The Gen-Foundry, of New York, is the projector and instead of seratching the surface with eral Assemblies of the Church of Scot We wish Mr. Stetham success, believing a garden rake, to smooth down the land in Canada, and of the Canada there is great need of such an enterprise roughness they have put in a subsoil Presbyterian Church are now discussing and hoping that he will be cordially plough and turned up astonishing facts. the question of Union, which for so long supported.

They have found one of the men, and has been before the country. So far as his name is Bassett. He, with his part. the Church of Scotland is concerned was introduced directing the Secretary ner, contracted to build the ill-fated dam, from a return submitted on Wednesday of War to cause a survey to be made of and superintend its construction. He it appears that out of 11 Presbyteries. was indisposed to remember much about | 111, Kirk Sessions, and 127 Congrega it at first, but after submitting to the tions, which had voted upon the ques inquisition awhile his recollections be- tion, 9 Presbyteries, 83 Kirk Sessi gan to flow and finally came in quite a and 107 Congregations had voted little freshet. He confessed that he absolutely in favor, of Union, while only knew just how worthless the concern was one Presbytery, 14 Kirk Sessions, and while he was building it. He knew it 11 Congregations had voted pay simpliand capals. was too cheap by half and would break citer, while the remainder of the l'ressome time. It was planted on mud, and byteries, Kirk Sessions and Congregaviolated every law of mechanics and tions, with the exception of one Kirk every known principle of art. The mor. Session, had voted for Union, with tar was good for nothing, and the whole various reservations as to terms. A thing was so flimsy that it hardly held Dr. Cook said the feeling of the people together till it was finished. He knew is evidently for Union, although, as some that it would be swept away by a freshet, of the speakers suggested, the question with a fair supply of greenbacks or some and would probably destroy a number may again have to go to the Presbyteries of lives and a vast amount of property, and congregations before being finally like an empty stomach, is a bad machine But that was no concern of his. He disposed of. Our Wesleyan friends are to produce an impression with. Human did the job for the money. It was a also earnestly seeking for Union, not only nature seems to abhor a vacumn. If with their brethren of the Maritime matter of eash, and conscience had noyour minister is dull try the effect of a thing to do with such things. If he had Provinces, but with the other Weslevan bodies which exist among us. As far as not taken the contract another man night Union with the former is concerned, i would have taken it, and he might as Henri Rochefort is in New York and only needs validation all the prelimin well have the money as anybody.

aries having been settled and sanctioned It was on such muddy morality that by the present Conference of England. the fatal dam was built. It is easy The Canada and Eastern British Ameri wough to call the confessing contractor can Weslevans, when united, will indeed by the hardest names in the dictionary. be a powerful body having a ministeria Of course he is a conscienceless villain A man who will coolly take a contract staff of 841, and a church membership of 88,849. The union will necessitate for a piece of work which he knows and will doubtless be immediately fo will prove a death trap and destroy a lowed by a division of the Conferen number of innocent lives is guilty of man- into five annual conferences, which will slaughter in the first degree, and ought to be represented at a quadrennial conferbe dealt with severely enough to ad. ence by an equal number of ministers and laymen. A basis of Union with the vertise the fact that there are some New Connexion seems to have been althings a man cannot do with impunity ready arrived at, and that too with the But this man is not alone in his guilt. He sanction of the Mother Church, whilst union of all the branches of this poweris a specimen brick. For the last twenty ul body seems likely to be a question of five years the community has been turn a few months at most. It cannot but be ing out men of the same stamp. There a matter of gratification to the Christian is more mud than clay in the average world to notice that the spirit of union so generally prevails, and it may be that norality of the time. His excuse has doings of 1874 will but be the pre not even the poor merit of originality. lude to a still closer union, not only The rumseller deals out drunkenness by sentimentally, but materially, between the glass because some other man wil other Christian bodies. ----
