STORKERSEN ARCTIC EXPEDITION SAFE ON NOR. COAST OF ALASKA

The Explorations of the Party Have Resulted in Acquiring Much Scientific Data for Canada's Naval Archives.

Ottawa, Feb. 25.—The Department of the Naval Service has received today from Port Tiden, Alaska, a despatch from Storkersen, announcing the safe arrival of his ice exploration party on November 7 last, on the north coast of Alaska.

The work carried out by Storkersen was planned by Mr. Stefanson, who intended to command the party personally, but was prevented from doing so by typhoid, which overtook him about three weeks before the expected start.

Storkersen's party, when they left the north coast of Alaska at Cross Island, consisted of nine whites and four Eskimos with eight sledges. They started March 15, 1918. After about two weeks of travel northward across the ice, Storkersen's party reached the sledges and four of the men. Two hundred miles from Alaska he sent back three more sledges and all but four of his companions. Their plan then was to camp on the ice and drift with it. They carried practically no provisions, expecting to live on seals and Polar bears. It had been the general belief of geographers and Polar authorities that there was a current running westward, and that Storkersen's party would be carried west, parallel to the coast of Siberia. Had the drift been not westward Storkersen would undoubtedly have remained on the ice all winter, but it appears from his despatch today that no such westward drift was found but the ice cake on which they were camped was carried around in what may be considered a large eddy. They commenced their drift at about 73 north latitude and 146 east longitude. The most northerly point reached by them, Storkersen reports to have been 74 north latitude and 152 west longitude, while the most easterly point reached was 144 1/2 west longitude. In addition to valuable deep sea soundings which were taken, although no report of them has been received, this exploration has shown the inaccuracy of the theory previously held as to currents in this part of the Polar sea, and has given additional demonstration of the safety and suitability for Polar exploration of them. Substantiating the country, Storkersen reports that, after seven months without other provisions than those secured by his rifle, his party landed all safe.

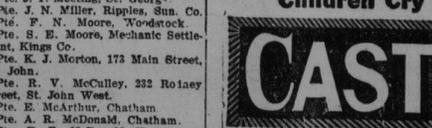

The other four members of the party were Gustav Masik, Lorne Knight, Marti Killian and G. G. Gumar.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

California Syrup of Figs can't harm children and they love it.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stom-ach-ache, diarrhoea remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals California Syrup of Figs for children's ills: give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious fruit laxative, and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a home tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

CHINESE DELEGATES TO REVEAL ALL

Instructed by the Foreign Office to Make Known to Peace Conference All the Secret Agreements.

Peking, Feb. 25.—The foreign office yesterday despatched a cable message to the Chinese delegation at the peace conference in Paris enumerating the China-Japanese agreements of which copies have been telegraphed the delegation from Peking. These, in addition to the agreements relating to Japan's twenty-one demands and the China-Japanese military convention, copies of which the delegation took with it when it left for Paris, comprise all the secret agreements between China and Japan, the message sets forth.

The foreign office cablegram, as given out here reads: "With regard to the China-Japanese agreements you took away with you copies made by the foreign office of all those relating to the twenty-one demands and the China-Japanese military convention. The foreign office has already telegraphed the text, first, of the Kiro forest and mines agreement, secondly, the draft of the agreements for the Manchurian and Mongolian railway loans; thirdly, the draft of the agreements for the Kiam-Schowfu and Tselan-Shunshu railway loans; fourthly, the notes exchanged regarding the co-operative working of the Kiaochow-Tselan railway.

"Besides these there are no other secret agreements, nor are there secret treaties of any kind. "Please disclose all these documents to the peace conference as circumstances permit, and act according to your discretion."

HER FIVE CHILDREN

Had Whooping Cough At The Same Time.

Whooping cough is one of the most dangerous diseases of children, especially to those under five years of age. It first starts with a fever and cough, sneezing, watering of the eyes and an irritation of the throat. Later the coughing increases, the child becomes livid in the face, the eyes appear as if they would burst from their sockets, and suffocation seems imminent until relief is brought by the "whoop." On the first sign of whooping cough we would advise the use of Dr. Wood's Norway Pine Syrup. This famous remedy will clear the bronchial tubes of the collected mucus and phlegm, and in this way ease the racking cough, and in a short time make it disappear entirely.

Mrs. Walter McLaughery, North Battleford, Sask., writes: "I have five children, the eldest thirteen and the baby two years old. They all had the whooping cough at the same time. I tried two or three cough remedies, but none gave the same satisfaction as Dr. Wood's Norway Pine Syrup. A home where there are young children should never be without it. I will highly recommend it to those who want a quick cure."

There are many imitations of Dr. Wood's Norway Pine Syrup, so be sure you get the genuine by insisting that the package is put up in a yellow wrapper; three pine trees the trade mark; price 25c and 50c, and manufactured by The T. Millburn Co., Limited, Toronto, Ont.

