A Deserved Honor

A few evenings ago committees representing the Sabbath School and Sabbath School Board of the Methodist church waited upon Mr. D. Fisher at his residence and presented him with a beautiful Morris chair in behalf of the School. Addresses from the School and Board accompanied the gift, and these recited Mr. Fisher's faithful services as superintendent for nearly forty years, fittingly recognized his labor of love, and expressed regret that ill health compelled his resignation of the office which he had so long and ably filled.

Mr. Fisher was deeply affected by this mark of appreciation and gratitude for his work, which had ever been a pleasure to him.

It is the wish of his host of friends, far and near, that he may for many years be privileged to enjoy the rest that he has so well earned.

Mission Band Bazaar

The Pansy Mission Band of the Methodist church held their annual social and bazaar on Tuesday evening in the basement of the church, and it proved to be in every way a delightful event.

After devotional exercises the following programme was presented:—
Addresses—Mrs. Hughes (who presided) and Mrs. Cornell.
Cornet duet—The Misses Gainford.
Song—Miss Joanna Rosa.
Recitation—Jessie Percival.
Song—The Misses Massey.
Reading—Birdie Derbyshire.
Presentation of life certificate to Hubert Cornell.

Responsive dialogue.
Recitation—Harold Percival.
Solo—Miss G. Wilton.
Solo—Miss M. Hughes.
March—by little girls.
Recitation—Rena Kendrick.
Duet—The Misses Gainford.

There was a very large attendance, and though the admission fee was small and the bazaar articles low priced, the financial result must have been quite satisfactory.

DEATH OF JONAS STEACY

Early on Saturday morning last Jonas H. Steacy departed this life at his home near Athens, aged 65 years.

For years he had been in poor health and lately seemed to realize fully that the end of his life was drawing near, but until about ten days before his death he was able to give some attention to the work of his farm.

A devout Christian, a member of the Methodist church, he was a constant attendant at all its services, and his whole life and character was in harmony with his religious profession. He took little part in public affairs, preferring the quiet of his own home circle, where his love and devotion will ever remain a pleasant memory with the members of the grief-stricken household. He is survived by his wife and six children, viz.: Mrs. H. Knowlton of Chantry, Mrs. B. Brees of Addison, Mr. W. L. Steacy of Athens, Ford, Edna and Wilma at home.

Mr. Steacy was widely known and highly esteemed, and the funeral on Sunday was attended by such a number of friends that the large auditorium of the Methodist church was completely filled. Members of the A.O.U.W., with which deceased had been connected, attended in a body.

The pastor, Rev. S. J. Hughes, M.A., preached an impressive sermon from Rev. 14, 13—"Blessed are the dead which die in the Lord"—and a beautiful choral service was rendered, which included a solo by Miss Culbert and a quartette by Miss Culbert, Miss Morris, Mr. Eaton and Mr. Gainford.

Following the service the remains were deposited in the vault.

TELLS HOW TO MIX IT.

A well known authority on Rheumatism gives the readers of a large New York daily paper the following valuable, yet simple and harmless prescription at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

A CRAZY MAN

Found Eating an Egg, Shell and All—People are Amazed.

A crazy man was recently found eating an egg, shell and all and it was declared additional proof of his insanity, as every one realizes that the shell of an egg has no food value and is both indigestible and injurious. It is just as crazy for a sane person to swallow a lot of cod liver oil to get the benefit of the medicinal elements contained therein, as for a crazy man to eat the egg, shell and all.

Scientists agree that the oil or greasy part of cod liver oil has no medicinal value whatever, and only upsets the stomach and retards recovery, but it is the medicinal elements enveloped in the cod's livers and their oil which represent all the tonic and curative power of that famous old remedy.

Vinol contains all the medicinal, curative elements of cod liver oil, but is entirely free from oil, and is therefore, the best strength creator and tonic reconstructor possible to obtain.

The reason Vinol is so far superior to the old fashioned cod liver oil and emulsions is because it is made by scientific, extractive and concentrating process from fresh cod livers, combining with peptonate of iron all the medicinal, healing body-building elements of cod liver oil, but no oil.

Vinol is unexcelled to restore health and create strength for run-down, debilitated, tired, overworked people, old people, weak women, nursing mothers, puny, ailing children, convalescents, or for people suffering with hard colds, hacking coughs, incipient consumption and bronchitis. Try it. If it fails we will return your money. J. P. Lamb & Son, Druggists, Athens, Ont.

