NATIONAL LEAGUE WILL GET PICK OF FEDERAL LEAGUE STARS

THE WILLARD-FULTON FIGHT CALLED OFF

New Orleans, Dec. 29.—The (wenty round fight for the heavyweight championship, scheduled for Marchi 4, in this city between Jess Willard and Fred Fulton, of Minnesota, was definitely declared off here late today by Tom Jones, Willard's manager, and Tommy Burns, local promoter, who was a partner of Dominick Torterich in promoting the fight.

BOWLING VESTERDAY

Last night in the City League on Black's allies the Wanderers took the four points from the Elks. Tonight the Tigers and Specials will play. The individual scores of the match last night follows:

Pound Cake.

Two cups of sugar, 1 1.3 of washed butter. 8 eggs, vanilla, 3 34 cups of pastry flour and 3 1.2 level teaspoons of baking powder. Wash butter in ice water to remove sait, alap it hard with the hands to remove the water, cream sugar and butter well, now add unbeaten eggs, one at a time, and beat with the hands, lastly, add flour. Bake in a slow oven.

When the Federal League announced its intention to fight the National and American Leagues by taking star players of both, it happened to be the senior league which was made the target because of a peculiar combination of circumstances that caused several stars of Tener's league to be dissatisfied. The signing of Joe Tinker after Charley Ebbetts had falled to come to terms with the former, who had been pronounced a failure as the amanger of the Reds, was the first real blow struck at organized ball. Then came the rumors of trades and of managerial changes which caused the country of the Reds. Gerry Hermann having selected Charley Herzok. The Feds had matter the leader of the Reds. National League Has Call.

It has often been said that the Fedot such a large number of National stimers because the object of the dependents was to break up the nior league or steal the stars from the first division teams in order the sake the race one-sided. However, was really the selection of National seaguers as first managers and scout fiter the expansion which caused the meyen system of raiding.

This really proved a good thing for the National and was no doubt responsible for the closeness of the pennant race in 1914 and again in 1915. It will prove equally beneficial when the stary return, as all teams will be strengthen ed allike. While but few real stary who are now considered worth fighting for were taken from the American League, some of the youngsters who were property of teams in Johnson circuit may completely upset the dop

Browns May Get Plank

In case Plank is not wanted by Mack, he will be switched to the Souis Browns, who will consolidate with the St. Louis Feds, according present arrangements. If Plank shou and with the Browns, he may play a mportant part in the penant race. The usual tailenders are going to be fit to such an extent by the chast dation that it probably will put the up with the leaders.

St. Louis had a strong team on puper, and no less than six men are likely to hustle regulars of the Brown 1915 team, while two or three can be
