UPPER CANADA,

The Detroit papers publish the following bombastic nonsense, as being an Address and Proclamation, issued by the Commander-in-Chief of the piratical band, who were so sig-nally defeated at Windsor :--

SOLDIERS !- The time has arrived that calls SOLDERS: - The time has arrived that cans for action : the blood of our slaughtered coun-trymen cries aloud for revenge. The spirits of Lonnt and Matthews, and Morcau, are yet un-veraged. The markered heroes of Prescott, Jie in an unhallowed grave in the land of tyr-ramy. The manes of the ill-fated Cardine's crew, can only be appeased by the blood of the eventeers. nurderers.

PROCLAMATION.

CITIZENS OF CANADA !-- We have taised the CITIZENS OF CANADA :- We have faised the standard of liberty on our shores. It is not an ensign of oppression, but of protection. We have returned to our native land, not as ene-mies, but as friends. Charges, false as the

have returned to our native land, not as an mice, but as friends. Charges, false as the hearts of your oppressors, have been made against us; and you have been told that we are prizes, robbers, banditi and brigands. You have been told that we come to plunder, and destroy; and that the reward for which we are contending was indiscriminate robbery.— Palse is the charge—alike false and dece jirs. We come to restore to our beloved country that liberty so long enjoyed, and so tyranuically wrested from us. This is out only object—this is the sand of our desires and of our ambition. When this is accomplished, gladly will we re-turn to the cultivation of our beloved fields, and the enjoy ment of the domestic firside. No one who remains at home shall be mo-lested in his avocations,—those, only, found in armas, or aiding our oppressors, will be frested se exemise ; those aiding us in restoring liberty

LOWER CANADA.

LOWER CANADA. From the Montreal Herald of Salurday last. Executions or Josenn Nancisse: Candinat. and Josenn Dequertes.-Yestetday monitorial and Joseph Dequette were executed in front of the new goal, but as it was not generally sup-posed that our finid Government would have posed that our timid Government would have the moral courage to carry the sentence of the Coart Martial and execution against any of the guilty robels, there were not many specta-tors. Three companies of the Royal and three of the 24th regiments formed inside Ma-gard square, supported by a detachment of the Queen's Light Dragoons under Captain Jones. On Thursday evening, Cardinal was visited Wy his wife and two of his children, and Duquette was visited by his mother, to take a last farewell on this sold the grave. The interviews were was visited by his mother, to take a last farewell on this side the grave. The interviews were affecting in the highest degree, and displayed, in most torbible language—that of the heart, even in this world. The unforbunate prisoners were attended by the elergyman of the semi-nary, who administered appropriate religious consolation to them. Their appearance on the scaffold beight the character of trave men meet-ing death ; Cardinal in particular, showing treat emotion, and trembling so violently that scaffold belied the character of brave men meet-ing deati; Cardinal in particular, showing great emotion, and trembling so violently that we did not expect he would have stood the short religious ceremony without fainting. The provest marshalr as dhe sentence of the court, atter which the hangman pulled the fa-tal lever, when the trap foors gave way, and the two rebels were exhibited between earth and heaven, a spectacle to angels and to men. Cardinal die almost instantaneously, strug-gling very little, but Duquettes partly owing fault, snffered very severely and very long. The nose was too wide, and the wretheld cri-minal having unfortunatly given a spring back-immediately previous to the pulling of the bolt, his neck struck against the front of the scaffold, and the knot of the rope slipped up to his mouth. In this state be remained strug-ging violently for the space of two lew minutes, his mouth. In this state he remained strug-gling violently for the space of twelve minutes, when the hangman put another nonser round his neck, with a longer fall, affixed it to the beam, and cut the other rope, when Duquette dropped, and in a few minutes a period was jut to be senthly exoficing

to his earthly sufferings. Cardinal was a notary public at Chiteau-guay, and a member of the House of Assem-bly in the late Provincial Parliament. Du-quette was his clerk, and might have been fre-quently asked when and where Lepailleur and Ducharme are te be hanged, but all that we can say, is, that we understand their death warrants have been aigned by Sir John Col-borne, and that it is reported they will be hang-ed at Beauharnois.

