KNIGHTS OF PYTHIAS' ANNUAL DECORATION DAY WAS OBSERVED

Large Number of Knights in Procession Last Evening — Floral Offerings Very Beautiful—375 Persons Donated Flowers and 2,500 Bouquets Made up—Graves of Departed Brethren and Soldiers Decorated—Impressive Service at the Cemetery.

The annual decoration day of the Knights of Pythias, observed yesterday, proved to be one of the best ever held. The weather was all that could be desired, there was a large turnout, and the floral offerings were many and beautiful. The number of donated flowers was 375, and over 2,500 bouquets were made up. In addition to placing bouquets on the graves of the departed brethren, the graves in the Soldiers' Lot were decorated, and the large floral emblem, "Gates Ajar," placed on the Pythian lot in Fernhill. During the afternoon the graves in Cedar Hill cemetery, Church of England and Methodist burying grounds were decorated by a special committee.

Last evening the members of the order gathered at Castle Hall, Germain street, and at 6 o'clock the parade moved off in the following order: Barouches carrying flowers, G. W. V. A. Band, Victoria and Cygnus Companies Uniform Band, Temple Band, members of the order not belonging to the uniform rank, barouches containing older members. Arrived at Fernhill, the following service was carried out: Hymn, "God is in the Arms of Jesus," accompanied by the Temple Band; scripture reading, Knight Alfred Jenner; address, James Houlston, past supreme patriarch; "Abide with me, fast falls the Evening tide," accompanied by the G. W. V. A. Band; prayer, Knight David Hutchinson, D. D.; doxology; God Save the King.

Supreme Patriarch's Address.

The address by James Houlston, Past Supreme Patriarch, was as follows: At the outset of my remarks, which will be very brief, I wish, on behalf of the Knights of Pythias, to thank all who donated flowers and assisted in arranging them. We are deeply indebted to the superintendent of Fernhill and those in charge of other burial places for valuable assistance, all of which are fully appreciated.

As the evening shadows are deepening you come to the City of Sleep on the hill to place on the graves of your Pythian brethren your beautiful emblems of remembrance and to renew your pledge to cherish their memories green in your hearts.

Pythian memorial day brings to mind in an intensified degree recollections of those who as they passed ever life's journey endeavored, to exemplify the teachings of Pythianism. In this solemn moment you may recall a kindly act, a sympathetic word that showed a bond of friendship between man and man, which led you to come within the Pythian fold, where you are taught to do good, to dream them all day long, and thus help to make Life, Death and that vast forever one grand sweet song.

Life and Death are always enemies, each struggling for the mastery. Life sometimes wins, but it is only for a time. Death ultimately becomes the victor, and man is removed from this stage of action and is known no more among men forever. In the activities of life his place is soon filled, but he is missed in his home, his lodge and among his friends.

Since you assembled here for a purpose similar to that for which you meet today many members of the lodges in St. John finished life's earthly career and passed on to their reward.

Much as you would have it otherwise, the speaker who addresses you a year hence will have occasion to refer to the death of some whose names have been on the Pythian roster for many years. May they be prepared for the final step; if so, the gate will be ajar, through which they may pass to eternal rest.

Be earnest in your efforts to disseminate the teachings of Pythianism and you will do much to bring sunshine to hearts in gloom and brighten the path of life.

At the conclusion of the service, a large committee attended to the work of placing the flowers on the graves of the brothers, and when this had been completed the procession reformed and returned to Castle Hall.

The committee in charge of the arrangements for the day were: B. L. Sheppard, Frank Rennie, L. Munro, W. A. Wetmore, H. Coleman, H. J. Mowatt, O. S. Dykeman, C. T. Green, J. White, T. Donohoe, W. A. Coleman, W. E. Demings, H. W. Broomfield, W. C. Rising, G. Curry.

Did Me A World Of Good, She Says

Miss Kathleen Murphy Hardly Had Strength to Walk Across the Room—Tanlac Restores Her.

"Of all the medicine and treatments I have taken since my health failed about two years ago, Tanlac is the only thing that has done me any good at all," said Miss Kathleen Murphy, who lives at 845 Barrington street, Halifax, a few days ago.

"When I commenced taking Tanlac," continued Miss Murphy, "I hardly had strength enough to walk across the room. I suffered a complete nervous breakdown about two years ago and I have certainly undergone a great deal of misery since that time. I lost my appetite completely, and didn't eat. Many nights I would hardly sleep at all, and when morning came I would be so tired and exhausted that I would hardly be able to get out of bed. I felt off my weight until I was just a shadow. I had to give up doing any work at all about a year and a half ago, and I got so blue and despondent over my condition that I would have long spells of crying. I was under treatment all the time, but my condition just got worse from day to day.

"Not very long ago my mother, who was in a badly run-down condition, began taking Tanlac, and as she improved so much from it, I decided to give it a trial myself. I have only taken two bottles so far—on my third now—and it certainly has done me a world of good. In fact, that nervousness has left me entirely and I never enjoyed better health in my life than I do now. My appetite is night, I am so well and am glad now that I am back at my work again, and haven't lost a day since I went back. I think Tanlac is the best medicine in the world, and I just can't say enough for it."

Tanlac is sold in St. John by Ross Drug Co. and P. W. Munro under the personal direction of a special Tanlac representative—Advt.

Maple is the most important hard wood used by Ontario's wood-using industries, over three-quarters of a billion feet board measure being used every year. Accidental forms with the grain curved and contorted, known as curly maple and bird's-eye maple, are common and are highly prized for decorative work. Maple does not grow in any quantity north of the 49th parallel of latitude in Ontario. The material is used in twenty-eight industries. The greatest quantities are used for hard-wood flooring, furniture, and wood distillation, as stated in a bulletin issued by the Forestry Branch, Department of the Interior.ST. MARY'S BAND ENGAGED.
