Ottawa. April 27th.1938.

Memorandum,

The Director:

Extension of timber license No.224

(Katit Reserve No.1- Pacific Mills Ltd.)

*Approved
Murray*

Timber license No.224 was granted to the Pacific Mills Ltd.in 1935 and the terms of sale stipulated that the timber must be cut and removed within a period of 5 years. The present license therefore is only renewable to cover the season 1939-40, and would terminate on April 30th. 1940.

The licensee has represented that market conditions have precluded operating and have asked an extension of three years from April 30th.1940 in which to complete the undertaking.

As general lumbering conditions in British Columbia have been adversely affected by the disturbed situation in the Orient, I would recommend approval of the extension requested.
