DON'T TAKE DRUGS

It is science that has taught us this. It has proven that electricity runs our bodies and produces what we call life. It has shown that almost all sickness and chronic disorders are due to lack of electric energy. It has taught us the worthlessness of drugs, that they are only poisons, and poisons don't cure.

The reason drugs don't cure is because they do not help nature. Nature needs electricity, nourishment, something that builds up. Drugs contain no nourishment, no electricity—just poison, which tears down.

My way of curing is to restore electricity where it is needed, and pain and sickness will disappear. That's because electricity gives strength, power to the body, enabling every organ to perform its work properly, and when every organ is in a strong healthy condition there can be no pain or sickness.

Wear my Electric Belt while you sleep. It feeds a constant stream of electricity to your nerves, and they carry it to every organ and tissue of your body, restoring health and vim.

My Belt is a simple electric appliance, constructed on scientific principles, and is the product of my 20 years' experience in treating with electricity.

MAKES ATTACK ON THE SALOONS

North End Evangelist's Sermon—Social and Personal Notes

The people of the North End are taking an active part in the temperance campaign being carried on in the city. In Victoria street Baptist church, Rev. A. E. Borroughs, D. D., of Youngstown, Ohio, who is conducting evangelistic services here, preached a forceful sermon last evening dealing with the temperance question and said that every Christian should pledge himself to war against the saloon. The speaker also said that a religious revival was needed in St. John and that this would mean the wiping out of liquor and the sending of the saloons into hell where they belong. He said that the saloon keepers should be welcomed into the church and shown that they could be saved and that they should not be altogether condemned but rather the business should be condemned.

The boys and girls of Grade XI, St. John High School enjoyed a sleigh drive to Brookville last evening. The party met at the home of Miss Marjorie McKim, Main street, at eight o'clock and about forty students left in two sleighs. They went as far as Brookville and on their return spent a pleasant evening at the home of Miss McKim. Music and games were enjoyed and refreshments served.

Mrs. R. Parker Hamm of Douglas avenue held a reception on Wednesday afternoon in honor of her daughter Miss Gladys Hamm. The drawing room was festively decorated. Mrs. Hamm receiving her guests dressed in azure blue satin draped with white lace. Miss Hamm wore a coming out gown of ivory brocade with white fur. She carried a large bouquet of pink and white roses tied with pink satin streamers. Presiding at the table were Mrs. Frank Rankine and Miss Nevins assisted by Miss Edith Hamlin, Miss Jean Currie, Miss Hazel Lewis, Miss Grace Hammy, Miss Edith Hamlin, Mrs. Rex Ganter and Mrs. A. E. Pidgeon conducted the ladies to the parlor.

An enjoyable time was had last evening by about thirty young friends of Miss Cora Parks when they gave a surprise party in her honor at her home, 76 Kennedy street. During the evening they presented to her a gold locket and chain. Games, dancing and music helped to pass the time delightfully, and after refreshments the gathering dispersed about midnight.

The condition of James Morgan, dry goods merchant of Main street, remains about unchanged at his home, although his friends will be pleased to know that if anything, he shows a little improvement.

Miss Kit Patterson, formerly of this city, but now of New Glasgow, N. S., is visiting in the North End, the guest of Mrs. Springer, Main street.

The regular meeting of the Ladies' Orange Benevolent Protestant Orphanage was held in the Orange Hall, Simonds street, last evening when the following officers were elected: Mrs. G. O. Akery, president; Miss L. Logan, vice-president; G. D. Corbett, secretary; H. C. Green, treasurer; Mrs. E. Duff, Mrs. H. Kilpatrick and H. C. Green, trustees.

RAKES THE GOVERNMENT FOR LACK OF POLICY

Ottawa, Jan. 23.—"The government is out of touch with the great mass of the people; it lacks settled conviction and a moral sense; Canadians can't trade without restrictions; Canadians can't build ships; hard times are the only cure for the high cost of living; let us eat, drink and be merry, for tomorrow we die."

