

The diagram consists of three horizontal number lines, each representing a different unit of measurement for the same distance of 1 mile. Each line is divided into 1000 equal segments by vertical tick marks.

- Top line (Metres):** Labeled "Metres" at both ends. The scale ranges from 0 to 4000, with major tick marks and labels at 0, 1000, 2000, 3000, and 4000. Above the line, the distance is also marked in miles: 0, 1, 2, and 3.
- Middle line (Yards):** Labeled "Yards" at both ends. The scale ranges from 0 to 4000, with major tick marks and labels at 0, 1000, 2000, 3000, and 4000.
- Bottom line (Verges):** Labeled "Verges" at both ends. The scale ranges from 0 to 4000, with major tick marks and labels at 0, 1000, 2000, 3000, and 4000.
