ORCHIDS ADORNED THE TABLE.

From pink, rose and other flowers in tall vases in the center of the table and corsage bouquets or boutonnières laid by the side of each plate, to a low centerpiece and a flat border just inside the plate line, is the radical change made this season for the formal dinners of luncheon and dinner tables. For years persons giving dinners and great functions have been subject to the dreary fashion which demanded high floral decorations, and which, however, beautiful to look upon, were a decided annoyance to every one seated about the festive board. First of all, they not only hid one's view from one's view, but they were a fashion which demanded high floral decorations, and which, however, beautiful to look upon, were a decided annoyance to every one seated about the festive board. First of all, they not only hid one's view from one's view, but they were a fashion which demanded high floral decorations, and which, however, beautiful to look upon, were a decided annoyance to every one seated about the festive board.