Such was the vigorous epitome of the position of the Borden government by Mr. Sinclair, of Guyboro, in concluding his speech tonight. He was followed by Hon. Arthur Meighen, the new solicitor-general. He was not going to anticipate discussion, he said. That must wait for the budget. He ventured to predict, however, that there was little to fear from the policy of free food for a generation. Its enforcement would mean "disaster to industries." Neither would he commit himself on free wheat or free agricultural implements.

"The revision of the tariff will be made in due course," said Mr. Meighen. "When that time comes I will accept full responsibility or sever myself from my present association with the government."

David LaFortune was the closing speaker. He spoke in French, following which the house adjourned for the week-end.

RECENT DEATHS

Miss Marion Blanche Maxwell, who entered the General Public Hospital last June to take up the study of nursing, died there yesterday afternoon after an illness of less than two weeks. She was the youngest daughter of Mr. and Mrs. John A. Maxwell of West St. John, and was in the twentieth year of her age.

Miss Maxwell was graduated from the St. John High School and soon after began her training course in the hospital. She leaves besides her father and mother, five brothers and one sister. The brothers are William, Grangeville, (Ont.), Joseph of Fairville, John Leonard, Clifford and Harold, all at home; and the sister is Mrs. Adams of this city. The funeral will take place on Sunday afternoon from St. George's Church, West St. John.

News from Los Angeles of the death of A. James McNeill, formerly superintendent of Indian affairs at Calgary, was received yesterday by his sister, Mrs. Charles D. Jones, of this city. A son of the late John McNeill, of Charlottetown (P. E. I.), one time clerk of Prince Rupert, B. C., he was a well known and successful educator, Mr. McNeill who died yesterday morning at Calgary had an interesting career. On the original trip of the C. P. R. he traversed unbroken territory, and in the Northwest Rebellion he was attached to the staff of General Middleton, taking part in the battle of Duck Lake. His wife, a daughter of Hon. Mr. McNutt, of P. E. I., and, survives.

NEWBRO'S HERPICIDE

To have beautiful hair use NEWBRO'S HERPICIDE, the Dandruff Eradicator and Scalp Prophylactic

Dandruff causes the hair to become harsh, brittle and uneven. It not only checks the natural growth but finally saps the life of the hair and it falls out.

There is no mistaking the hair which is treated to an application of Newbro's Herpicide two or three times a week. It has a sheen, shimmer and life beautiful to the eye and indicating health and cleanliness in both hair and scalp.

Fill out free coupon below and mail today. It's well worth your time whether you try my Appliance or not.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in.

It would be a veritable God-send to the unfortunate who suffer from rupture if all could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers. I am, Yours very sincerely,

JAMES A. BRITTON,
80 Spring St., Bethlehem, Pa.

Confederate Veteran Cured

Commerce, Ga., R. F. D. No. 11.

Mr. C. E. Brooks,

Dear Sir:—I am glad to tell you that I am now sound and well and can plough or do any heavy work. I can say your Appliance has effected a permanent cure. Before getting your Appliance I was in a terrible condition and had given up all hope of ever being any better. If it hadn't been for your Appliance I would never have been cured.

The above is C. E. Brooks, inventor of the Appliance, who cured himself and who is now giving others the benefit of his experience. If ruptured, write him today.

Cured At the Age of 76

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

I began using your Appliance for the cure of rupture (I had a pretty bad case) I think in May, 1908. In November 20, 1908, I quit using it. Since that time I have not needed or used it. I am well of rupture and rank myself among those cured by the Brooks Discovery, which, considering my age, 76 years, I regard as remarkable.

Very sincerely yours,
SAM A. HOOVER,
High Point, N. C.

Others Failed But the Appliance Cured

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Your Appliance did all you claim for the little boy and more, for it cured him sound and well. We let him wear it for a year in all, although it cured him 9 months after he had begun to wear it. We had tried several other remedies and got no relief, and I shall certainly recommend it to friends, for we surely owe it to you.

Yours respectfully,
WM. PATTERSON,
No. 717 S. Main St., Akron, O.

TEN REASONS WHY You Should Send For Brooks Rupture Appliance

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliances are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon today.

REMEMBER

I send my Appliance on trial to prove what I say is true. You are to be the judge. Fill out free coupon below and mail today.
