

## ERCOATS

Reductions From  
Former Prices.

A chance for any  
who wants a good  
coat to get it for a  
lot less money than  
it would have to pay the  
retailers for it today.  
We have been going up  
ever since we ordered  
these coats. But we  
raise our prices.

Prices \$15, \$20, \$25,  
\$40—Saving \$10 to

made overcoats—bet-  
a look in.

Mr. 68 King St.

## MEDALS FOR MEN WHO SERVED IN NAVY DURING WAR

One of Bronze, Similar to  
That Issued by Other Allied  
Powers, the Second of  
Silver.

Ottawa, Jan. 12.—(By Canadian  
Press Limited)—The Department of  
the Naval Service announces that,  
subject to certain restrictions, two  
medals will be awarded to men who  
served in the navy during the war.  
The first is called the Victory Medal  
and the second the British War Med-  
al for Naval Service. The first will be  
similar in design to that issued by  
other Allied and Associated Powers,  
thus obviating the interchange of Al-  
lied commemorative war medals. It  
will be in bronze, and attached to the  
ribbon by a ring. No clasp will be  
issued with it. The ribbon will be  
red in the center, with green and  
white shaded on each side. Provided  
their claims are proved by the Admi-  
rality, this medal will be issued to  
officers and men who were mobilized  
and rendered approved service either  
at sea, prior to the signing of the  
Armistice or on the establishment of  
a unit with the seat of military opera-  
tions.

The other medal, which is issued to  
record the bringing of the war to a  
successful conclusion, will be silver.  
Provided their claims are approved by  
the Admiralty, this medal will be is-  
sued to officers and men of the Cana-  
dian Naval Service who performed  
twenty eight days mobilized service,  
or lost their lives in active operations  
before completing that period. Deser-  
tion or dismissal with disgrace forfeits  
the decoration. The Department re-  
quests that no application be made at  
present for the medals, as a list of  
those eligible for them is being pre-  
pared.

## TRIED TO "HOG" LIQUOR SUPPLY

Shipment of 1,800 Gallons to  
One Individual Was More  
Than Law Would Stand for

St. Thomas, Ont., Jan. 12.—A ship-  
ment of 1,800 gallons of whiskey was  
seized here this morning because of  
its being addressed to a single indi-  
vidual. This is the first instance in  
this part of Ontario since importa-  
tion was permitted in which the right  
to have such large quantities for per-  
sonal use has been questioned.

## MAN'S BEST AGE

A man is as old as his organs; he  
can be as vigorous and healthy at  
70 as at 35 if he aids his organs in  
performing their functions. Keep  
your vital organs healthy with

## GOLD MEDAL FRANKLIN OIL

The world's standard remedy for kidney,  
liver, bladder and uric acid troubles  
since 1890; corrects disorders, stimulates  
vital organs. All druggists, 50c. a box.  
Look for the name Gold Medal on every  
box and accept no imitations

## Alkali in Soap Bad for the Hair

Soap should be used very carefully,  
if you want to keep your hair looking  
its best. Most soaps and prepared  
shampoos contain too much alkali.  
This dries the scalp, makes the hair  
brittle, and ruins it.

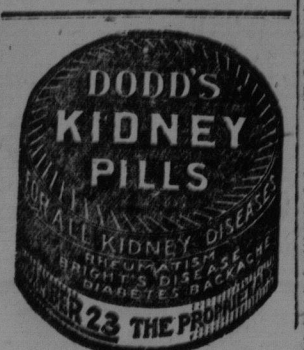

The best thing for steady use is  
Mullefied coconut oil shampoo (which  
is pure and greaseless), and is better  
than anything else you can use.

One or two teaspoonfuls will cleanse  
the hair and scalp thoroughly. Simply  
moisten the hair with water and rub  
it in. It makes an abundance of rich,  
creamy lather, which rinses out easily,  
removing every particle of dust, dirt,  
dandruff and excessive oil. The hair  
dries quickly and evenly, and it leaves  
the scalp soft, and the hair fine and  
silkly, bright, lustrous, fluffy and easy  
to manage.