FRANKVILLE

Mr. L. Dunham, who moved to Kingston, will run his saw mill here the last of the winter, cutting any timbers that may be brought in—a great accommodation.

It is interesting to hear Mr. Brown from the Yukon describe the country. He thinks placer mining is failing and big corporations will have the innings.

At the reopening services of the Methodist church many were pleased to meet and hear Rev. John Webster. The improvements, including the ten large memorial windows, cost over \$500 and are practically paid for.

The moving picture exhibition and lecture by Mr. Stubbs on Britain and Europe, to be given in the Methodist church here on the 17th, will be most delightful and instructive.

A little boy in Cardinal was instantly killed while engaged in the dangerous pastime (common in Athens) of "jumping on rigs." In many cases, a measure of responsibility attaches to the driver in charge of the rig, and where the indulgence is permitted the driver should see that the children get on and off safely.

Australians Want Canadian Headache Cure

When the family of Mr. A. O. Norton, the Jackman manufacturer of Boston, and owner of the King copper mine in this province, were travelling in Europe last year they met a party of people from Australia, several of whom were suffering during their travels from severe headaches. It appears that Mr. Norton and his family also carry a supply of Zutoo Tablets, the well known Canadian headache cure, and that Miss Norton distributed some of these tablets among the Australians. Now she is receiving letters from people in Australia asking where they can get a supply of the tablets which they found so effective in curing their headaches and at the same time so harmless. We might add that these are the same Zutoo Tablets advertised in our columns.

Local and General

The remains of Mrs. W. J. Macklay who died in Brandon on Dec. 4, were brought to the home of her parents, Mr. and Mrs. John N. Livingston, near Brockville on the Lyn road. Her maiden name was Allura Livingston and she has many friends in this section who learn with sorrow of her death.

A meeting of the trustee board of Athens model school on Monday evening, the Report of Dr. Kinney, I.P.S., following his recent inspection, was read, which certified to the efficiency of the public school staff and stated that highly satisfactory work was being done by Principal Burchell in training the modelists.

Facts for Catarrhal Sufferers

The mucous membrane lines all passages and cavities communicating with the exterior.

Catarrh is an extensive secretion, accompanied with chronic inflammation, from the mucous membrane.

Hood's Sarsaparilla acts on the mucous membrane through the blood, reduces inflammation, establishes healthy action, and radically cures all cases of catarrh.

Times: Peter Ross, a bell boy, entered the room of H. W. Kincaid of Athens, a guest at the Central Hotel, and extracted from his trousers pockets \$13. Ross was observed to be spending the money freely which led to his arrest when he made a clean breast of the theft. He had purchased tickets for himself and a friend for Montreal and intended leaving by the afternoon train for that city. Ross was remanded to jail for one week.

DOCTORS USING PATENT MEDICINES

The Honest Physician is Anxious to Cure and Uses the Best Available Remedies.

The proposed legislation through the Dominion Parliament for the regulation of the manufacture and sale of patent or proprietary medicines is of the utmost importance, and it is receiving a great deal of attention, not only by the proprietary medicine manufacturers, but also by the leading doctors and druggists. Every manufacturer of reliable and high class remedies welcomes the bill as a step in the right direction. The discussion has brought out the fact that the best physicians in Canada and on the continent approve of and prescribe Psychine in cases of the most difficult character. In a recent instance of very serious throat and lung trouble the patient had been using Psychine. Two leading United States specialists were consulted, in addition to two eminent Canadian physicians. Upon learning what the patient was using, a sample of Psychine was taken and analyzed, with the result that the physicians advised its continuance. They prescribed no other medicine but Psychine, with the result that the patient has fully recovered and is a splendid walking and talking advertisement for the wonderful curative power of a remedy that will "stand up" before the keenest professional criticism and analysis. As a builder-up of the system and restorer of all wasted conditions, Psychine has no equal, and the best and most earnest physicians recognize this fact.

"At the age of 25 my lungs were in a terrible state. I had in the year before, I settled on my lungs and I lost steadily growing. I had a consultation of doctors, and they said they could do nothing more for me. Then I started to use Psychine. I took the medicine for more than a year. It certainly did wonders for me. I am now as strong as I was before my sickness."

MRS. H. HOPE.

Psychine, pronounced Si-keen, is the greatest of tonics, building up the system, increasing the appetite, purifying the blood, aids digestion, and acts directly upon the throat and lungs, giving tone and vigor to the entire system. At all druggists, 50c and \$1.00. Dr. T. A. Slocum, Limited, 170 King Street West, Toronto.
