adams' second consecutive victory over McGraw's clan. Any hopes that the Giants entertained of routing Pittsburgh from first place in the present series likewise were eliminated. The Pennsylvanians now are four games ahead with three to play.

The transfer of Emil Meusel, hard hitting Philadelphia National outfielder to the Giants adds another chapter to the series between New York and Philadelphia clubs this season.

In the trade New York gave the Phillies Curtis Walker, an outfielder and Walter Henlin, a catcher. The last named, now with the Indianapolis American Club, has been the property of the New York club since last fall. A few weeks ago McGraw traded Eddie Ryan, Lee King and Lance Richbourg to the Phillies for John Rawlings and Casey Stengel. Another deal was the exchange of Monroe and Winters for Fitcher Causey.

The new giant is a brother of "Bob" Meusel, Yankee outfielder. He is George Kelly's nearest rival for home run honors in the National League, having made twelve to date.

Cincinnati, July 26.—Johnny Ray, of Pittsburgh, bested Frank Tucker of Los Angeles here last night. Ray is to meet Jack Lawlor here on next Monday night in a ten round bout.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "when you find a team of horses is overloaded, what do you do—call the neighbors in and put on more load?" "Say," said Hiram, "when did you begin asking fool questions?" "Since we begin to discuss the harbor commission act," said the reporter. "It is claimed that the load on our harbor is too great and in order to relieve the situation we are asked to let a harbor commission come in and increase the load, the theory being that you can't pile on too much as long as there is anything left to put on. Is that how you haul in your hay?" "I don't cut no more hay at one time than I kin take care of," said Hiram, "an' if I want to put a lot I get the neighbors to help. Now, you fellers get the rest of Canada to help with that harbor, instead of puttin' the hull load on the harbor the way that these commission act does, you'll be gittin' somewhere. D'you suppose I'd go an' give away my loss if I found he couldn't do no, siree! I'd git some help—By Hen!"

TURKS SHIFT GOVERNMENT SEAT TO SIVAS

Report of Villages Set Fire by the Fleeing Nationalist Troops.

London, July 26.—The Turkish Nationalist government, on account of the successful Greek advances in Asia Minor, has been obliged to transfer the seat of its government and the Turkish Nationalist assembly to Sivas, according to Constantinople despatches to the Exchange Telegraph Company.

Constantinople, July 26.—An announcement by the Greek official agency late yesterday said the Turkish losses in killed, wounded, prisoners and missing amounted to seventy-five per cent of their entire fighting strength in Asia Minor.

The Turks have halted forty miles east of Eski-Shehr at the pass at Alitkeuk, and also at Seldi-Ghazi where a counter-offensive stopped the Greeks' advance.

There seems to be no doubt that the Greeks obtained an important tactical success in the taking of Kutais and Eski-Shehr, due to their great superiority in artillery. Allied newspapers say it is however, not considered that a decision has been reached in the fighting.

BRUSSELS STREET CASE GONE INTO

Intimidation Charge in Connection With Power Company Work.

In the police court this morning the case of John Short and John Mabee charged with intimidating employees of the N. B. Power Co., were taken up. W. M. Ryan appeared for Short and H. H. McLean, Jr., represented the company. Mabee was not represented by counsel.

The morning was taken up with examination and cross-examination of Frank Mersereau, the complainant in the case. Adjudgment was made until tomorrow morning at 10 o'clock.

At the opening of the case the magistrate told the accused that they had the option of being tried by him or going before the supreme court. Both elected to be tried in the police court and scheduled to sail on August 1.

Frank Mersereau was the first witness for the prosecution. Examined by Mr. McLean he said he was a laborer with the N. B. Power Co. and knew both of the accused by sight. He said that on Tuesday afternoon, July 18, between two and three o'clock he had gone to Brussels street in the course of his employment and had seen Short sitting on a door-step, that Short had called out "scab" several times. He (witness) had stopped there and then started down Brussels street towards Haymarket square.

Mr. Chambers was working with four or five laborers of the company, and as he (witness) had started down Brussels street he had seen Short sitting on a door-step, that Short had called out "scab" several times. HAVE POSSESSION OF SHIPS AGAIN

Injunction in Matter of Seized Vessels.

U. S. Mail S. S. Company Planned to Send the America Across Ocean Today—Court Fight Not Ended, as Injunction Temporary.

New York, July 26.—Restored to at least temporary control of nine big ocean liners seized by the U. S. shipping board for alleged violations of contract, the U. S. Mail Steamship Company planned to start the America for Cherbourg and Bremen at noon today.

Supreme Court Justice Burr yesterday restored the steamers to their charters by a temporary injunction restraining shipping board officials from interfering with the company's possession of them, pending a further hearing on Thursday.

Elmer Schlesinger, counsel for the shipping board, induced Justice Burr to hold a second hearing at his club last night on a motion to vacate the restraining order. Justice Burr, however, denied the application and warned Mr. Schlesinger against permitting any of his agents to violate the restraining order.

Following this hearing, Mr. Schlesinger recalled U. S. deputy marshals whom he had placed on board the nine steamers when he seized them on last Friday.

The United American lines, to which the seized steamers had been temporarily allocated by the board, also took cognizance of Justice Burr's order by suspending further bookings for the America and for the George Washington, scheduled to sail on August 1.

Justice Chancellor Lewis of Jersey City, N. J., had under consideration today an application of the company for an injunction similar to the one issued by Justice Burr, restraining officials of the shipping board and the United American lines from interfering with the possession of ships tied up on the Jersey City side of the harbor.

The contested steamers are the America, George Washington, President Grant, Agamemnon, Sunogochama and Polaris, all tied up here; the Mount Vernon, at Boston, and the Princess Metrola and Peacemaker, seized at foreign ports.

Officials of the U. S. Mail Steamship Company renewed today their charges that the steamers were brought about by that government's action to get clear of the courts. These charges were denied by Mr. Schlesinger, who declared that failure of the company to pay \$400,000 due in rental, failure to make contract alterations and other violations of contract caused the seizure.

WAR MEDALS GOING ASTRAY

Into Pawnshops and Hands of Collectors, Says Toronto Globe.

"War medals issued to Canadian veterans for the great war are already being sent to find their way into the pawnshops and also into the hands of collectors and stores which supply collectors in great numbers.

"One veteran who received his not long ago, the Military Medal, the Victory and General Service Medals promptly took them to a store and received \$7 for them.

"In a good many cases the medals have been sold because the recipient was in actual want and had nothing else of value to dispose of. In very few cases have medals pawned been redeemed, and most of them have been sold outright. In place of remaining in the possession of the man who won them they have ultimately become the property of collectors."