You can get Mullified coconut oil  
shampoo at any pharmacy. It's very  
cheap, and a few ounces will supply  
every member of the family for  
months.

## TORONTO WILL HAVE DAYLIGHT SAVING TIME

Toronto, Jan. 12.—No matter what  
the rest of the country thinks about  
spring saving this coming summer, it  
will be proclaimed locally in Toron-  
to, according to the inaugural address  
of Mayor Thomas Church of the Tor-  
onto City Council this morning. Mayor  
Church assumed the chair for his sixth  
consecutive term.

## School Trustees' Meeting Last Night

Endorsement of Board for Ju-  
venile Court Asked —  
Amendment to Health Law  
Suggested — Heating in  
Some School Rooms Out-  
rageous — Other Business  
Discussed.

When children are ordered to stay  
away from schools on account of con-  
tagious diseases they should not have  
to pay for a medical certificate in  
order to resume attendance, said  
members of the School Board at last  
night's meeting, and it was suggested  
that there should be an amendment  
in the Health Law. Children in three  
rooms in Centennial school have been  
acquiring knowledge under difficul-  
ties. On one day the temperature  
was below freezing.

The chairman said A. R. Cruik-  
shanks wanted to address the board  
on the juvenile court.

Mr. Day—don't see the connec-  
tion with this board. Why should  
we go on record?

Mr. Lewis—"A gentleman stated  
the other night that School Board had  
endorsed the juvenile court."

Mr. Cruikshanks, admitted, said the  
juvenile court was backed by the citi-  
zens generally, and the endorsement of  
the School Board was sought. The  
judge would be appointed by the gov-  
ernment of the province if the munici-  
pal council would agree to pay the  
expenses. Court would be held in the  
rooms of the Children's Aid, and  
children after being sentenced would  
be sent home in charge of a probation  
officer, who would keep an eye on  
them. In Halifax they found the  
juvenile court useful in truancy work.  
The court has jurisdiction over child-  
ren up to 14 years.

Mr. Green—"We lose control of  
them after 14 years."

Dr. Bridges—"To deal with incor-  
rigible truants we would need a pri-  
vate school with an industrial home  
at the end."

The matter was laid over.

Ida A. Hegan on behalf of Teach-  
ers' Institute, wrote thanking the  
board for use of High school assembly  
hall.

Mrs. L. M. Lalachew, of the St.  
John Society of Music, wrote saying  
the society would be glad to take ad-  
vantage of the offer of the use of  
King George and King Edward  
schools.

Geo. C. Mitten and R. L. Snodgrass  
applied for teachers' positions.

Mrs. P. B. McLean, a widow, asked  
compensation for the loss of her boy's  
coat, stolen from the High school.

Dr. Bridges—"There are three claims  
Dr. Bridges—"Will you establish a  
dangerous precedent?"

The matter was referred to the  
High School Committee.

Dr. Mabel Hanington reported on a  
survey of 84 cases of scarlet fever  
and 68 of diphtheria in one school dis-  
trict. She concluded that schools  
were not a distributing centre of con-  
tagious diseases. Carelessness on the  
part of adults was a cause of infec-  
tion.

Mr. Green—"Many children are or-  
dered to keep away from school. How  
do they get back?"

Dr. Bridges—"They have to get a  
medical certificate."

Mr. Green—"And pay \$2. That is  
not right."

Chairman Emery said Dr. Hanington  
sometimes gave children certificates  
to return.

Mrs. Taylor said the nurse followed  
up the children, and arranged for  
their return to school.

Mr. Green—"We should ask the  
Board of Health to amend the act  
providing a better procedure for the  
return of children."

On motion of Mr. Day Dr. Hanington  
was requested to appear before the  
board and give further information  
on this question.

Mr. Day in reference to the Elm  
street school said Commissioner  
Thornton had put a policeman on duty  
at the noon hour.

Mr. Nagle—"What about protection  
for Victoria school?"

Dr. Bridges—"There's a policeman  
there."