A New Hero.

A group of housewives were having tea together at a restaurant and talking over the events of the day. The question under discussion was as to who had done most to win the war. Some said Hais, others Beatty, others Fock.

At last one woman chimed in. "I don't know who's done most to win the war," she said, "but I know who's been most talked about."

"Who's that?" came a chorus. "Why, this 'ere Alou Lorraine that the French and Germans came to blows over!"

Alien Immigration. Portland Oregonian: The refugee-theorized theory about admission of aliens has been overworked. The emergency proves that there is now danger of the American people being oppressed by these refugees. The tramp whom the kind headed housewife invited into her house for a meal gives orders and has undertaken to run the house. He ought to be kicked out.

George Manuel Woodstock, N. B., Feb. 25.—George A. Manuel, aged forty-five years, died this afternoon after a brief illness with pneumonia. He was the son of the late Alex. Manuel of Woodstock. He lived in Houlton for most of his life, following the business of carriage painting. Recently he was inspector of the board of health, and at his death was connected with an insurance company. He was a member of the I. O. O. F. and Knights of Pythias. He is survived by the widow and one daughter, Miss Pearl.

Mrs. Bridget Ritchie. The death of Mrs. Bridget Ritchie, widow of James Ritchie, of Amherst, N. S., took place last evening at the Mater Misericordias Home, at the advanced age of 78 years. She is survived by one brother, Dennis McGrath, of this city. The funeral will take place today at 2:30 from the Home.

Lossing Power. Montreal Gazette: Dominion Alliance is being accused of indifference to its duty because it did not exert itself in North Ontario to save from defeat the candidate of the government which introduced and passed the strongest prohibition law Ontario ever had. Perhaps the alliance is not much to be blamed, however, it never had any perceptible political strength in some places of late, also, it has been losing its moral strength.

FAMINE STRUTS IN WARSAW

Hunger Condition Becoming Daily More Unbearable—Clothing Badly Needed.

Warsaw, Feb. 24.—(By The Associated Press)—Forty pounds of wheat flour is being sold at Moscow for 800 rubles, and in Leningrad a pound, with both commodities virtually unobtainable. Starving horses, which fall to the streets, are stripped of their flesh before they are cold. Money is of little value, and pearls, diamonds, jewels, fine bronze clocks and paintings bring little when traded. Thefts in those lines are therefore frequent. In order to get food, refugees from Moscow, were recently held up at Smolensk, it is said, and their clothing was stolen, but the soldiers disdained to take a beautiful pearl necklace, so that its owners were able to sell the necklace here.

WEDDINGS

Palmer-Helliar. A very interesting and pretty wedding was solemnized Saturday morning at eleven o'clock, January 18th, at St. James Gardens, Wesley's Church, Worthing, by the Rev. Canon, when Elizabeth Emma Grace, second daughter of Mr. and Mrs. W. W. Helliar, became the bride of William Almour Palmer, 194th Canadian Battalion, youngest son of Mr. and Mrs. Rufus P. Palmer of New Brunswick.

The ceremony which was performed in the presence of a number of guests was conducted by Rev. Alfred Bingham of Worthing. The bride entered the church on the arm of her father, looked most charming in a beautiful gown of white crepe de chine trimmed with hand embroidery and silver tulle. She carried a bouquet of white lilies, carnations and chrysanthemums. She also wore a bridal veil, Juliet style. The bridesmaids, Miss Evelyn and Miss Cecilia, sisters of the bride were becoming gowns of pink crepe de chine. The groom was served by Mr. James Potts. After the ceremony a dainty breakfast was given by the bride and groom to the wedding party. The bride was the recipient of many beautiful and costly presents. The out-of-town guests were Mrs. B. Norgett, Miss G. Francis, Miss L. Francis, Miss D. Porter, Miss F. Norgett, Miss F. Scales, Mr. H. Johnston, Mr. W. Francis, Sr., and Mr. W. Francis, Jr. The bride travelled in a blue velvet costume with light fawn Valenciennes lace set of a Chinese silk fur. The happy couple will take up their residence in New Brunswick where the groom is employed in the civil service.

OBITUARY

It takes a joint of beef to make a bottle of Bovril

Bovril contains the goodness of the beef.

THE vital elements that give beef its special place and value as a food are concentrated and stored in Bovril.

Just as the equivalent light of 32 candles is concentrated in one electric lamp, so the vital elements of beef—of many pounds of beef—are concentrated in a single bottle of Bovril.

But Bovril is not merely a precious food in itself; it possesses the peculiar power of enabling you to extract more nourishment from other foods. This gives Bovril its wonderful body-building power, proved by independent experiment to be from 10 to 20 times the amount taken. Bovril, therefore, in the true sense of the word, is a Great Food Saver.

Always keep Bovril in the house.

Bovril stands alone