By the Br. brig Victoria, Capt. Young, we have Bermuda papers to the 8th instant. The Bermudian, of that diste says, at The Brigate Hermoine, of 50 guns, Com. Bazoche, with a rew of five hundred and fifty, from Havang bound to Breast, ran on the rocks off the West end of these Islands on Monday evening last, and soon sunk. articles of rigging and some small stores have been saved. There is no end to "Awful Explosices" with American stamboards. We noticed a aw days ago the frightful loss of lives on ward the General Brown, and we have now to tell of another disaster on board the Augusta near Natcherz, accompanied with a still greater loss of life, some 30 or 40 persons having been el-ther killed or wounded by the bursting of her boiler.

Mer Annee at Woman of the ship Huron, who ar-rived at New York on the morning of the 17th instant, reports that on the 8th instant, when in latitude 40, 25, longitude 67, 22, he saw the steam packet Liverpool, from New York for liverpool, out two days, going at a fine rate.

The Montreal Courier of Monday last says : —We have nothing extraordinary from the Upper Province by the last mails. A concen-tration of the sympathisers at Detroit, prepa-ratory to a grand attack upon the Province, is rumoured; and the Cobourg Star of the 19th instant states in a postscript, that Sir G. Ar-thur was to leave Toronto that day for the West. The Detroit papers of the 10th say, that the Patrioi forces were dispersing, having abandoned the enterprise for the pre ent, but this may be only a ruse. The Montreal Courier of Monday last says

The Montreal Gazette of Saturday contains two Ordinances passed by the Special Council —one to indemnify persons who since the Ist November last, have acted in apprehending and imprisoning persons suspected of high trea-son, dc.; the other to declare that the Act 31 Charles II. is not, nor has ever been, in force in this Province. This latter Ordinance annuls all that has been decided and done by Judges Bedard and Panet in the late habeas cornus case.

The Montreal Hersile states that His De-cellency the Administrator of the Government has, on the application of the Board of Trade of that city, permitted the merchants to pay their honds for duties, in the notes of the tered Banks and of the People's Bank, on ition of their redeeming the same in specie e 1st of June next.

capt. Buchanan and Lieut. Bruce, of the Guebec Volunteers, arrived from Fredericton on Monday last. They state that the 11th Regiment was to leave for Quebec, on sleight, in divisions of two companies each, and that the first division was to set out on the 26th divisions. (this day.)

It is stated that Sir John Harvey has expressed his readiness, should occasion require, to come up himself, on the shortest notice, with two thousand of the militia of that Province.

Warrants had been received for the exects-tion of Sylvanus Swets and Joel Peeler, two other of the brigands, and they were to be hung on Saturday last.

A son of Lount who was executed in Upper Canada last year, it appears, holds the distir-guished post of "military sceretary" is the rebel service, and in that capacity has signed a proclamation, which we have inserted in another column. A son of Matthews who was executed with Lount, it is stated, has been committed to jail at Toronto, on a charge of the same. of treason.

Silas Wright, U. S. Senator.

Mackenzie, in a recent number of his Ga-Mackenzie, in a recent number of his Ga-ette, which ippears in mourning, announces his intention of leaving for the Niagara fron-tier. Theller was arrested at Detroit on the 5th inst. by the United States authorities, and has given bail to auswer the charges against him at the next term of the District Court,

He declares that he used his best endeavours to persuade them that it was an undertrking that could not be earpied through, owing to their want of numbers, dim-cipline, &c., and warned them that if taken with arms in Upper Canada, they would cer-tainly all be hanged. Johnson remains in jail at Albany, from whence his letter is dated.
