"Cold and changeable weather is very apt to undermine the health and bring on Coughs, Colds, Influenza, &c. Dr. Wilson's Pulmonary Cherry Balsam should always be given on the first appearance of any of the above complaints. It will also strengthen the Lungs so as to be able to resist disease being forced upon the system. We know this Balsam to be good, and our duty as a journalist compels us to make it known. It is clean, safe, and grateful to the taste, and if you use it, it will do you good."—*Cape Breton News.*

"THE BODY'S BULKWARK.—The unusual duration and severity of our Northern winters of course exercise the worst effect over the delicate, infirm, and aged, rendering the exceedingly liable to pulmonary disorders; and on the first approach of such complaints Dr. Wilson's Pulmonary Cherry Balsam should be taken to avert the ill consequences of such a trying season. Nothing beyond this is necessary for any invalid to root out the most confirmed cough, and enjoy lasting good heart."—*Liverpool Advertiser.*
