THE HOME.

No Better Medicine, and have induce many to use it. "Thirty for years ago this Spring, I was fundown by hard work and a sustain of coids which may be a substained to coids which may be a substained to substain the substained of the dectors, but kept sinking lower until 1 had, given ago all hope of year being better. Urypening to be in a atore, one day, where medicines were sold, the proprietor noticed my weak and sichly appearaise, and, after a few questions as to my health, recom-mended me to try Ayer's Pills. Thad little Lith in these or any other madilian, but concluded, at last, to take his atvice and try a box. Before 1 had used them all, I was very nucle, batter, and two boxes cared me. I men we so years oid; hue I believe that it is the i to these for Ayer's Pills, I should have lear in my grave long ago. I boy is boxes every year, stilet make 20 boxes up to this time, and I would no more be with-enging in Bediend, Me. A Cure for Nervous Heada AYER'S PILLS

A Cure for Nerveus Headact Is has been a hard day and its ines in your face show it. Ture is the face have lost their firma-the face have lost their firma-the face have lost their firma-the face have lost their firma-their state of the face older than you know you are, a jeel sadder than you have a right Worse than all, a sharp pain from the list sample over the f fand do an the sides of the face is done quick them and a sharp value share. Twill show the face is and end with the top of your boil the top of the face is a fight of agong, unless son the lose knot on the top of your when take a sponge and a basin water just as hold as you can be addly over the face and forch boar face will look and foce in the top of the top of your boar face will look and foce in the out and will look and foce in the top of the face and forch is boar face will look and foce in the top of the face and forch is boar face will look and foce in the top of the face and forch is boar face will look and the face is a still and he borne. By the the bad. Kaop the hap for soms length of the does thing and your face and obly and go and lid down fit at on the go and lid down fit at on the go and lid down fit at the one thing and how the your and the one thing an important pain the them for half as hown the south and how mean fit an hown the south and how the south the south and hown the south and how the south pain the south and how the south and hown the south and

Where to Econ

Where to Economise. A mother who was particular constal in keeping her children a constal in keeping her children a contings - so much so tast it w it mains they could be induced ways from home - was asked if a any particular secret for making intractive. She repiled that an think of none except that she here is a stilling room and park light. "In the eremings," she a partors are could be back as a wat or are could be back as we have a lithe lighted, a we keep the house comfortably all over. This is the only secret a secret: "When the object be house in non-thing else if mome a choseful light in the evening and the secret." Here we way a choseful light in the original and the secret."

Her remark was very suggest only of the great diff.sence bek obserfulness of a well-lighted ho the gioom of one where the ligh and stinted, but of the cholos th matters of economy. In the nearly avery one has to study ein orme directions, but in famil ought to be directed and exer-anything rather than the outer family conforts. This is sepeci-of food, warmth and comfortab-ing. Better to war the plainest garments, better to has the plainest garments, better to has the plainest garments, better to has the plainest garments, better to base the plainest garments, better to has the outer during these. The second funditors than the dupitre any conforts, appedially like to warmth and light are among energial of these. The second of the second second second formed we must counteract troviding better attractions of the other second to be to nearly all children's food and in regard to children's food and in these connolised in these second food onearly all children as fond, wintritions any, better bankin jies and play on their cat-meal and stewed better a line's worth of go candy consistently than the co-indigge this mines play the food war closting, good stocking and stewed better a dime's worth of go candy consistently than the or conding the mines play. For too, the among dime's mouth of go candy consistently than the or conding second second second second second second second second clostered.
