

I48043

Ottawa Jan 17th, 1911.

Sir,-

Representation has been made to the Department by Mr. A. E. Dymont to the effect that the bridge at the mouth of the Thessalon River in the town of Thessalon is very badly in need of repair or a new bridge should be constructed. Kindly report in full on this matter.

In 1894 the Indians contributed out of their funds the sum of \$400.00 towards the construction of the bridge across the River; probably the present one. You might ascertain whether they are willing to contribute towards the repairs or construction of a new bridge and the sum they are willing to contribute.

In your report please specify the repairs required and their cost. If you think that a new bridge should be constructed, and in the event of the Indians being willing to contribute to its construction you might interview the town authorities and report the class of bridge it is proposed to build and its cost. Kindly also give length and other details.

Your obedient servant

Samuel Hagan, Esq.,
Indian Agent,
Thessalon, Ont.

Samuel Hagan
Assistant Deputy and Secretary.