Mr. Day said the janitor of Dufferin  
was nearly incapacitated. He was  
a good man, 81 years old. Authority  
to appoint a successor was given, if  
the present incumbent gave up his  
job.

The truancy officer reported 22 in-  
regulars; 1 truant; 1 sick; 1 neces-  
sity, for December.

Mr. Lewis on behalf of the Voca-  
tional Board asked for the use of the  
Assembly Hall in the High School, and  
to place the School Board's instruc-  
tor and class in mechanical drawing  
under the authority of the Vocational  
Board.

Mr. Green moved that the mecha-  
nical drawing classes in the Centennial  
be handed over to the Vocational  
Board. Agreed.

Mr. Lewis said the Vocational Board  
would need further for a room in  
the Cliff building for use four days a  
week. Adults wanted bigger desks,  
and the School Board had some suit-  
able. The matter was referred to the  
building committee.

Mr. Lewis said the heating in three  
rooms in the Centennial was out-  
rageous; temperature has not been  
higher than 58 since November; on  
one day it was 39. Mr. Lewis and  
Mr. Green were authorized to make  
changes so as to make the rooms  
habitable.

Those present were:—Chairman,  
Dr. Emery; Trustees, Green, Day,  
Coll, Nagle, Lewis, Colby Smith, In-  
gram; Mrs. Taylor, Mrs. O'Brien;  
Dr. Bridges, Secretary Leavitt.

Up till last evening 519 applications  
had been received for the Vocational  
Training Classes. These are divided  
into different classes and the highest  
number reported are for dress mak-  
ing. Domestic Science comes next.  
Drawing and Electricity follow. The  
chief work at present is getting the  
applicants registered and within a  
very short time all classes will be  
turning. Great interest is being taken  
and those in charge are gratified with  
the result.

## POSLAM TAKES BAD CASES OF FIERY ECZEMA

When Poslam takes hold of virulent  
and stubborn eczema, it soothes and  
cools at once, putting a stop to the  
terrible itching. A raw part of the  
skin it feels immeasurably grateful.  
As Poslam continues to penetrate  
there develops just the healing pro-  
cess needed. Contrast the ease of  
healing with the severity of the trou-  
ble, and Poslam's work seems remark-  
able indeed. One ounce of Poslam  
is worth a pound of ointment less ef-  
ficient.

Sold everywhere. For free sample  
write to Emergency Laboratories, 343  
West 47th St., New York City.

Urge your skin to become fresher,  
clearer, better by the daily use of  
Poslam Soap, medicated with Poslam.

## OFFICERS INSTALLED.

At a meeting of the Ladies' Aux-  
iliary of the A. O. H. in their rooms,  
Union street, Mrs. William C. Gillett,  
county president, installed officers for  
the coming year as follows: Presi-  
dent, Miss Winifred MacNeill; vice-  
president, Mrs. John Mullin; record-  
ing secretary, Mrs. Arthur Gallagher;  
financial secretary, Mrs. Mary Gib-  
bons; treasurer, Mrs. Daniel Lunney;  
sergeant-at-arms, Mrs. Thomas  
O'Grady; sentinel, Mrs. J. Jenkins.  
At the retiring president, Mrs. James  
McCarthy, a silk umbrella was pre-  
sented, and she thanked all the mem-  
bers for their kindness.

## KING'S COLLEGE LAW SCHOOL.

The King's College Law School re-  
sumed classes yesterday, following  
the Christmas vacation, with a lec-  
ture on Wills by His Honor Judge  
Armstrong. In the vicinity of thirty-  
five students are in attendance at the  
Law School this year, which has ne-  
cessitated the procuring of additional  
facilities for the students. To meet  
the demands of an increased attend-  
ance the college has leased almost  
half the third floor of the Pugsley  
building in Canterbury, where the  
place is being completely renovated  
into a large class room on the Prince-  
street side, with a recreation  
and smoking room for students across  
the hall. A bronze staircase from the  
Law Library is being constructed to  
connect the new rooms with the lib-  
rary and entrance will be by this way.  
The spirit of the college is keener  
than ever before, both students and  
faculty are out to make the school  
one of the best for a legal education  
in Eastern Canada.

## JOHN HENDERSON SECURES NEW COAL INTERESTS

Has Leased All the Rights and  
Titles of the Smith, Merri-  
thew Company at Minto.

Fredrickton, N. B., Jan. 12.—John  
Henderson, who has been manager of  
the Minto Coal Company, whose mines  
are now tied up by a strike of the  
miners, which has been in progress  
for more than a month, has completed  
a deal whereby he takes over the  
rights and titles of the Smith and  
Merriethew Limited, adjoining  
the Minto Coal Company's mines.  
Involved in the transfer are rights  
to about 100 acres in which two stand-  
ard shafts have been sunk and the  
usual mining equipment as well as a  
dozen or so houses for miners, a lease  
for the use of the Minto Coal Com-  
pany's spur line for a period of years  
has been transferred and thus insures  
shipping facilities via the Fredericton  
and Grand Lake Coal and Railway  
Company's line. Mr. Henderson is mak-  
ing preparations for opening up and  
operating the mines immediately and  
is said to be ready to employ many  
of the striking miners who had been  
formerly with him when he was gen-  
eral manager for the Minto Company.

The new all feature vaudeville pro-  
gramme opening at the Opera House  
this afternoon includes "The Four  
Gardeners, a ladies harmony singing  
quartet; Santosa, European musical  
novelty; Robt and Whitman, com-  
edy singing sketch; Black and white  
days," Holman Bros, hordeas bar  
experts; Martin and Wayne, comedy  
dancing and singing act, and the  
opening chapter of a new serial  
drama, "The Black Secret," adapted  
from the popular novel, "The Secret,"  
by Robert W. Chambers, with Pearl  
White in the leading role. This after-  
noon at 2:30, evening at 7:30 and 9.

## NUXATED IRON

"Say, Doctor,  
This Prescription Works  
Like Magic."

Physician Says Nuxated  
Iron Quickly Puts Aston-  
ishing Strength and Energy  
Into the Veins of Men and  
Brings Roses to the Cheeks of  
Nervous, Run-Down Women.

Ask the first hundred strong  
healthy people you meet to what  
they owe their strength and see how  
many reply "Nuxated Iron." Dr. James Francis Sullivan,  
formerly physician of Bellevue Hospital (Outdoor Dept.)  
New York, and the Westchester County Hospital, says:  
"Thousands of people suffer from iron deficiency but do not  
know what to take. There is nothing like organic iron—  
Nuxated Iron, to enrich the blood, make beautiful, healthy  
women, and strong, vigorous iron men. To make absolutely  
sure that my patients get real organic iron and not some  
form of the metallic variety, I always prescribe Nuxated Iron  
in its original packages. Nuxated Iron will increase the  
strength and endurance of weak, nervous, run-down folks in  
two weeks' time in many instances."

Manufacturers' Note: Nuxated Iron recommended above  
by Dr. Sullivan can be obtained from any good druggist with or  
without a physician's prescription on an absolute manufac-  
turers guarantee of efficacy or money refunded.

## "The Squaw Man"

Creates Profound Impression  
At The Unique.

The presentation of Cecil B. DeMille's  
Photoplay Production "The Squaw  
Man" at the Unique this week is in  
every respect a delightful picture.  
This was the opinion generally ex-  
pressed at the first showing yester-  
day. Those who saw it for the first  
time, or who had seen the play on  
the legitimate stage were impressed  
by its magnitude, the tremendous in-  
terest in the story and the remarkable  
production. Pathos, humor, widely di-  
vergent scenes, wonderful character  
delineations, thrills and suspense.  
These are the ingredients of a drama  
that can never grow old, which indeed  
seems better today than it did when  
first presented to the world in stage  
form. As a pure and unadulterated  
entertainment of the most perfect  
kind, "The Squaw Man" is unequalled.  
It has everything a Photo Drama  
should have to make it appeal. In ad-  
dition to this picture, the fifteenth  
episode of "Elmo the Mighty" was  
shown. There is plenty of excitement  
and action in this chapter. In all the  
Unique programme is a corker and is  
well worth seeing.

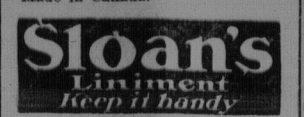

## EASE THE PAINFUL RHEUMATIC TWINGE

Sloan's Liniment Will Bring Comfort-  
ing Relief Quickly.

NEVER breaks faith. Sloan's Lin-  
iment doesn't just penetrate with-  
out rubbing and eases the external  
pain and ache, rheumatic twinges,  
lumbago, neuralgia, sciatica, lame-  
ness, strained muscles, bruises,  
sprains.

For 35 years it has gone ahead win-  
ning new friends, holding old ones,  
strengthening its reputation as the  
World's Liniment. Clean, effective in  
relieving the aches and pains of men  
and women, this old family standby  
can be relied upon to do its work  
promptly and surely. Don't be with-  
out a bottle another day—keep it handy.

All Druggists—50c, 70c, \$1.40.  
Made in Canada.

## DOUBLE FUNERAL.

The death of Miss Annie Cusick oc-  
curred yesterday morning at her  
home in Silver Falls in the same  
house as that in which the death of  
her brother-in-law, Patrick Myles, oc-  
curred Sunday. She was the daughter  
of the late Thomas and Bridget  
Cusick and was a native of Hibernia  
Settlement. One sister survives, Mrs.  
Myles, whose husband passed away  
Sunday and who is thus bereaved a  
second time within a few hours. Much  
sympathy will be extended in the sor-  
row which has come upon the home.  
A double funeral will take place this  
afternoon at 2:30 o'clock at St.  
Joachim's church, Silver Falls.

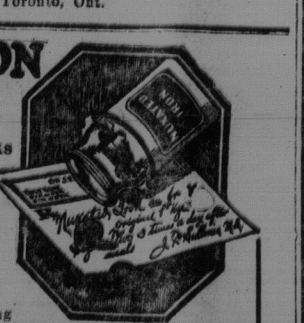

## SUFFERED WITH BOILS LAST 5 YEARS

Boils are simply a breaking out of  
bad blood, and anyone who has suf-  
fered from them knows how sick and  
miserable they make you feel. Just  
when you think you are cured of one,  
another seems ready to take its  
place and prolong your misery. All  
the poulticing and lancing you can  
do will not get rid of them.

While the skin appears to be the  
cause of the irritation the real disease  
is rooted in the blood, and to get rid  
of these painful pests it is necessary  
to get right at the source of the trouble.  
When the blood is purified, cleansed  
and vitalized, by Burdock Blood  
Bitters, the boils will quickly disappear,  
your misery is at an end, and health  
and strength come back again.

Mr. Robt. Johnson, Barkway, Ont.,  
writes:—"I have suffered very much  
during the last five years from boils,  
and as many as five at once. I tried  
different remedies without any relief.  
I was advised to try Burdock Blood  
Bitters, which I did, and after taking  
just one bottle I have had no more  
boils."

B. B. B. has been on the market for  
over 40 years and is manufactured  
only by The T. M. Murn Co., Limited,  
Toronto, Ont.

Physician Says Nuxated  
Iron Quickly Puts Aston-  
ishing Strength and Energy  
Into the Veins of Men and  
Brings Roses to the Cheeks of  
Nervous, Run-Down Women.

Ask the first hundred strong  
healthy people you meet to what  
they owe their strength and see how  
many reply "Nuxated Iron." Dr. James Francis Sullivan,  
formerly physician of Bellevue Hospital (Outdoor Dept.)  
New York, and the Westchester County Hospital, says:  
"Thousands of people suffer from iron deficiency but do not  
know what to take. There is nothing like organic iron—  
Nuxated Iron, to enrich the blood, make beautiful, healthy  
women, and strong, vigorous iron men. To make absolutely
